

# YOUR NEW *ADDITION* imageCLASS LBP6780x

**WORKHORSE PLUS RANGE  
– ADVANCE Mono Laser Printer**

Ideal for mid to large enterprises, the LBP6780x offers your business the ability to be run as a standalone printer, or built into an MDS solution with the uniFLOW software embedded.

The LASER SHOT LBP6780x has sophisticated features and high-quality output to meet your business' needs. As an LBP ADVANCE model, it is built to complement larger business' existing printing environments. With features such as integrated PCL & Genuine Adobe PostScript, MEAP compatibility to allow the embedding of MEAP applications & compatibility with FM Audit & Print Fleet, this is the perfect complement to your business.

## Key Features

### MEAP-Embedded

- With the embedded MEAP environment, users are able to utilise a range of MEAP applications, such as uniFLOW, and Cloud Connect to enhance their workflows and increase productivity.

### Lightning quick 40ppm

- With a print speed of 40ppm (A4), the LBP6780x is ideal for everyday office use. Less time spent waiting at

the printer means more time doing business.

### Low Power Consumption and Quick Start Up

- By adopting Canon's unique On-Demand Fixing System, the LBP6780x achieves low power consumption of less than 15 watts in standby and quick start-up, with first page out in less than 8 seconds. Canon's On-Demand Fixing System enables instantaneous heating of the

fusing heater only before printing, saving warm-up time. The LBP6780x is always ready to print – saving you time and money.

### Genuine Adobe PostScript, & PCL Compatible

- The LBP6780x features genuine Adobe PostScript to ensure the best results when used in a PS environment. Further it also supports both PCL, making it ideal for use in large organisations with established print solutions.

### On Demand Fixing

Canon's unique On Demand Fixing system offers low power consumption and fast recovery times from standby mode

### Connectivity

Integrated network connection to easily share amongst many users within the office

### Automatic Image Refinement

Increases the resolution of the print up to an equivalent of 2400 x 600 dpi ensuring that you get a professional looking document every time

### Auto Duplex

Auto duplex for easy double sided printing

### Fast Print Speed

Offering up to 40 ppm print speeds with a 0 sec recovery from sleep mode so you will never be stuck by the printer again

### PCL 5e/5, PostScript & UFR Support

Supports common printer languages for seamless integration into an existing print solution

### Powered By MEAP

Running MEAP applications such as uniFLOW is no problem with the LBP6780x's integrated MEAP environment

### Compatibility with FM Audit / Print Fleet

Compatibility with FM Audit & Print Fleet for easy inclusion into multi-vendor MPS solutions

### Low Power Consumption in Standby

By offering reduced power consumption, Canon Laser Printers will save you money and help the environment

### Laser Printers

Canon laser printers combine a range of features and technologies to deliver fast, high quality and reliable printing. So if you are looking to create professional business documents while reducing your running costs, Canon lasers fit the bill.
