

Fountain Hills Cross Country Invitational Bus Parking Plan

Due to the size of the event, at the direction of the city, we will be shutting down N Saguaro Blvd to allow for bus unloading and parking. Buses will remain parked on N Saguaro during the entirety of the event. All other vehicles can park around Fountain Park and in town.

Coaches, please make sure your bus drivers have access to this document.

If you are traveling eastbound on Shea Blvd.

Please take a LEFT on E Palisades Blvd. and approach N Saguaro Blvd from the North Side. Once you reach Fountain Park, you will be able to take a RIGHT into the road closure on N Saguaro Blvd, where you can park your bus and unload your team.

If you are traveling from Hwy 87

Please take a LEFT on Shea Blvd. and a RIGHT on N Saguaro Blvd. Once you reach N Saguaro Blvd and E El Lago, you will be able to go straight into the road closure to park your bus and unload your team.

Important Notes

- These are the **ONLY** two bus parking options on N Saguaro Blvd. Access to N Saguaro Blvd will be blocked on Ave of the Fountains and E Parkview Ave. Your bus may get stuck if you choose to take this route.
- Please pull your bus **all the way** forward on N Saguaro Blvd and park before unloading your team. This will keep bus traffic moving. You will park in your far right lane.
- If you choose to take your bus outside of the closure once you have unloaded your team, you may not be able to access bus parking again and will need to find another area to park your bus and pick up your team.
