

Tuya Smart Wi-Fi wireless double socket splitter, white

Marka: ORNO Home | Symbol: OR-SH-17510/W | Ean: 5908254844508

PRODUCT DESCRIPTION

The wireless double Tuya Smart socket splitter is a modern device which allows to control two electronic devices at the same time with the help of one central managing point.

Thanks to technology based on Wi-Fi connection and configuration with the Tuya Smart app, the splitter is not only functional but also aesthetic – it eliminates the need of using traditional cables. Simply install the Tuya Smart platform, which supports Android and iOS, on a smartphone and then integrate the platform with

the splitter. Managing the connected appliances becomes extremely convenient, and also possible from anywhere in the world.

The built-in energy meter allows to precisely monitor and fully optimize the electricity consumption via smart feature.

In addition, the timer allows to programme specific operating hours, which contributes to energy savings and increases the efficiency of the devices. The possibility of programming the working hours, the operating time of appliances and introducing random changes during holidays increases security.

The splitter has two sockets with a protective contact (2x French type). The white housing made of high-quality plastic fits perfectly into a variety of interiors, and the intuitive installation allows to enjoy quick operation of the device.

The dimensions of the splitter measure 108x53x85 mm. Available also a Schuko type splitter.
