### NEED HELP? CONTACT US!

Have product questions? Need technical support? Please feel free to contact us:

**Technical Support and E-Warranty Certificate**  
**[www.vevor.com/support](http://www.vevor.com/support)**

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

## **WARNING:**

Read the manual completely to avoid harm, product damage, or warranty voidance. Seek professional help if you encounter discomfort, pain or worsening symptoms. If necessary, use supervision in order to assemble and use this product correctly and safely. Do not exceed the weight limit.

Regularly check for secure assembly and contact support if in doubt. Ensure the product's legs are even and locked before use, and discontinue usage if there are signs of wear, damage, or missing parts. The product is to be used on flat, stable surfaces. Do not disassemble if not necessary, as it might compromise the longevity of the product. Do not modify the product unless specified in the manual.

## **Physiotherapist**

1. Before first use, adjust the height and the width of the rail to your toilet.
2. Back up to the toilet with your assistive device (if available) until the back of your legs are touching the toilet.
3. Reach back for the rail, hold firmly, and slowly lower yourself into a seated position on the toilet.
4. To return to standing position, place your hands on the rails firmly, and push yourself up into a standing position.
5. Once you are standing, gradually let go of the rails, and only then, grab the handle of your assistive device (if available).

## **IMPORTANT**

1. Don't exceed the weight capacity max.
2. Use on stable surfaces only.
3. Regularly inspect for signs of wear, damage, or loose parts.
4. Clean regularly using a mild detergent and warm water, rinse off any soap residue. After cleaning, dry thoroughly.
5. Before use, confirm with your healthcare provider that the product meets your specific needs. The following guidelines are not a substitute for medical advice.

## **SAVE THESE INSTRUCTION**

## PART LIST

When unpacking this product, check to make sure the parts listed below are included and carefully inspect for any damage that may have occurred during transit. If any part is missing or damaged, do not attempt to assemble or use the product.

1	Commode Frame	4	Backrest	7	Pail & Splash Shield & Lid
2	Bucket Frame	5	Toilet Seat	8	Fastener
3	Legs	6	Cover	9	Foot Pad (*Gifts)

## PRODUCT PAREMETERS

<b>Model</b>	FBL710007
<b>Seat Measures (L×W)</b>	415×350mm / 16.3"×13.8"
<b>Seat Height</b>	440-590mm / 17.3"-23.2"
<b>Seat Rated Load</b>	159kg / 350lbs

# INSTALLATION AND OPERATION INSTRUCTIONS

1. Open commode frame (1) as shown below and place on the floor.

2. Slide the hook on the bucket frame (2) over the receptacle located on the back of the commode frame.

3. Secure bucket frame in place by inserting the front cross brace into the receptacles located on the front of the commode frame. The push buttons will “click” in place when they are secure.

4. Turn the frame upside-down. Insert the legs (3) into each receptacle by depressing the push pins and sliding into place. Use the fastener (8) to secure the leg.

5. Turn the commode right-side up. Insert the backrest (4) into the receptacles located on the back of the commode frame by depressing the pushpins and sliding into place. The push buttons will “click” in place when they are secure.

**Note:** The angle of the backrest should face outwards.

6. Attach the toilet seat (5) and cover (6) to the back of the frame. The toilet seat hooks should fit inside the hooks of the cover.

7. Lower commode bucket into frame and return seat to the down position.

8. Assembled commode.

## Adjusting Leg Height

1. Before use, adjust height of each leg to your specific needs, making sure all legs are at the same height. When desired height is reached, lock legs into place by aligning buttons into proper holes, per illustration.

2. Be sure legs are locked into place by pushing down on or by pulling legs.

## Additional Precautions

1. Toilet seat must be in down position before use. Failure to do so may result in breakage of commode and possible injury.

2. Do NOT install commode without first reading and understanding this assembly and instruction sheet. If you cannot understand these instructions, contact a healthcare dealer or technical professional before attempting to install. Otherwise, injury or damage may occur.

3. Inspect all parts for shipping damage before assembly. If there is shipping damage - DO NOT USE. Contact dealer/carrier for further instructions. Make certain that the height-adjusting snap buttons fully protrude through the same respective holes of each leg extension. This will ensure that the leg extensions are securely locked in position and an even height is achieved.

