PRODUCT TECHNICAL SHEET

ROTAflex SUPER® Heat and sound insulation

Name and type of product	Heat insulation bands TP 01
Marking code	MW-EN 13162-T2-DS(TH)-MU1
Product description	Heat and sound insulation for interior usage without load
Application	Non-load heat and sound insulation for floors, floors on wooden pads, suspended ceilings and attic spaces.

Product characteristics according to CSN EN 13 162:

Clause		Test method	Declared value
No	Title		
4.2.1.	Thermal resistance - thermal conductivity	CSN EN 12 667 or CSN EN 12 939	0,039 W/(m.K)
4.2.2.	Length and width	CSN EN 822	± 2% for length ± 1,5 % for width
4.2.3.	Thickness	CSN EN 823	-5% or -5mm +15% or +15mm
4.2.6.	Dimensional stability	CSN EN 1604	for thickness 1,0 % for length and width 1,0%
4.2.8.	Reaction to fire	CSN EN 13 501-1	A1

Product compliance with the technical documentation:

Product is in compliance with the technical specification requirements in terms of CSN EN 13 162
a CSN EN 13 172.

Conformity certificate No. 1390 - CPD - 0231/09/P issued by Centrum stavebního inženýrství Praha,
notified body No. 1390.

Conformity declaration according to the government regulation No. 190/2002 Code, which is
in compliance with the European directive 89/106/ES.
