

## LIPOCAPS Glutathione - ForMeds

### Product Overview:

LIPOCAPS Glutathione is a dietary supplement offering high bioavailability thanks to its liposomal form.

Encased in acid-resistant delayed-release capsules, it ensures that the glutathione is delivered efficiently

to the intestines without degradation in the stomach. The formula, developed in collaboration with the Warsaw

Medical University, is designed to support immunity and detoxification processes.

### Key Benefits:

- Liposomal form for enhanced absorption and minimal loss.
- Acid-resistant delayed-release capsules protect the active ingredients for up to 4 hours.
- Free from artificial additives, preservatives, alcohol, and sweeteners.
- Requires no refrigeration.
- Suitable for a wide audience: adults, athletes, seniors, and individuals seeking immune or detox support.

### Composition (per 3 capsules):

- Glutathione: 300 mg
- Inulin: Support ingredient
- Phospholipids (from sunflower lecithin)

### Recommended Use:

Take 3 capsules once daily with a meal. Each package contains 90 capsules, providing 30 servings.

#### Storage Instructions:

Store in a cool, dry, and dark place, away from the reach of children.

#### Cautions:

- Do not exceed the recommended daily dose.
- Consult a healthcare professional if you are pregnant, breastfeeding, or have any pre-existing conditions.
- Not a substitute for a balanced diet or healthy lifestyle.

#### Manufacturer Information:

ForMeds Sp. z o.o.

Committed to delivering natural, effective, and safe dietary supplements. All products are produced under strict

HACCP protocols and tested by independent laboratories for quality assurance. ForMeds sources only the highest

quality ingredients from trusted European suppliers.

#### About Glutathione:

Glutathione is a potent antioxidant naturally present in every cell of the human body. It plays a critical role

in detoxification, immune support, and protection against oxidative stress. The liposomal form used in

LIPOCAPS enhances its absorption, making it highly effective.
