Product Description

Using tool U, install the door lock S with 2 screws T on the front mesh A.

Tips: Do not tighten screws fully until all parts are connected!

Install the caster O on the bottom frame K with tool P (refer to the detail drawing)

Install the caster N on the bottom frame K with tool P (refer to the detail drawing)

Assemble bottom mesh
D, 2 bottom frame
connecting rods L.

The bottom frame K and the bottom screen F are connected with screw R, and tool Q is required (as shown in the detail drawing)

Insert the front piece A and the rear piece B into the bottom frame K respectively, and then assemble the side piece E and the connecting rod M.

Note: The iron chute on the connecting rod M needs to be facing inward (as shown in the details)

Assemble the top mesh D. Tighten all the screws used in the previous steps.

Place the middle grid C in the figure.

Place the large tray G on top of the middle mesh C, and then assemble the tray frame I, the small tray H, and the ladder J

Tray rack I and side piece E connection mode (as shown in detail drawing)

Assembled.
