Building the Sticky Box

1. Surround your edge with *Haz Mat Gear* from the mind and heart of Divine Source. Make sure to coat your hands heavily and if you like to work with them make *Haz Mat* gloves.
2. EXCEPT for the person with the possession put Haz Mat on living things where you are and where the client is if working long distance. This includes animals and people in the next room. You do not need their permission to do this as it is meant to protect them from something you are doing that could harm them.
3. QUICKLY, and with no explanation build intentional containment boxes around the client out of the same golden light but lined with an *Astral* trapping sticky substance at the interior. This substance will trap the *Astral* and not allow it to escape. Now tell the client what you have done. It is a little sneaky but this way you have trapped the entity and they cannot escape this style of box. I am careful about even mentioning the words: *Astral Attachment* or *Astral Entity* out loud without containment boxes in place.
4. Follow this removal box with another one we might call the rebuilding box exactly like it right outside of it. Make sure to place another one inside of the walls of the room you are in (if on the phone, the room they are in) and occasionally, to be extra careful, on the outside of the building you are in even if you are on the phone. Do this especially if you are near a police station, a prison or a bar- anywhere violent action might occur. If you are unsure- err on the side of caution.
5. Do the removal process as instructed for the specific type of *Astral Possession*.
6. Dispose of the boxes from the inside to the outside. Condense the innermost

removal box and hand it to Archangel Michael. He will always come. He is the specialist. Hold on to the removal box until you feel him take it from you.

7. Remove the successive boxes including the rebuilding box that is used to make the *Astral Shield*.

8. Remove *Haz Mat Gear* from all living things and finally yourself and place into the last box.

Give the gear to Michael. Wait for him to remove it.

Be patient and ALWAYS thank Archangel Michael for his assistance.

Occasionally, if you have an *Astral Deity* you will need to bring in energies from the land or affected culture to help you.

9. Always dowse to see if you have Imbalances after *Astral* removal.

It is not necessary to do the ending protocol after removing Haz Mat or placing an Astral Shield.
