1. Technical parameters

Brand	VEVOR
Model	BYCD-008
Maximum load bearing (lbs)	400
Product size (mm)	220×2060×560 (single)
Product weight (kg)	10

2. Safety precautions

- ⚠ WARNING**
- Read and understand this entire manual before assembling, installing, operating, or servicing this product. Failure to follow these warnings and instructions can cause death, personal injury or damage to valuable property.
 - Adhere to all Department of Transportation (D.O.T.) requirements when

- 2 -

using this product. Use ropes and tie downs (not included) to securely hold all cargo in place.

- Do not overload the Ladder Rack. Never exceed the maximum weight capacity of 500 Lbs. (this is front and back rack combined capacity.)
- Make sure the vehicle is in a safe place for loading ladders and other cargo. Make sure the vehicle's engine is OFF, with parking brake set, before loading or unloading the Ladder Rack.
- Do not use to hold or restrain human or animal weight in any manner.
- When assembly is complete, check and test all vehicle systems including lights and brakes; make sure no damage occurred during product installation.
- This Ladder Rack is designed to carry ladders, lumber, piping, rebar, sports equipment and other long materials. Do not modify the Ladder Rack and do not use this product for purposes that it was not designed for.
- Before and after each use, check to make sure that all hardware is tightly secured. Regularly inspect for damage. If fraying or distortion is found, immediately discontinue use.
- Use common sense when working. Stay alert and concentrate when setting up and using the Ladder Rack. Never work while under the influence of alcohol, drugs or medications.
- While assembling and using the Ladder Rack keep work area clean and well lighted. Keep spectators and children out of the work area.
- Dress appropriately. Never wear loose fitting clothing or jewelry when working. Contain long hair, and keep hair, clothing and gloves away from moving parts.
