

POSAC-C7UK30BKseries

AC Power Cable

model

POSAC-C7UK30BK

AC Power Cable with BS1363 plug & C7 plug, 3.0m long

mechanical specification

connector type (output)

C7

connector type (input)

BS1363

length

3000mm

core area

2x0.75mm²

wire construction

pure copper core, flexible, multiwire conductors

insulation material

PVC

inner conductor

Cu

external dimensions of the cable

5.4mm x 3.0mm

color of the cores

black

electrical specification

nominal voltage

0 - 300VAC

rated current

2.5A

Insulation resistance

>100MΩ @ 500VAC

Insulation thickness

0.5mm / 0.6mm

Wire resistance

max 0.044Ω/m

Working Temperature

-40°C ÷ 70°C

safety

RoHS

RoHS 2015/863

LVD

LVD 2014/35/UE
