

Name: PIONEER low shoe	Code: MB3220Z9	MB32 FOOTWEAR SIR399 SERIES
-------------------------------	-----------------------	------------------------------------

Description

Low footwear, metal free, with Nano fibreglass toe cap and NWT midsole

- ultralight non-woven fabric, PS type. Equipped with nylonupper. It features anatomical Air-mix insoles made of multi-punched EVA, with variable thickness anti-shock properties: 3 mm at the front and 10 mm in the heel area. They help to relieve foot fatigue and, being interchangeable, guarantee cleanliness and hygiene. Antistatic. DRY PLUS

tight-weave polyester lining with extra protection in the heel area has a high draining power and significantly reduces the overheating effect from prolonged use. The EVA Super Foam/Rubber sole provides grip on wet surfaces even in the presence of hydrocarbons.

Technical characteristics:

- Tab with dirt-repellent bellows;
- Reinforcement on heat-sealed, seamless, lace crown;
- Slim and ergonomic profile nano toecap;
- Toe reinforcement for increased shoe durability;
- The superfoam EVA midsole offers lasting comfort, which is especially appreciated in case of prolonged use.
- NWT midsole, ultra-flexible and lightweight;

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 as amended.
