Map & Course Narrative: Start is White Line, Light blue is the start of the loop, Finish is Red line.

- Both Men and Women start and finish in the same location. The women 2x 2000m laps of map for 4km total; the men will do 3x 2000m loops for 6km total.

- Start and finish will be located near each other to make it easier for the timer to set up and also for spectators.
- Surfaces- green, fairway, rough/green, part of the course crosses trail/golf cart paths but we will put mats down for the 6 spots they cross. It is a relatively flat course with a slight incline to start and slight downhill coming back. A golf cart will pace to lead the way and a golf cart to stay behind the last runner.
- The Course is on the Back 9 holes (holes 11, 14 & 15 for the loop, hole 18 for the start & finish).

Course Start- Begins 40m from the start of the Fairway of hole 18. Boxes will be laid out on the fairway indicated in white in the picture below. Each loop will come back across start (blue arrow). Finish line is indicated in red, 20m from the start line. From the start it is 180m on the straight until athletes cross over the first path from hole 18 to hole 14.

Cut across the path between the trees to the left of the bunker and run on the rough on the right side of the green and left of the path.

Stay on the right half of fairway for hole 14. The other side of hole 14 will be the 2nd half of the loop.

When you get to the end of the fairway of 14 it is 600m

Cross through hole 14 to hole 11 (2nd path crossing) right of the willow tree and silver pole/box.

You will run behind the women's tee for hole 11 and stay on the right side of the fairway.

When you get to the white & black stripe pole in the middle of Hole 11 fairway it is about 800m.

When you get to the end of the fairway near the start of the putting green, the loop will begin heading back to the start of hole 11 towards hole 14.

On the right side of hole 11, you'll cross a dirt path near a bridge (don't cross the bridge).

Path between hole 11 to hole 14 (branches will be trimmed). Will stay to the right to cross dirt path to hole 15. As you pass the fairway of hole 14 it is about 1200m.

Dirt path leading to hole 15 (3rd paved walkway that will be covered with turf mats).

Cross fairway of hole 15 to get to the far side and stay to the right. Head towards the tee of hole 15. Follow the lake (lake will be on your right as you head towards the start of hole 15).

When you get to the end of the fairway of hole 15, it is about 1500m. Athletes will loop back up the fairway to cross over to hole 14.

Cross over path (4th turf mat) and turn right towards hole 14 heading back towards start line. This is about 1600m.

Stay to the left of the big tree near golf cart path to run on the fairway for the rest of hole 14

they will cross the path (5th turf mat) behind hole 14 then bear to the right to go between the 2 stumps. Then go between the trees onto the hole 18 fairway heading back to the start line (or finish if final lap). This will lead you back to start the loop again.

As you cross this path it is about 1780m into the loop. The shed on the left has been knocked down.

Stay on the right of hole 18 fairway, finish will be off of fairway, about 20m from start line. If you are doing another loop, loop back around the fairway where the start line was.
