Bikes for Life.

The Haibike ALLTRACK 11 is the perfect eHardtail for sporty rides! The extremely powerful Bosch Performance CX Smart System motor with 85 Nm of torque gives you an extra boost on steep climbs. When the terrain gets rougher, the FOX 34 Rhythm FLOAT suspension fork with its 120 mm travel ensures comfort and control over your eBike. Thanks to the Modular Rail System, you can attach extra accessories such as a water bottle, lock or frame bag quickly and easily. High-quality shifting and braking components from Shimano round out the package, so you are well equipped for long tours and can fully concentrate on the riding fun. The ALLTRACK 11 is available in frame size S with 27.5" and frame sizes M to XL with 29" wheels.
