

The Aga Khan Academy Hyderabad  
An International Baccalaureate (IB) World School

# ACADEMY **PROFILE**

Since March 2020, teachers and students have been working and learning online, as many schools in India have remained closed. The Academy has adapted and students have continued to learn in a supportive and engaging environment. Please note that the 2022 graduating class completed their entire DPI year online and have remained so until publication of this profile in October 2021.

Student predicted grades have been generated using their data from performance in exams taken in DPI, summative assessments within the curriculum, and Internal Assessment predictions. The grades have been validated through comparison with CEM projections. The predicted grades given on transcripts are therefore based on work submitted by the students throughout the year through ongoing assessments and examinations. To maintain rigorous assessment students will complete examinations in November 2021 and a mock examination in February 2022.

The Academy is anticipating a gradual return to some face to face teaching in November 2021, and if current conditions are maintained, a more extensive reopening will take place in January 2022. If conditions allow, we anticipate students will sit for the IB examinations in May 2022.

## Overview

The Aga Khan Academy Hyderabad is a secular, co-educational, day and boarding school for students in Grades 1–12, with residential life beginning from Grade 7. The Academies are part of the Aga Khan Development Network.

The aim of the Aga Khan Academies is to influence progress in the developing world by educating students to become homegrown leaders who can effect positive change in their societies. The Aga Khan Academy Hyderabad works towards this vision by providing world-class education for exceptional students irrespective of their social or economic background or ability to pay.

## Curriculum

The Aga Khan Academy Hyderabad is a triple programme IB World School, offering the Primary Years, Middle Years and Diploma Programmes. The Academy's programme additionally emphasises five cross-curricular areas of study: Ethics, Pluralism, Cultures, Governance and Civil Society, and Economics for Development. These themes provide a framework for developing students as global citizens and ethical, pluralistic leaders.

## Graduation requirements:

- 6 subjects: 3 at the Higher Level (HL) and 3 at the Standard Level (SL)
- Theory of Knowledge course
- 4,000-word Extended Essay on a student-chosen topic
- Creativity, Activity, Service (CAS): Extensive participation in community-based service projects

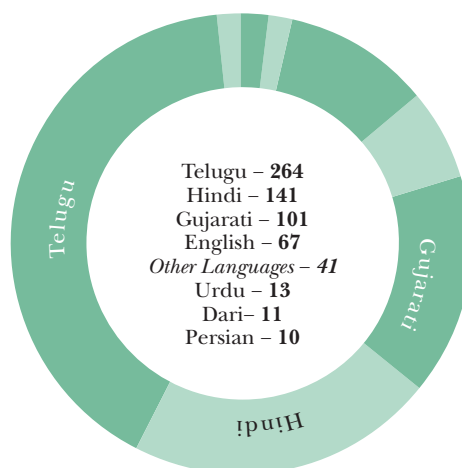

## Unique service internships

The Academy's summer internship programme is a unique, service-based learning initiative that supplements the CAS (Creativity, Activity, Service) portfolio of the IB Diploma Programme. Students spend an intensive month in urban and rural areas across India, working with non-profit organisations focusing on education, rural development, women's empowerment, child health, disaster awareness, youth training, agriculture and nutrition.
