

Get more support managing your diabetes.

Total diabetes management made simple.

At Antidote, we do more to support members with chronic conditions like diabetes. We design our plans to offer helpful benefits to make managing the disease more affordable. This includes access to certain \$0 prescription medications and supplies,¹ plus additional clinical support through our Antidote virtual providers. Best yet? It's always \$0 to see an Antidote virtual provider.²

Our Antidote virtual providers get to know you and your health goals.

Here's what you can expect:

- ✓ **Customized treatment plans:** tailored to monitor and improve blood sugar levels.
- ✓ **Medication management:** prescriptions and refills sent directly to your preferred pharmacy.
- ✓ **Regular follow-ups:** scheduled appointments with your assigned Antidote virtual Primary Care Provider (PCP), who is board-certified.
- ✓ **Diet and lifestyle assessments:** expert advice on maintaining a healthy lifestyle.
- ✓ **24/7 access to care:** continuous support through primary and urgent care virtual visits.
- ✓ **Blood sugar monitoring tools:** Tools to help track and manage your condition effectively.

\$0 for the following medications and supplies:

Syringes + lancets from a range of brands

Glipizide, Glipizide ER and XL

Metformin + Metformin ER

Insulins: Lispro, Humulin R, Humulin N, Humalog mix

Avoid diabetes complications and keep things simple when you have an Antidote Health plan. Look forward to:

- \$0 visits with your Antidote provider² from wherever you are
- Less time traveling to appointments and waiting in doctors' offices
- Consistent help managing your condition and helping you get to your healthiest
