

Walnut Creek XC Course – 3k

Spectator Guide & Map

Spectator Viewing Guide (want to see the race from multiple spots)

****Follow the ORANGE numbers****

After viewing the start of the race from the **SPECTATOR AREA** and after all racers have exited the green gate move to **1** (~250 m from gate) to see your racer near the 1k mark. Next, move to **2** (~60 m from the red gate) to watch your racer as they turn down the hill OR move to **3** (~250 m) to watch your racer at the 1-mile mark OR move to **4** (~590 m) where you may catch your racer at the 2k mark. If you went to **2** or **3** you can make it to **5** (~570 m) at the gravel parking lot, then move to **6** (~50 m) to encourage your racer as they start the final 400 meters of the race. If you went to **4** it is best to return to the **SPECTATOR AREA** (~240 m to gate) to watch the finish.

Spectator Viewing Guide (don't want to move much)

****Follow the BLUE numbers****

View the start of the race from the **SPECTATOR AREA** and after all racers exit the school grounds, exit the red gate and move to **1** or **2** to watch your racer. After they pass by, return to the **SPECTATOR AREA** to watch your racer finish their race.
