

Dermedic Hydrain 3 Hialuro Micellar Water

Target Skin Type: Dry Skin

Main Purpose: Gentle cleansing and hydration for dry and sensitive skin

Key Benefits:

- Effectively removes makeup and impurities
- Hydrates and soothes the skin
- Suitable for sensitive, dry skin
- Hypoallergenic

Manufacturer: Dermedic

Size Options: Available in 200ml, 500ml bottles

Key Ingredients

Main Ingredients:

- Hyaluronic Acid: Deep hydration for dry skin
- Micelles: Remove makeup and impurities without stripping moisture
- Allantoin: Soothes and reduces irritation
- Glycerin: Helps maintain moisture balance

Additional Ingredients:

- Panthenol
- Water
- Fragrance-free formula

Directions for Use

Step-by-Step Instructions:

1. Shake the bottle gently.
2. Soak a cotton pad with the micellar water.
3. Gently wipe your face, including the eye and lip area.
4. Repeat until the cotton pad comes out clean.
5. No need to rinse after use.

Recommended Usage: Twice a day, in the morning and evening

Who Can Use It: Ideal for individuals with dry, sensitive, and dehydrated skin

Clinical and Dermatological Insights

Clinical Studies:

- Results: Hydration levels increase by 45% after regular use.
- Irritation Level: Hypoallergenic, suitable for highly sensitive skin.

Dermatologist Recommendations:

- Ideal for skin prone to irritation or tightness after cleansing.
- Helps improve skin hydration barrier function over time.
