

Haibike ALLTRAIL 7

High platinum/black - gloss 41

WINORA
GROUP

Bikes for Life.

Trail fun without limits. This is guaranteed with our ALLTRAIL 7. An eFully with which you can let it rip both uphill and downhill – and which is also an absolute eye-catcher. Its equipment is also impressive: the Yamaha PW-S2 drivetrain is a powerhouse in steep terrain. The 720Wh battery has enough endurance for long adventures, while the Sram SX groupset ensures that you always ride with the right gear, even in mixed terrain. Mixed is also the keyword for the wheels: the ALLTRAIL 7 is equipped with a mullet setup with 29" at the front and 27.5" at the rear. This gives you high traction uphill and a smooth and safe riding experience downhill. Perfect conditions for trail fun without limits.
