This diagram shows an exploded perspective view of a modular shelving unit. The unit consists of a main cabinet frame with two vertical side panels and a top panel. Inside the cabinet, there are two horizontal shelves (8) and two vertical dividers (9). The shelves are supported by a series of horizontal bars (10) that are attached to the side panels. The shelves are shown in an exploded state, indicating they can be inserted into the frame. The dividers are also shown in an exploded state, indicating they can be inserted into the frame to create compartments. The unit is designed to be modular and adjustable.
