

Haico Pro 3

Equine Operating Table

The Haico Pro 3 Equine Operating Table has 4-way tilt that simplifies the whole surgery process, allowing doctors and nurses clear patient access from animal preparation throughout the procedure. The design enables a full range of procedures and reduces the likelihood of back strain. This world-class equine surgery table offers quality, safety, function and hygiene. These are among the most popular tables in the world, and they are *available in the United States through Avante exclusively.*

FEATURES
