User manual
Thank you very much for choosing our company's APP controller,and this product adopts the current emerging APP technology and toμ manufacturing process, which is developed integrating years of R&D experience. The product can support mobile APP to perform local . For proper installation and usage of the product, please read this instruction carefully.
I Product Advantage

1. Use mobile APP control, infrared remote control, key control;
2. It can be controlled by LAN.
3. Timing management, can set up multiple groups of timing, single, daily, working day,Weekend, etc.
4. Support group synchronization control, which can synchronize multiple local lights.
5. Lighting brightness and dynamic mode can be adjusted.
6. System compatibility: Android 4.0 or above, IOS 8.0 or above.

II Product Parameters

Working Voltage: DC5-12V
Current: 2A x 3CH
Load power: 5V/30W;12V/72W
Product size: L70 xW30 xH15mm
Working environment: indoor
Working temperature: - 10 C - 45 C (140 F - 113 F)
Humidity: <80% RH

III Product Dimension

IIII Inventory

1 x Controller   1 x 20keys Remote   1 x Gum
