NEW PRODUCTS: AQUA CONNECT

FLUIDRA

AQUA CONNECT

WATER MONITORING

- **4-in-1 sensor** for salt and fresh water-based pools
- Monitors key water parameters: **temperature, pH, ORP and salinity**
- Specially designed with an **on-pipe** form factor for seamless integration onto 50mm & 63mm PVC pipes, optimizing sensor placement for accurate readings

EXPERT RECOMMENDATIONS

- Real-time updates and alerts on water quality through the **Fluidra Pool App** (48 automatic updates per day)
- Receive personalized notifications from experts to maintain perfectly balanced pool water
- LED water status indicator to quickly check the water quality

USER FRIENDLY DESIGN

- Direct power supply ensures continuous operation, eliminating the need for battery recharge
- Includes a translucent part with a winterizing cap for effortless maintenance.

SEAMLESS CONNECTIVITY

- Wi-Fi and Bluetooth connectivity

FLUIDRA POOL APP

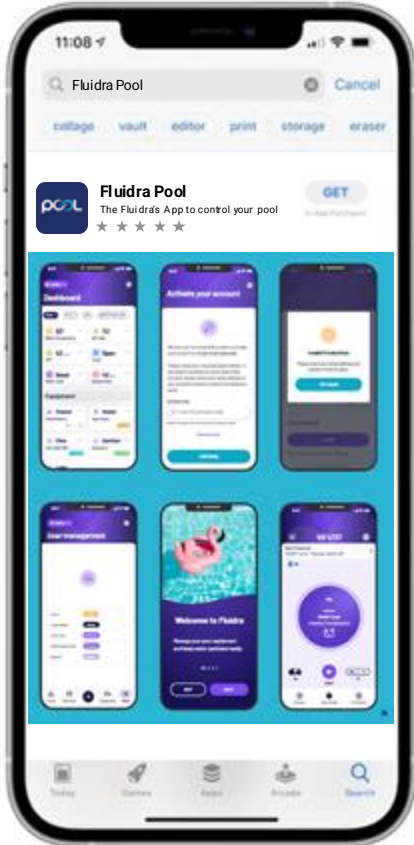

FLUIDRA POOL

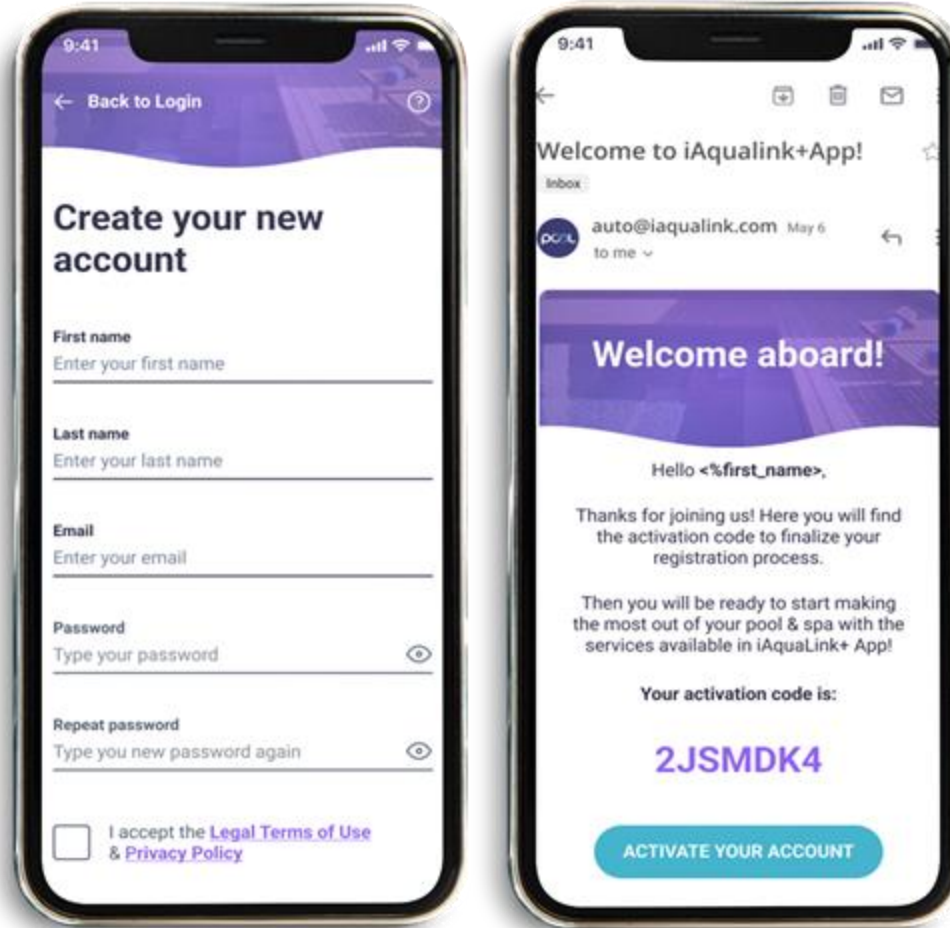

FLUIDRA POOL

Download the mobile App

FLUIDRA POOL

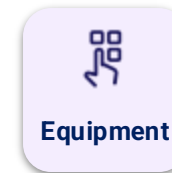

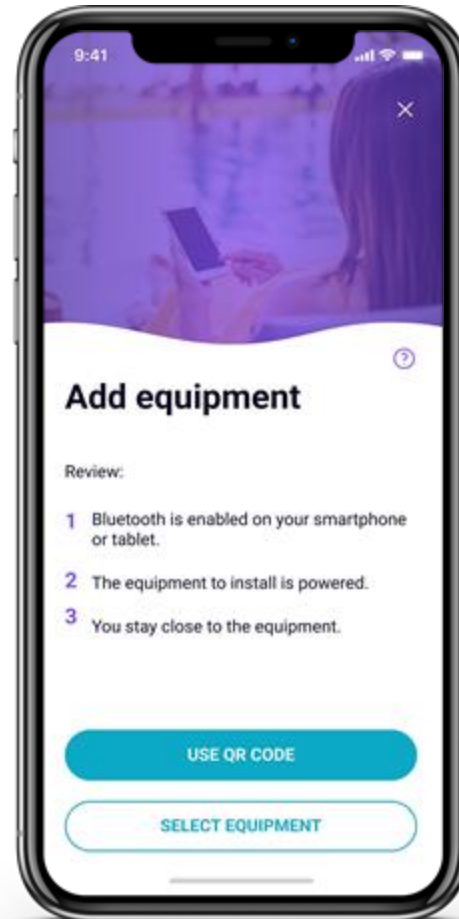

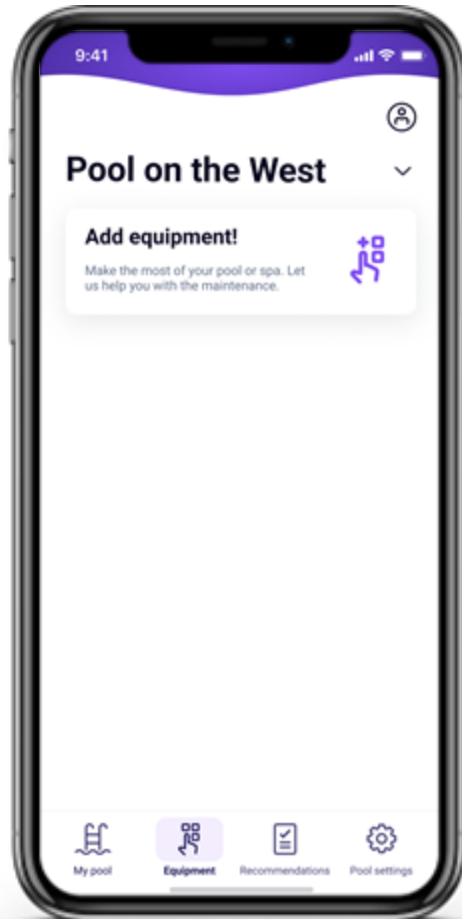

Create an account

Account creation with basic information
Login with email and password.

