

Avante VSE 2050 Series

Electric & Hydraulic Surgery Tables

Stainless steel operating tables that fit any veterinary surgical suite or operating room

The Avante VSE Electric & Hydraulic Foot Pump Surgery Tables all have tops 22" wide by 60" long, and are fabricated of 18 gauge stainless steel for complete durability. These tables are designed for operating ease with a tilt-top mechanism. A raised edge top prevents dripping, and the drain hole has a hook for a collection pail.
