

# Karmic IER-

## **What?**

A Karmic IER is based in unresolved issues of a past life relationship that has carried over into this lifetime. The person it is with has a past life connection to the client and a current life relationship. The IER will have been acquired recently but because of the lack of Karmic resolution in the previous lifetime the Karmic IER is carrying the baggage and incompleteness of that past life as well as the desire to manipulate and the desire to force behavior in the current lifetime. It is essentially old bits of subtle energy caught and stored as Karmically informed memory in the Elimination System spokes of a wheel. Attachment remains and is still in force.

What makes this unusual is that the System cannot release the memory in the normal course of operations. The Karmic memory is hidden and can become a factor of serious or chronic disease.

## **Why?**

There is a past life memory that has created a scenario captured in the Karmic Insult. A Karmic Insult is the affect the past life event has had on the HES and the shape or form that it takes to store in the structure. There will be a manipulation that is sinister or based in some form of a power dynamic and that power struggle is continuing into the current life time.

To discover the scenario determine date and time of Karmic insult and determine how many people are involved and what their relationship is at that time and in the current life. Any insight you get to the story can be shared at this time. Understanding the manipulation is helpful and will be heavily echoed in the current situation.

There is always a component of naivete that is important to note and point out. An innocence prevails in the personality because there has been no growth in relationship to this kind of manipulative behavior. The person will still be able to be manipulated because they are blind to the behavior or because they are surrendering to a more aggressive or controlling personality. Even though they “know better” they may find themselves in a power dynamic that repeats the Karmic Insult anew.

## **How?**

Severing the Karmic connections with the Sword of Archangel Michael and then make empowerment statements to reboot the awareness and behavior. Understanding the style and theme of the manipulation can be drawn from the current lifetime. But the revelation that this is ancient and already established in the subtle psyche as a behavioral orientation gives the client a leg up. It is a way to change enabling a rewrite of a subconscious behavioral patterns that have been causing them to be unhappy. Releasing this long standing holding can be liberating and create space for a more joyous life.

## **Karmic IER-**

1. Apply the Edge Practice, ask permission and determine need.
2. The IER Hub Weight will register as 6. This types of IERs are a little heavier because of the Karmic weight. Normally the Hub Weight is 5.

3. Briefly discuss the current IER and if possible name what manipulation is underway. This may not be possible. If that's the case- just move on. Make note of any emotions you are witnessing.
4. Determine the date and time of the Karmic Insult.
5. The number of people in the Karmic IER is always 2. The client and the person they have the IER with. Determine the identity of the other person.
6. Dowse the relationship in the past life. It may mimic this life in some way.  
They are:
  - a. A work colleague
  - b. A family member
  - c. A friend
  - d. A group, tribe, band, or clan member
7. Flesh out the manipulation. How is it occurring now? How did it occur then? Th is doesn't have to be more than a rough approximation of the manipulation. It is the flavor of it that is important.
8. Expand awareness by determining emotional content. What emotions are they currently experiencing? Dowse the Word List to determine any unspoken or hidden emotions. Bring up emotions expressed throughout the piece.
9. Look for the naïve behavior. Ask the client to share where they feel they retain innocence. This will be something like: *"I always let my friend pick where we are going and what we are doing. She is always in charge. Her ideas are better than mine and I just am more comfortable with her in the lead."*

10. Ask Archangel Michael if you can borrow his sword. Sever the ties that bind to this Karma and to that old lifetime: at the front, to the left, to the right, behind, below, above. In a figure 8 all around the HES. Return his sword with thanks.
11. Make the statement: *"I am no longer naïve or manipulatable. You no longer control me. This is an Inappropriate Energy Relationship. Go back to your own structure. There is no longer blame or Karma. I release you, I release myself from this Karmic connection. Get out now."*
12. Lift the Karmic weight off of the structure- gather it up and condense it first- then with the client's help lift it up and off. Dissipate it into the universal with a clap and instruct the client to make the forceful statement out loud: *"Be gone!"*
13. Check to determine the Karmic IER is 100% gone. If not, repeat the release statement in #11 until it is gone.
14. Fill the HES with *ULL*
15. Check for Imbalances and bring in what is needed . *Harmonizing the BOL* at the end of Correcting Imbalances.
16. *Harmonizing the Elimination System, Harmonizing the Layers, Harmonizing the HEMF*
17. *IBWSIB*
