Mindray Passport 12

Patient Monitor

The Mindray Passport 12 is a flexible patient monitoring system designed for the modern healthcare facility. The monitor comes standard with 3- or 5-lead ECG, Masimo SET, NIBP, SpO2, 2 IBP, temperature, respiration, and an integrated recorder, but is available with a range of modular parameter options for more advanced monitor functions. It includes an ergonomic carrying handle and multiple mounting options, which allow clinicians to use the monitor in a variety of care settings.

FEATURES

- > Displays up to 8 waveforms.
- 12-inch high resolution color touchscreen display.
- Standard parameters include: 3- or 5-lead ECG, Masimo SET, SpO2, 2 IBP, NIBP, RESP, TEMP, and an integrated recorder.
- Features extensive data storage for trend data, events, alarms, and NIBP measurements up to 48 hours.
- Integrates with eGateway for communication to EMR.

- Connects to BeneVision Central Station.
- Defibrillator synchronization.
- Convenient, ergonomic carrying handle and multiple mounting options.
- ➤ Optional Nellcor OxiMax SpO2.
- Optional Wireless 2.4 GHz (802.11b/g/n) available.
- Optional ST and Arrhythmia analysis with atrial fibrillation detection available.

SPECIFICATIONS

Weight:
10 lb
(standard parameters configuration, including 2 lithium batteries and a recorder)

Dimensions: 10.9 H x 5.4 D x 12.7 W in

Power Supply: AC power, battery

AC Power: 100 to 240 VAC (±10%)

> Current: 1.3 to 0.5 A

AC Power Input Frequency: 50/60 Hz (±3Hz)
