

Described by a taste expert as having a «rich, full taste with complex green and herbal overtones», Greek Pony Farm's KALAMATA P.D.O. Organic Extra Virgin Olive Oil is for real olive oil lovers. The Greek Pony Farm is located in the heartland of the famous Kalamata olive region, in the beautiful village of Kyparissia, home to a happy herd of much-loved miniature ponies. «Socrates» and his equine companions roam free among the olive trees, acting as natural weed and pest controllers and fertilizers.

This unique animal-plant eco-harmony produces very high quality Greek eating olives and olive oil. Polyphenols obtained daily with a 20gr. olive oil intake, protect blood lipids from oxidation.
