Detailed FAQ

Q: What should I do if the SIM card is not recognized when inserted?
A: 1. Confirm whether the card insertion method is correct (SIM Card inserted with metal side down, and the notch end is facing inward);
2. Do not insert or remove the SIM card when the product is turned on. The product must be turned off to remove and insert the SIM card.

Q: The Netflix display needs to be updated.
A: When it appears that it needs to be updated, please click the "Cancel" button (Don't update or delete the software preloaded on the product).

Q: The SIM card insertion is recognized, but the internet connection does not work.
A: 1. Settings - Network and Internet - APN, manually adjust it;
2. Insert the SIM card into the Android phone and check the information parameters of the APN in the phone. Then in the product settings network and Internet - APN - right upper corner "+" sign, add APN parameters (add according to the parameters in the mobile phone);
3. If you need a video tutorial of the operation, please contact the store customer service directly.
