

ForMeds Bicaps Mag B6 Product Information

ForMeds Bicaps Mag B6 is a high-quality dietary supplement containing magnesium in the form of magnesium citrate and vitamin B6 in its active form, pyridoxal-5-phosphate (P-5-P). The product is designed to support the nervous system, reduce fatigue, and maintain normal muscle function.

Key Features and Benefits:

- Provides 187.5 mg of magnesium per daily dose, contributing to the reduction of tiredness and fatigue.
- Vitamin B6 supports normal energy metabolism and the proper functioning of the nervous system.
- Magnesium and vitamin B6 work synergistically to promote muscle function and nervous system health.
- Vegan and vegetarian-friendly capsules made from pullulan derived through a natural fermentation process.
- Free from artificial fillers, anti-caking agents, and colorants.
- Packaged in eco-friendly, plant-based materials.

Composition:

- Magnesium (magnesium citrate): 1500 mg, providing 187.5 mg of elemental magnesium (50% NRV).
- Vitamin B6 (pyridoxal-5-phosphate): 1.4 mg (100% NRV).
- Capsule shell: Pullulan.

NRV: Nutrient Reference Value.

Dosage and Usage:

Take 2 capsules once daily during a meal. Do not exceed the recommended daily dose.

Storage and Precautions:

- Store in a cool, dry place away from direct sunlight and out of reach of children.
- This product is not intended for use by pregnant or breastfeeding women without prior consultation with a healthcare professional.
- Do not use if you are allergic to any of the ingredients.
- Individuals prone to kidney stones or with kidney disease should consult a doctor before use.