5. Ensure ALL screws, nuts and/or bolts are tightened.

6. Check the rubber tips on the leg extensions for rips, wear or if they are missing. Immediately replace any or all if any of these imperfections exist.

7. All four leg extensions with rubber tips MUST touch the floor simultaneously at all times.

8. Users with limited physical strength should be supervised or assisted while using commode.

<b>Seat Rated Load</b>	159kg / 350lbs

# INSTALLATION AND OPERATION INSTRUCTIONS

1. Open commode frame (1) as shown below and place on the floor.

2. Slide the hook on the bucket frame (2) over the receptacle located on the back of the commode frame.

3. Secure bucket frame in place by inserting the front cross brace into the receptacles located on the front of the commode frame. The push buttons will “click” in place when they are secure.

4. Turn the frame upside-down. Insert the legs (3) into each receptacle by depressing the push pins and sliding into place. Use the fastener (8) to secure the leg.

5. Turn the commode right-side up. Insert the backrest (4) into the receptacles located on the back of the commode frame by depressing the pushpins and sliding into place. The push buttons will “click” in place when they are secure.

**Note:** The angle of the backrest should face outwards.

6. Attach the toilet seat (5) and cover (6) to the back of the frame. The toilet seat hooks should fit inside the hooks of the cover.

7. Lower commode bucket into frame and return seat to the down position.

8. Assembled commode.

## Adjusting Leg Height

1. Before use, adjust height of each leg to your specific needs, making sure all legs are at the same height. When desired height is reached, lock legs into place by aligning buttons into proper holes, per illustration.

2. Be sure legs are locked into place by pushing down on or by pulling legs.

## Additional Precautions

1. Toilet seat must be in down position before use. Failure to do so may result in breakage of commode and possible injury.

2. Do NOT install commode without first reading and understanding this assembly and instruction sheet. If you cannot understand these instructions, contact a healthcare dealer or technical professional before attempting to install. Otherwise, injury or damage may occur.

3. Inspect all parts for shipping damage before assembly. If there is shipping damage - DO NOT USE. Contact dealer/carrier for further instructions. Make certain that the height-adjusting snap buttons fully protrude through the same respective holes of each leg extension. This will ensure that the leg extensions are securely locked in position and an even height is achieved.

5. Ensure ALL screws, nuts and/or bolts are tightened.

6. Check the rubber tips on the leg extensions for rips, wear or if they are missing. Immediately replace any or all if any of these imperfections exist.

7. All four leg extensions with rubber tips MUST touch the floor simultaneously at all times.

8. Users with limited physical strength should be supervised or assisted while using commode.

### NEED HELP? CONTACT US!

Have product questions? Need technical support? Please feel free to contact us:

**Technical Support and E-Warranty Certificate**  
**[www.vevor.com/support](http://www.vevor.com/support)**

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

## **WARNING:**

Read the manual completely to avoid harm, product damage, or warranty voidance. Seek professional help if you encounter discomfort, pain or worsening symptoms. If necessary, use supervision in order to assemble and use this product correctly and safely. Do not exceed the weight limit.

Regularly check for secure assembly and contact support if in doubt. Ensure the product's legs are even and locked before use, and discontinue usage if there are signs of wear, damage, or missing parts. The product is to be used on flat, stable surfaces. Do not disassemble if not necessary, as it might compromise the longevity of the product. Do not modify the product unless specified in the manual.

## **Physiotherapist**

1. Before first use, adjust the height and the width of the rail to your toilet.
2. Back up to the toilet with your assistive device (if available) until the back of your legs are touching the toilet.
3. Reach back for the rail, hold firmly, and slowly lower yourself into a seated position on the toilet.
4. To return to standing position, place your hands on the rails firmly, and push yourself up into a standing position.
5. Once you are standing, gradually let go of the rails, and only then, grab the handle of your assistive device (if available).

## **IMPORTANT**

1. Don't exceed the weight capacity max.
2. Use on stable surfaces only.
3. Regularly inspect for signs of wear, damage, or loose parts.
4. Clean regularly using a mild detergent and warm water, rinse off any soap residue. After cleaning, dry thoroughly.
5. Before use, confirm with your healthcare provider that the product meets your specific needs. The following guidelines are not a substitute for medical advice.
