

Rich input interface, there is always one suitable for you

Prohibit simultaneous access of two or more interfaces

PD interface, automatically activate the PD charging head to output 20V high voltage after inserting the PD charging head

Spare expansion port, which can be used by itself

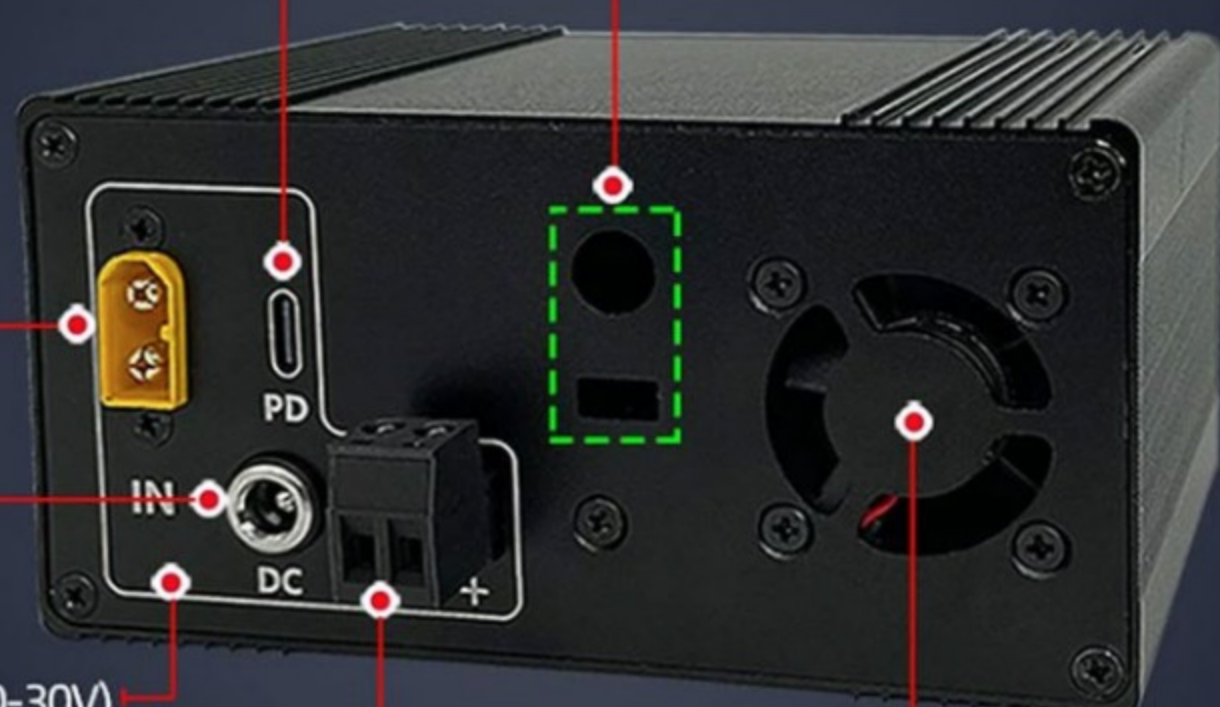

Power battery interface

DC5.5*2.5 plug

Input voltage (DC6.0-30V)

Plug-in terminal

Exhaust fan, intelligent temperature control fan

CNC DC ADJUSTABLE POWER SUPPLY

Custom CNC shell small and portable

The screen can be rotated 360°

Simple and convenient, do whatever you want

Product Size

Small size and portable

111mm*65mm*57mm

weight: 284g