FLUIDRA POOL

Add equipment

- **Add** compatible connected equipment
- Two ways to **pair your device**:
 - QR CODE on the device
 - SELECT EQUIPMENT in the list (as backup method)

FLUIDRA POOL

Pairing process through QR CODE

1

Installation as usual

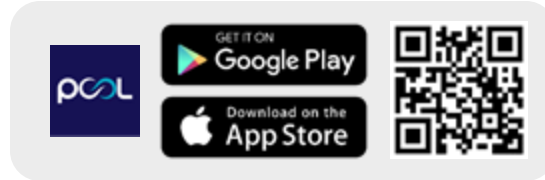

No change in Pool Pro habits to wire equipment

2

Pairing with Fluidra Pool

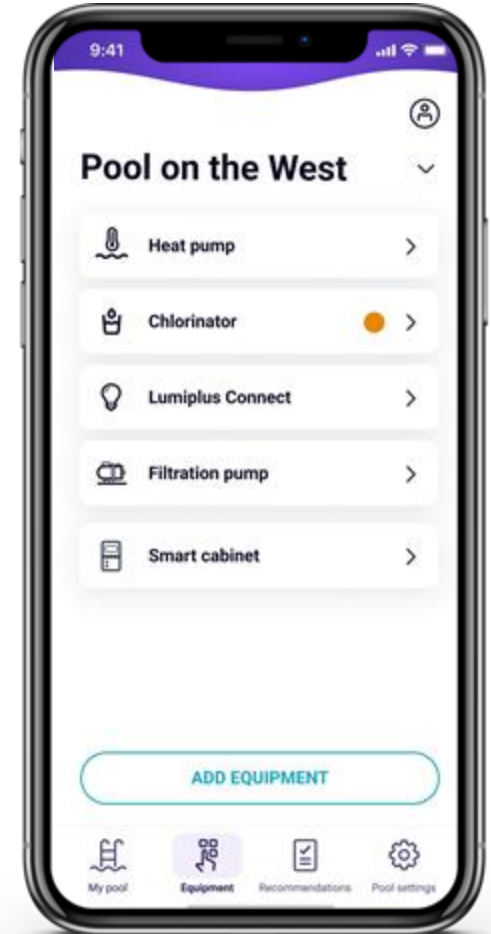

Once Fluidra Pool account is created, simply scan QR code and follow steps

3

Enjoy Fluidra Pool experience

"Equipment" dashboard overview, showing all the devices connected to your pool. If you go into each one you can check settings, and information of the device anytime & anywhere

