Quick Start Guide

First-Time Pairing

Scan the QR code to download and open the Timekettle app.

Follow the in-app instructions to complete device connection.

AI Translation

Open the Timekettle app and select a translation mode to get started.

Face to Face
Place your phone between both parties for real-time two-way translation.

Live Listening
Foreign speech around you is translated and played through your earbuds instantly.

Voice Call Translation
Translates both sides of a call live. The other party needs no app.

Media Translation
Play foreign videos or meeting audio and hear the translation through your earbuds.

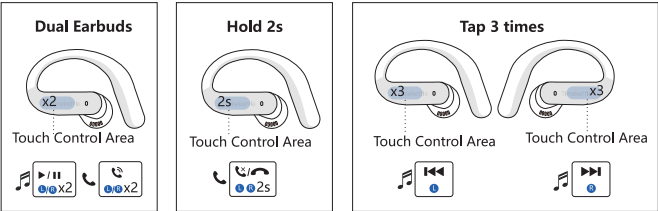

Learn more about your LiveTalk — all-scenario AI translation functions, adjust EQ settings, activate dual-device pairing mode, customize touch controls, update the firmware, and explore more features.

Touch Controls

Use the Timekettle app to activate, disable, or customize controls for volume adjustment and voice assistants.

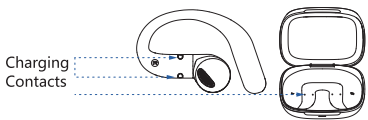

How to Wear

Wearing Steps:
1. Hold the earbud and align it with your ear.
2. Insert the ear tip into your ear canal, then hook the earhook over the top of your ear.
3. Rotate and adjust the earhook until the earphone fits snugly and securely on your ear.

How to Clean

After each use, wipe the earbuds with a soft, dry cloth and clean the charging contacts with a cotton swab to prevent charging and power-off issues caused by sweat accumulation.
