POSAC-C7C8BK20series

AC Power Cable

	ıeı		

POSAC-C7C8BK20	AC Power Cable with C8 plug & C7 plug, 2.0m long
----------------	--

mechanical specification	
connector type (output)	IEC-C7
connector type (input)	IEC-C8
length	2000mm
core area	2x0.75mm²
wire construction	pure copper core, flexible, multiwire conductors
insulation material	PVC
inner conductor	Cu
external dimensions of the cable	5.3mm x 3.4mm
color of the cores	black

electrical specification	
nominal voltage	0 - 300VAC
rated current	2.5A
Insulation resistance	>100MΩ @ 500VAC
Insulation thickness	0.5mm / 0.6mm
Wire resistance	max 0.068Ω/m
Working Temperature	-40°C ÷ 70°C
safety	
RoHS	RoHS 2015/863
LVD	LVD 2014/35/UE
