

Gomco OptiVac G180

AC/DC Portable Suction Unit

Second generation OptiVac in the industry-leading Gomco line

The new OptiVac G180 AC/DC Portable Suction Unit is the second generation OptiVac in the industry-leading Gomco line of portable suction equipment. Advanced features include: compact design, ease of operation, rechargeable battery, AC power supply, and fully-enclosed unit. This suction pump is great for Veterinary use.

FEATURES

- Battery gauge on front of the unit
- 25-550 mm Hg vacuum range, coupled with greater than 30 lpm flow, provides powerful suction for faster aspiration
- Sealed water-resistant unit is easy to clean, and minimizes potential contamination or damage to the compressor and battery
- Control panel at an angle for easy viewing
- Quality-engineered thermoplastic provides impact resistance and durability
- Run time operation on fully-charged battery for approximately 3 hours at maximum vacuum.
- Fully chargeable in 8 hours
- Will run on AC power even with a low battery
- Will run for approximately 1 hour after being charged for just 2 hours
- 1 hour of portable suction equals 3 hours of charging
- Ability to use the machine while charging
- Long-life rechargeable battery eliminates the need for frequent replacement

SPECIFICATIONS

Weight:
11.4 lbs with internal power

Dimensions:
9.4"H x 7.5"W x 16.8"L

Collection Canister:
1500 ml

AC Operation:
110-230 volts, 50/60 Hz

DC Operation:
12 volt DC battery

Battery:
Rechargeable lead acid

Battery Life (at maximum vacuum):
3 hours at 550 mm Hg

Battery Charge Time:
Full charge in 8 hours

Vacuum Range:
25-550 mm Hg

Vacuum Flow:
>30 lpm
