

Description Sacred Anatomy Energy Medicine Assessment

Percentage of Effectiveness of the Physical Aspect

The percentage of effectiveness of the physical aspect is demonstrated by taking the percentage of a combination of the bio layer and the HEMF. The point of taking it is to monitor the well being of the bio layer throughout the course of the session. If possible make sure to take the percentage before the client has taken any medications. But if they are on regular medications start where they are and look at what the percentage is normally.
