

Knight H1

texture of material:EPP

Board packaging size:191*67*30CM

Board weight:22 KG

Load capacity:0~120KG

Battery fixing method:

Integrated compartment cover battery
(replaceable)

Peak power:12KW

Sailing speed:48-52KM/H

Battery capacity (fully charged):4.4KWH

Battery life:800 times

Board size: 1780 * 600 * 150 MM

Battery packaging size: 42 * 29 * 12 CM

Battery weight: 22.5KG

Cooling method: Water cooling

Number of tail fins: 3

Battery voltage: 48V

Battery life: 55-100MIN

Charger specification: 110V 220V

Battery material: ternary lithium battery
