

Tuttnauer 2340M

Manual Autoclave

A manual autoclave that sets the standard for steam sterilization

The Tuttnauer 2340M is a manual model with durable components that reduce running and maintenance costs. Tuttnauer's M Series Autoclaves are affordable options for clinics that do not want to compromise on quality, safety and reliability.

FEATURES

- Automatic shut off at the end of sterilization and dry cycles
- Electro polished chamber and door
- Double safety locking device prevents door from opening while chamber is pressurized
- Front-located drain valve for quick and easy draining
- Dual safety thermostat protects against overheating