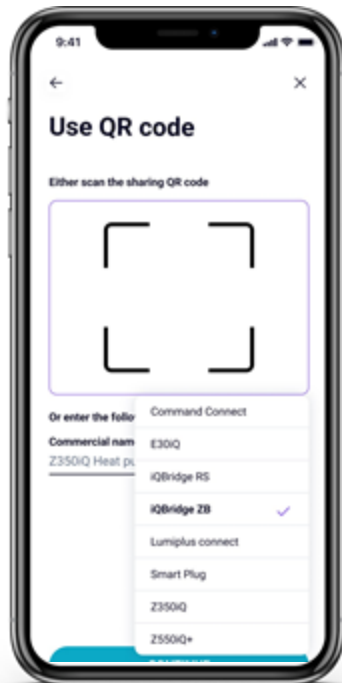

FLUIDRA POOL

Pairing process through device selection

1

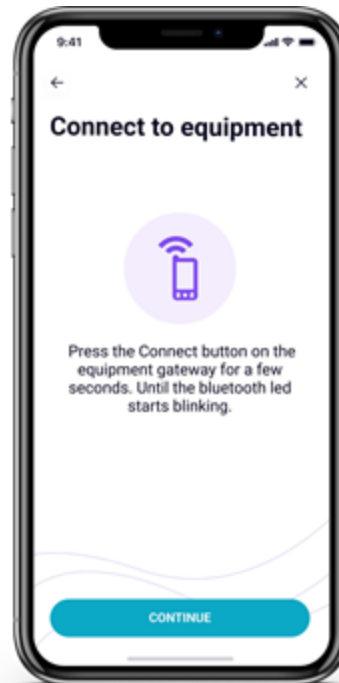

Select device from the list

2

Pairing with Fluidra Pool

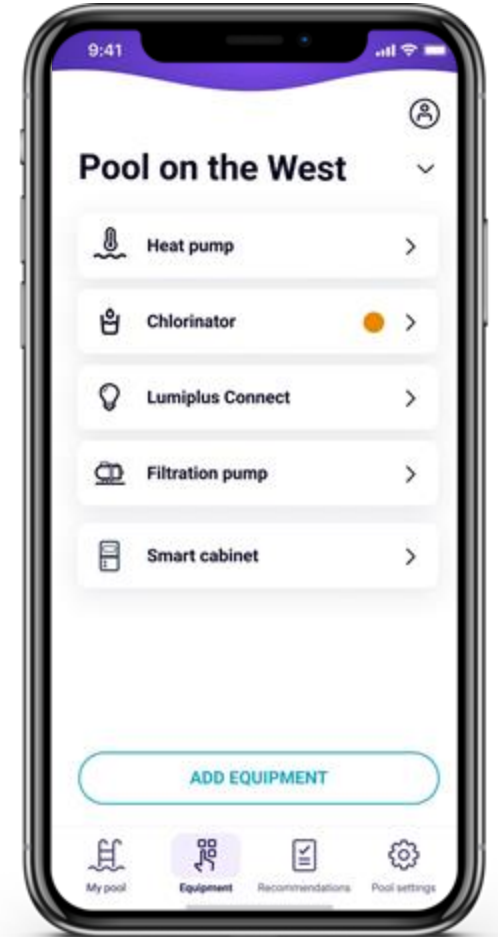

Be sure your Bluetooth is active and follow steps.

3

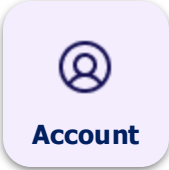

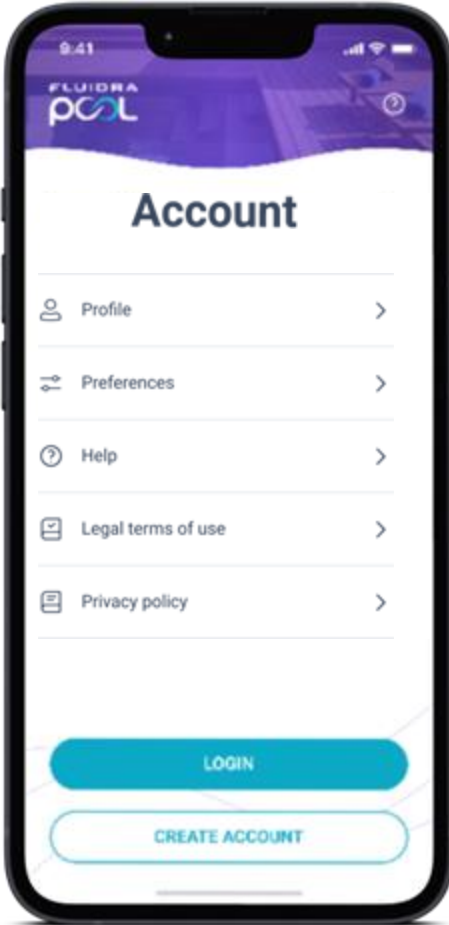

Enjoy Fluidra Pool experience

"Equipment" dashboard overview, showing all the devices connected to your pool. If you go into each one you can check settings, and information of the device anytime & anywhere.

