

Pannomed Trend

Veterinary Surgical Table

Great for dentals and all veterinary general and some advanced surgical procedures

The Pannomed Trend Animal Specific Surgical Table is an animal specific surgery table and has a one way longitudinal tilt to an almost vertical position. The Trend is electrically height adjustable and is lower in maintenance over the life of the equipment.

FEATURES

- Electronically height adjustable
- Electronic motors in place of traditional hydraulic mechanisms
- Satin-finish stainless steel top with drain and 14 tie-down hooks/cleats
- One way longitudinal tilt to almost vertical position
- Single hand operated tilting
- Foot control on either side of table
- Small castors on one end of the base allows for easy shifting and cleaning
- Sturdy and durable with lower lifetime maintenance
- 264lb load capacity
- Stainless Steel Top: 130 x 60cm (51" x 23.5") with drain hole and 14 tie-down hooks
- Synthetic Top: 130 x 60cm (51" x 23.5") with drain hole and 14 tie-down hooks.
- Worldwide unique synthetic top is made of a scratch proof non slippery material similar to rubber. It is resistant against disinfectant and cleaning agents. NO MORE MATS NECESSARY!
