Get total control of your TV's position: wherever you are in the room, you will have a great view of the action. Ideal if you want to move your screen around, or to place your TV in a media wall or in a corner. Rotate the screen left or right (-/+90°) and tilt it up or down (-5/+15°) to get the perfect viewing angle and reduce glare. Extend the TV outwards for easy access to cables, or push it back neatly against the wall. Once installed, no tools are needed to change the position or angle of the TV. The mount is fitted in two sections - one to the TV, one to the wall. Simply lift and slide the TV onto the wall mount and then tighten the safety locking screw to secure it. NEO cushioned pads protect the TV from scratches and provide insulation for improved audio. Compatible with VESA sizes 75x75 - 200x200mm.
