

# DDGS PLUS

## Product Specification Sheet

DDGS Plus is a product made up of Dried Distillers Grain, Wheat Bran, Grains and by-products.

DDGS Plus retains the great qualities of DDGS – highly palatable, high digestibility, a great source of energy and protein, but now with broader carbohydrate profile with the addition of sugar as well as increases to starch and digestible fibre.

### TYPICAL NUTRITIONAL ANALYSIS (DDGS PLUS)

Dry Matter	89.2%
Crude protein	25.9%
Energy (ME)	12.6 MJ/KG DM
Crude fat	9%
NDF	33.4%
SSS	12.41%

### FEEDING RECOMMENDATION

It is recommended up to a maximum of 20% (of total ration) be fed on a dry matter basis. DDGS Plus can be mixed with silage in the paddock or on the feed pad. Consult your nutritionist or farm consultant to determine the optimal inclusion level for your particular situation.

### STORAGE

Store in bulk bins or place on cement slabs away from vermin and protected from the weather. Generally, DDGS Plus will contain average to low moisture levels. When properly stored, the quality of DDGS Plus will be maintained.

### DISTRIBUTOR

Agrifeeds®, PO Box 627, Hamilton 3240,  
Level 1, 18 Rostrevor Street, Hamilton 3204

\*NDF = Neutral Detergent Fibre, as % of concentrate diet.

## DECLARATION

Agrifeeds™ makes the following declarations in respect of the animal feed described in this specification sheet. Each of the declarations is given on the basis of Agrifeeds™ knowledge at the time of issue of this specification sheet and in reliance that third parties, who supply ingredients and provide mixing/manufacturing services to create the feed, have complied with Agrifeeds™ animal feed safety requirements.

- Does not contain ruminant protein and is suitable for feeding to lactating dairy animals.
- Has been processed in a plant dedicated to the production of plant based products only.
- Has been inspected after processing in accordance with appropriate official procedures, and found free from contamination by any unprocessed plant material, vermin, birds, fecal material/ other animal products.
- Consignments are imported in accordance with the Ministry for Primary Industries (MPI) standard for the Importation of Processed Animal Feeds of Plant Origins.
- The product in this product specification sheet meets all requirements under NZCP1 Code of Practice.
- Agrifeeds™ have one up traceability with the product named in this product specification sheet.

## THIS PRODUCT DISCLAIMER RELATING TO USE MUST BE READ AND UNDERSTOOD

Whilst this product meets the quality standard for an animal feed supplement marketed in New Zealand, the farming environment in which this product is used and how this product is used is beyond the control of Agrifeeds™. The use and application of this product requires a proper level of skill and understanding of good farming practices for the feeding and care of dairy animals.

It is a condition of sale that the purchaser of this product is solely responsible either directly or by way of supervision for its proper, skilled and informed use or application in the farming environment.

Agrifeeds™ and its sales agents are neither responsible nor liable for the improper or inexperienced or uninformed use or application of this product and disclaim all and any liability to the fullest extent at law for any direct or indirect, special, or consequential loss, damage, or any other claim or liability of whatsoever nature including but not limited to results obtained, animal impairment, injury or death arising out of or flowing from such improper or inexperienced or uninformed use or application of this product in the farming environment.

All statutory, regulatory and common law warranties, guarantees, duties and any other obligations of whatsoever type or nature inconsistent with the above including but not limited to those under the Sale of Goods Act and the Consumer Guarantees Act are to the necessary and fullest extent excluded.
