

# Installation Guide - LINEA 4in1 Shower Set

## Preparation before installation

- Make sure you have all parts of the LINEA set.
- Check if the water connection is standard 1/2 inch.
- Recommended water pressure: 0.2 - 0.6 MPa.
- Make sure the installation area is clean and dry.

## Step by step installation

1. Mark the place for brackets on the wall, adjust spacing to 13.5 cm - 16.5 cm.
2. Drill holes, install plugs and screws provided.
3. Mount the shower system body and check stability.
4. Connect water supply hoses.
5. Install the rain shower head on the adjustable arm.
6. Connect the handheld shower and pressure gun.
7. Adjust the height of the whole set.
8. Turn on the water and check all connections for leaks.

## Safety and usage tips

- Do not use harsh chemicals to clean the set.
- Clean silicone nozzles regularly with a soft cloth.
- The LED display works only under water flow.
- Always check water temperature before bathing.