FLUIDRA POOL

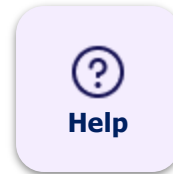

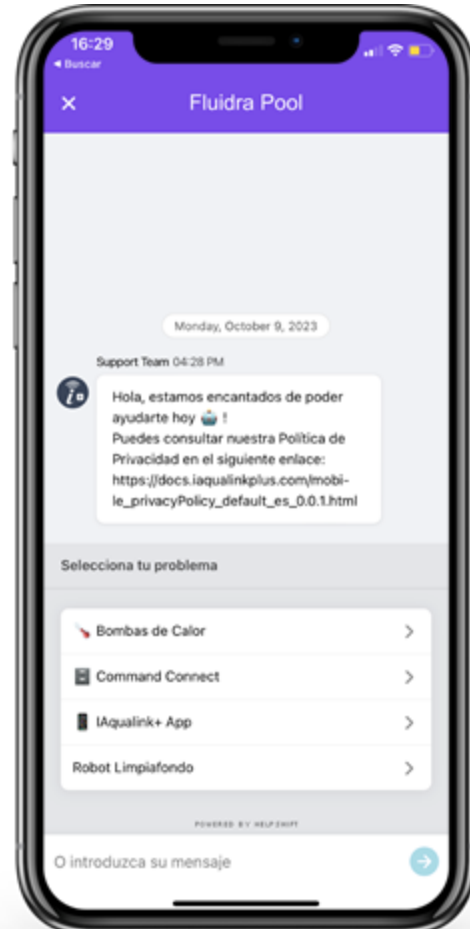

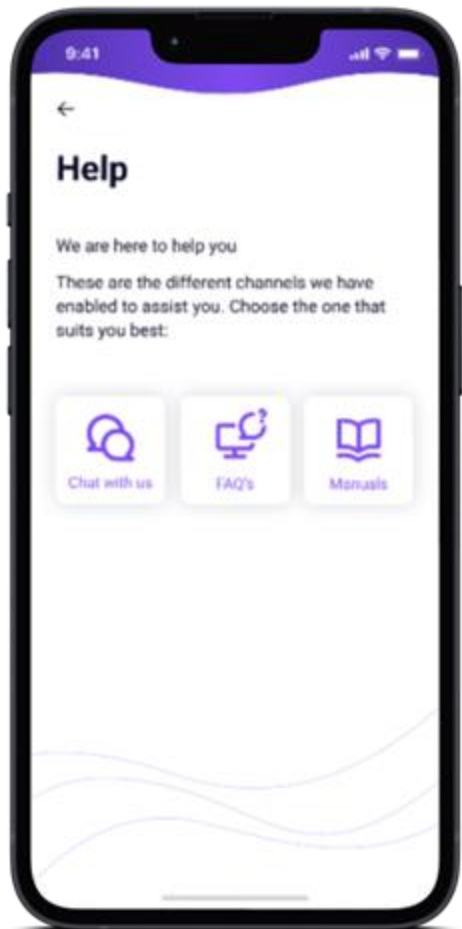

Account

- **Set your personal information** in Profile & Preferences.
- **Help section** to get support (see next slide).
- **Legal information** of the app.

