

*Balanced flavours*

To convey the message of an all inclusive approach to olive oil “**Olon**” has drawn its name from the Ancient Greek language, meaning “**whole**”.

MELAS- Asklepion Olive Oil Industry has selected orchards lying in **mountainous and semi mountainous areas** of the Peloponnese in order to produce by “**cold extraction**” this admirable olive oil.

Harmonious blending of aromas, captured from they varieties of “Manaki”, “Koroneiki” and “Athinolia”.

Its colour characteristically golden-green, accompanied by soft notes of olive fruit and **balanced flavours** that add this unquestionable little something to every Greek or Mediterranean dish.

EXTRA VIRGIN OLIVE OIL “OLON”

|                                           |          |                                  |                          |                                                           |                                                                   |                            |                                                                      |
