

POSAC-C7-10A/US30 series

AC Power Cable

model

POSAC-C7-10A/US30

AC Power Cable with NEMA1-15P plug & C7 plug, 3.0m long

mechanical specification

connector type (output) IEC-C7

connector type (input) NEMA1-15P

length 3000mm

core area NISPT-1 18AWG

wire construction pure copper core, flexible, multiwire conductors

insulation material PVC

inner conductor Cu

external dimensions of the cable 5.3mm x 3.4mm

color of the cores black

electrical specification

nominal voltage 0 - 300VAC

rated current 2.5A

Insulation resistance >100MΩ @ 500VAC

Insulation thickness 0.5mm / 0.6mm

Wire resistance max 0.068Ω/m

Working Temperature -40°C ÷ 70°C

safety

RoHS RoHS 2015/863

LVD LVD 2014/35/UE

POSAC-C7-10A/US30 series
