## Female and male cable coupler MC4

### As individual part with open crimp contact (including insulating part)

Female cable coupler PV-KBT4...

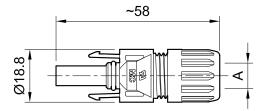

Male cable coupler PV-KST4...

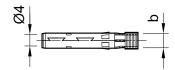

- In accordance with NEC 2023, requires a tool to open.
- Proven MULTILAM technology with high long-term stability, which ensures consistently low performance loss throughout the entire service life of the plug connector.
- Approved for DC 1000 V (IEC) and DC 1500 V (UL).
- · Tried and tested plug connectors, over 25 years of experience in the field.
- · Available for assembly with cross-sections up to 10 mm<sup>2</sup>.

- · Also available as ready made leads according to customer's specification.
- To be used with suitable mated connectors from the MC4 product family and suitable lead.

### Note:

For more detailed information concerning the suitable cable gland range, please consult corresponding assembly instructions (see "Further information").

#### Note:

Unmated connectors must be protected from any contamination using Stäubli sealing caps. For ordering information concerning Stäubli sealing caps, please consult corresponding catalog (see "Further information").

Male cable coupler PV-KST4...

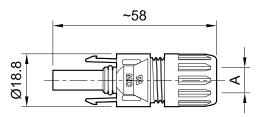

Reel with contacts

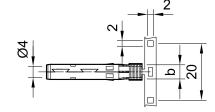

- In accordance with NEC 2023, requires a tool to open.
- Proven MULTILAM technology with high long-term stability, which ensures consistently low performance loss throughout the entire service life of the plug connector.
- Approved for DC 1000 V (IEC) and DC 1500 V (UL).
- Tried and tested plug connectors, over 25 years of experience in the field.
- Available for assembly with cross-sections up to 10 mm<sup>2</sup>.
- To be used with suitable mated connectors from the MC4 product family and suitable lead.
- Also available as ready made leads according to customer's specification.

### Note:

For more detailed information concerning the suitable cable gland range, please consult corresponding assembly instructions (see "Further information").

#### Note:

Unmated connectors must be protected from any contamination using Stäubli sealing caps. For ordering information concerning Stäubli sealing caps, please consult corresponding catalog (see "Further information").

## Female and male panel receptacle MC4

### As individual part (including insulating part)

Female panel receptacle PV-ADBP4-S2...

- MC4 panel-receptacle connectors are the interface between an inverter or junction box or junction and a branch cable.
- · Mounting directly by means of screw thread or in perforated plate with plastic nut (included in delivery).
- Rapid, precise plugging.

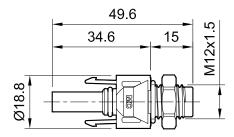

- Protection class (IP65 and IP68) guarantees a high level of tightness.
- To be used with suitable mated connectors from the MC4 product family and suitable lead.
- Includes sealing element for enclosure.

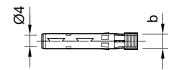

Male panel receptacle PV-ADSP4-S2...
