with excellent results**

Suitable for all types of flooring

LOBAHOME SprayMop Set is a practical mop with integrated spray system especially developed for the cleaning of parquet, hardwood flooring and cork floor coverings. SprayMop Set is a reusable tool that ensures fast and easy cleaning.

Range of use

Developed to clean all types of flooring and especially suited for parquet, hardwood flooring and cork floor coverings.

Features

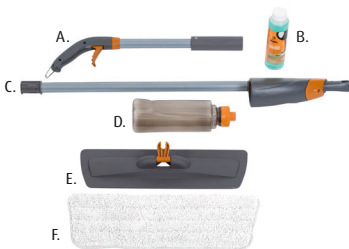

- Practical mop with integrated spray system
- Fast and easy cleaning
- Easy-to-set-up mop
- No more excess moisture on the flooring
- Cost effective and environmentally friendly, due to use of concentrated cleaner

SprayMop Set directions

Complete content

- A. Upper handle
- B. LOBAHOME Refill
- C. Lower handle
- D. Refillable reservoir
- E. Mop head
- F. Washable mop cover

1. Plug-in

Align the tabs on the upper handle pole and lower handle pole. Push them together to lock poles into place.

2. Mop attachment

Attach the washable mop cover to the bottom of the mop head using velcro strips to hold the cover in place.

3. Fill the reservoir

Unscrew the reservoir cap and fill with the LOBA Refill cleaning solution.

4. Insert reservoir

Turn the refillable reservoir upside down and snap into the reservoir receptacle in the lower handle assembly. Make sure that the flat side of the reservoir is facing away from the pole.

How to use

To begin cleaning, press the trigger at the upper end of the SprayMop. This will spray the cleaning solution onto the flooring. Repeat this process until there is the right amount of wetness for cleaning the flooring. Then begin cleaning. The microfibre mop pad is easy to remove, wash and replace!

How often your wooden flooring needs mopping depends on the degree of wear and tear it is subjected to. The SprayMop Set is recommended for regular cleaning.

Products for your SprayMop Set

Refill

1 Reservoir of 250 ml amounts to 4 l of cleaner. Also available as counter display – 12 x Refill 250 ml.

Mop cover

Microfibre mop cover for LOBAHOME SprayMop Set and mop. Washable at 60°C.

Additional products for deeper care and protection

ParkettRefresh+ & ElasticRefresh+

The flooring care solution that protects against wear and wetness.

For occasional care, use the flooring care solution with water.

For long term maintenance, use the flooring care solution in pure form.

These products cannot be used with the SprayMop Set.

Our tips for your long-lasting flooring:

- Use proper mats at all exterior entrances. Scrapper mats outside and walk-off mats inside are ideal.
- Sweep or vacuum regularly to remove dirt and dust.
- Use floor protectors for finished wood flooring on your furniture.
- Carry out an intensive treatment once a year.
- Only use recommended LOBA cleaners and maintenance products to care for your flooring, as unsuitable or aggressive cleaning products may affect its appearance and life cycle.
- For strongly strained or damaged flooring, contact a LOBA craftsperson, or you can reach our office directly. We will be happy to advise you.
