

## Building the Ultra Sticky Box

- 1) Surround your edge with Advanced Haz Mat Gear
  - From the mind and heart of Divine Source.
  - Make sure to coat your hands heavily.
  - If you work with them doing removals especially, wear Advanced Haz Mat gloves.
- 2) Surround any other living creature in the immediate vicinity with Advanced Haz Mat Gear EXCEPT for the person or place with the possession.
  - This includes animals and people in the next room.
  - You do not need their permission to do this as it is meant to protect them from something you are doing.
  - Seal any or all food and drink. This is incredibly important. Certain astrals will dive into food or drink and then enter the body using the food or drink as a vehicle.
- 3) QUICKLY, and with no explanation build a containment box around the client out of the same golden light as regular Haz Mat but include the blue haze at the outer edge of the box that Advanced Haz Mat has.
  - Also, the Ultra Box is lined with a black tarry substance on the interior. This substance will trap a more aggressive entity and not allow it to escape.
  - Then tell the client what you have done. This way you have trapped the entity. They cannot escape this style of box.
  - I am careful about even mentioning anything out loud without a containment box in place.
  - Follow this box with another one exactly like it right outside of it.
  - Then place one inside of the walls of the room you are in (if on the phone, the room they are in) and occasionally, to be extra careful, on the outside of the building you are in.
- 4) Do the removal process for the specific type of astral possession.
- 5) Dispose of the boxes from the inside to the outside.

## SAEM Practitioner Training Level II

- Condense the innermost box and hand it to Archangel Michael. He will always come. He is the specialist.
  - Ask for Archangel Raphael to help him with especially heavy loads. You can also call on other personal helpers and friends.
- 6) Remove the successive boxes.
- 7) Remove all Haz Mat gear from all living things and finally yourself.
- Give the Gear to Michael and Raphael, as well.
  - Wait for them to remove it.
  - ALWAYS thank the Archangels for any assistance.
- 8) Follow standard protocol and always dowse to see if you have Imbalances.
