|                                                                                     |                                                                                     |
|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
|  |  |
| Tent x1                                                                             | Cushion x1                                                                          |
|  |  |
| Storage bag x1                                                                      | User Manual x1                                                                      |

## Installation:

**STEP1:** Open the storage bag and remove everything.

**STEP2:** Erect the tent, then spread out the four poles.

**STEP3:** Hold the head of the pole with one hand and press the button on the pole with the other hand to stretch the pole.

**STEP4:** Stretch four rods in the same way to form the product.

**STEP5:** Lay out the cushions.

## MAINTENANCE

1. Clean and disinfect your tent frequently to keep it clean and hygienic.
2. Store away from direct sunlight.
3. Check the reliability of the parts before each installation.
