TOUGH TOOLS, HALF PRICE

Technical Support and E-Warranty Certificate www.vevor.com/support

DECKING BALUSTER

We continue to be committed to provide you tools with competitive price.

"Save Half", "Half Price" or any other similar expressions used by us only represents an estimate of savings you might benefit from buying certain tools with us compared to the major top brands and does not necessarily mean to cover all categories of tools offered by us. You are kindly reminded to verify carefully when you are placing an order with us if you are actually saving half in comparison with the top major brands.

Have product questions? Need technical support? Please feel free to contact us:

Technical Support and E-Warranty Certificate
www.vevor.com/support

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

WARNING:

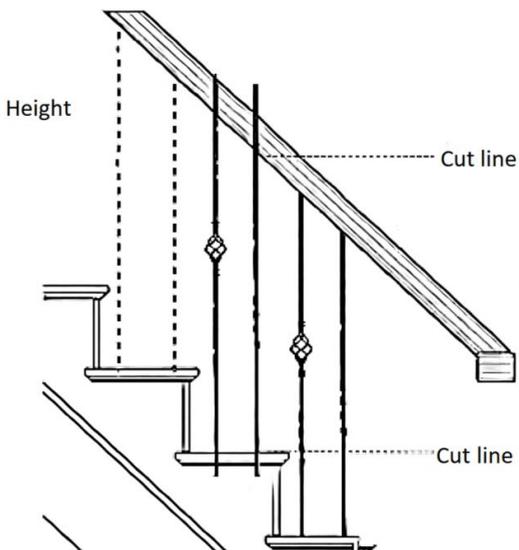

1. Do not allow children to climb on the unit. 2. Keep children and pets away during assembly.

ASSEMBLY PRECAUTIONS

1. Please assemble the product in strict accordance with the instructions. Incorrect assembly could be hazardous.
2. Please wear safety goggles and work gloves properly during assembly.
3. Do not try to assemble the product when feeling tired or when under the influence of alcohol, drugs or medication.
4. Load bearing capacity and other product parameters are applied to the properly and completely assembled product only.
5. Separate and count all parts and hardware.
6. Prepare the following tool: Philips Head Screwdriver.
7. If using power tools, please be careful to slow down and stop when needed.
8. Two people are required for assembly.
9. Follow the intended uses only.

Save the instruction.

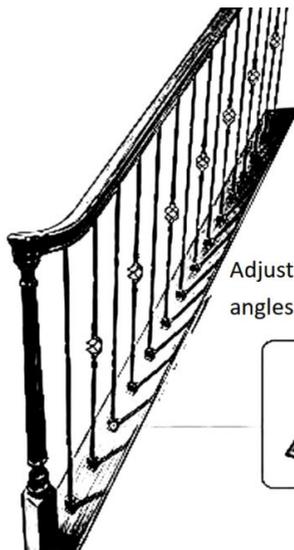

Meet Different Installation Lengths Both ends of the baluster can be cut, and you can adjust the length according to installation needs.

Method 1

Each baluster has 2 adjustable shoes and no need to buy additional accessories.

Adjustable shoes can be used for different angles of stairs.

Adjustable shoes for different angles of stairs

Method 2 (need to buy extra connectors and shoes)

Use both connectors and shoes for installation.

Angle shoes are only suitable for 40 degree stairs.

Adjustable shoes for different angles of stairs

Flat shoes and connectors

Add an elegant touch to your stair railing with our premium metal banister spindles. These beautiful iron spindles for stairs are classy, minimalistic, and modern, allowing you to upgrade your staircase with minimum effort. The outstanding baluster spindles are made with 100% wrought iron. They are coated with a durable coat that is resistant to scratches, cracking, peeling, UV rays, and rust.

The indoor balusters can be used with plain bars, as well as single twist, double twist, and double baskets.

To make sure that our iron balusters fit your staircase perfectly, you can adjust the length of the bottom of the spindle using a metal cutting tool. The metal spindles are made of hollow steel which makes them more practical and versatile.

Flat shoes and connectors

Add an elegant touch to your stair railing with our premium metal banister spindles. These beautiful iron spindles for stairs are classy, minimalistic, and modern, allowing you to upgrade your staircase with minimum effort. The outstanding baluster spindles are made with 100% wrought iron. They are coated with a durable coat that is resistant to scratches, cracking, peeling, UV rays, and rust.

The indoor balusters can be used with plain bars, as well as single twist, double twist, and double baskets.

To make sure that our iron balusters fit your staircase perfectly, you can adjust the length of the bottom of the spindle using a metal cutting tool. The metal spindles are made of hollow steel which makes them more practical and versatile.

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

WARNING:

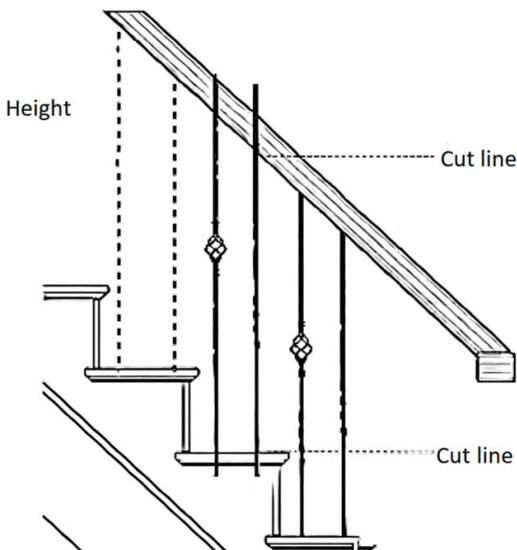

1. Do not allow children to climb on the unit. 2. Keep children and pets away during assembly.

ASSEMBLY PRECAUTIONS

1. Please assemble the product in strict accordance with the instructions. Incorrect assembly could be hazardous.
2. Please wear safety goggles and work gloves properly during assembly.
3. Do not try to assemble the product when feeling tired or when under the influence of alcohol, drugs or medication.
4. Load bearing capacity and other product parameters are applied to the properly and completely assembled product only.
5. Separate and count all parts and hardware.
6. Prepare the following tool: Philips Head Screwdriver.
7. If using power tools, please be careful to slow down and stop when needed.
8. Two people are required for assembly.
9. Follow the intended uses only.

Save the instruction.

Meet Different Installation Lengths Both ends of the baluster can be cut, and you can adjust the length according to installation needs.

Method 1

Each baluster has 2 adjustable shoes and no need to buy additional accessories.

Adjustable shoes can be used for different angles of stairs.

Adjustable shoes for different angles of stairs

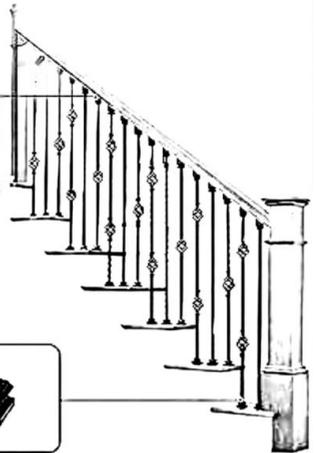

Method 2 (need to buy extra connectors and shoes)

Use both connectors and shoes for installation.

Angle shoes are only suitable for 40 degree stairs.