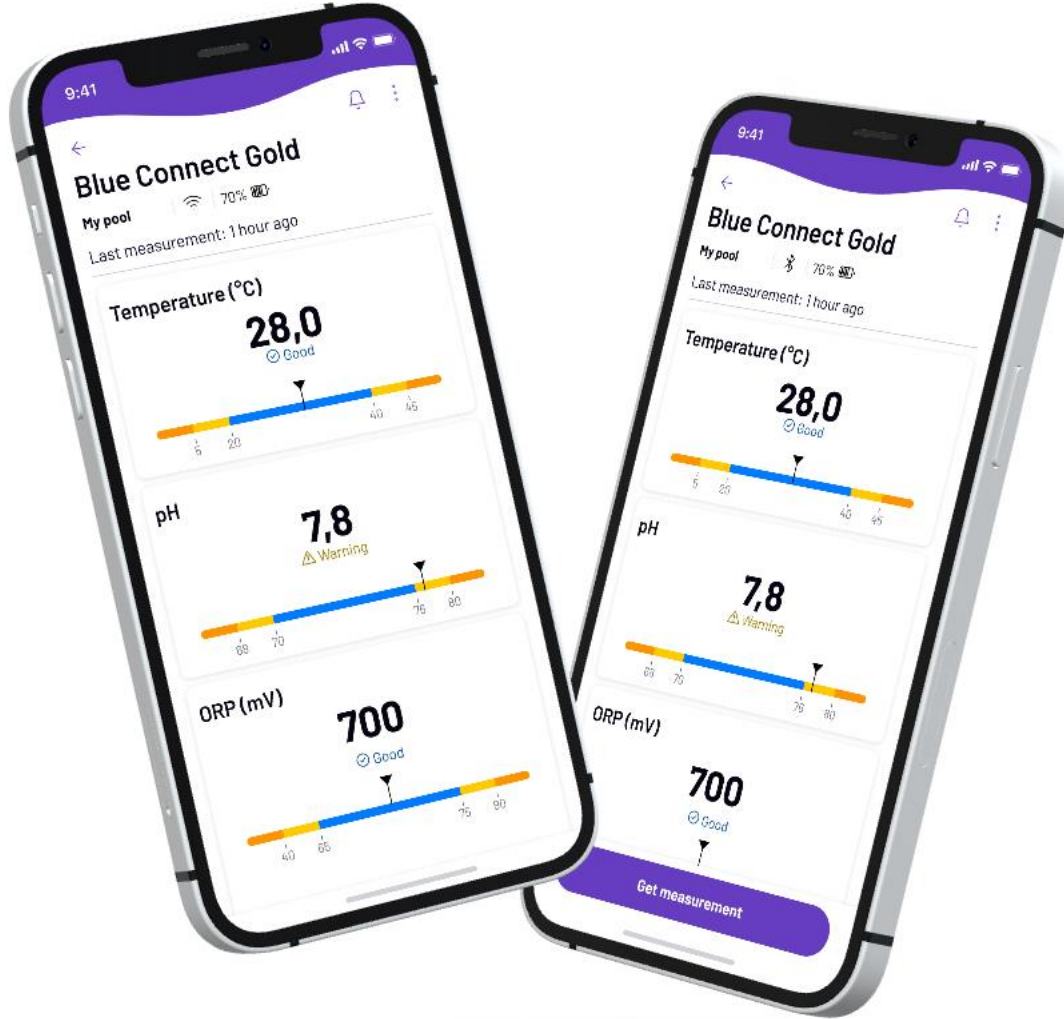

FLUIDRA POOL

Help

- **Chat with us** through a chatbot (level 1) or an agent (level 2).
- **FAQs** you will find information about the most common doubts.
- **Consult & Download Manuals** of the different connected devices.

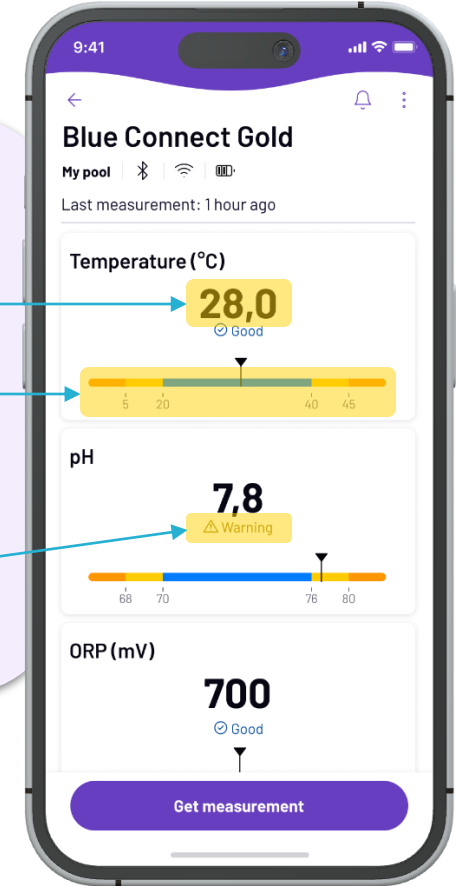

FLUIDRA POOL

Measurements

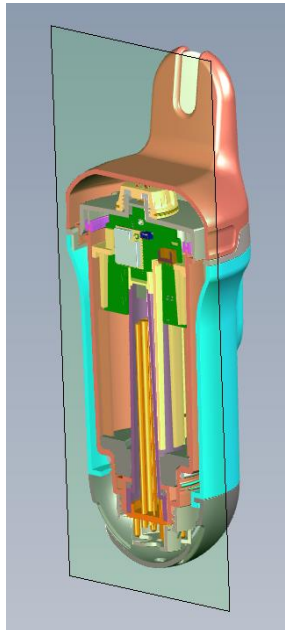

New, more user-friendly design

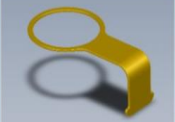

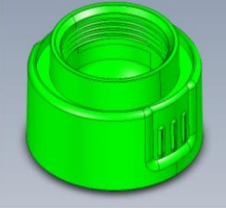

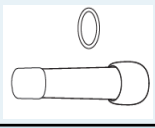

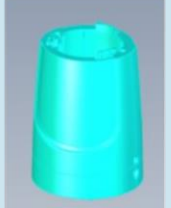

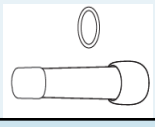

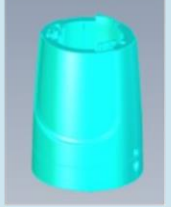

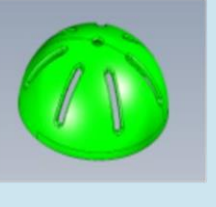

- Improved visualization of parameters values, with results displayed in a larger size
- Greater control over the status of the parameters thanks to the incorporation of values for each range
- Improved visualization of the status of each parameter: Good, Warning, Bad
