

Philips PageWriter TC70

ECG Monitor

Industry-leading performance simplifies diagnostic ECG testing

The Philips PageWriter TC70 is a state-of-the-art ECG that delivers high-quality clinical reports where and when you need them. The unit features advanced yet easy to use 1-2-3 button light directions. Rely on the unit's automated ECG report sequence and specialized Philips algorithm for accurate, industry-leading ECG interpretations.

FEATURES

- 15-inch high resolution touchscreen.
- Simple, user-intuitive guided process for taking ECG readings.
- Convenient, 3-in-1 trident lead wires to minimize tangling.
- Mark cardiac events for later review.
- Integrated interpretation for up to 16 leads.
- Advanced STEMI clinical decision support tools.
- Access previous ECG readings for immediate bedside comparisons.
- Built-in, industry-standard 802.11 Wi-Fi capabilities.
- Automated ECG report sequence with integrated wireless transfer.

SPECIFICATIONS

Weight:
28 lb

Dimensions:
15.7" x 13" x 63"

Battery Capacity:
Typically 50 ECGs on a single charge

Battery Recharge:
5 hours to full capacity

AC Power:
100-240 VAC at 50/60 Hz

Power Consumption:
75 W max

Simultaneous Lead Acquisition:
Up to 18 leads

Full Disclosure:
Twenty minute history of all 16 leads and complete ECG report of any 10 seconds

Timed ECG:
Support for pharma stress protocols

Report Storage/Transfer:
Full fidelity at 500 Hz of all 10 sec for up to 16 leads in XML format (schema published)
