

Antidote Health Plan of Arizona, Inc.

Individual Medical HMO Policy

888-623-3195

1460 Broadway Street

New York, NY 10036

Effective Date: January 1, 2025

NOTICE

This is Your individual Plan for coverage issued by Antidote.

This Plan, together with the Schedule of Benefits, applications and any amendment or rider amending the terms of this Plan, constitute the entire agreement between You and Us.

IF YOU OR YOUR FAMILY MEMBERS ARE COVERED BY MORE THAN ONE HEALTH CARE PLAN, YOU MAY NOT BE ABLE TO COLLECT BENEFITS FROM BOTH PLANS. EACH PLAN MAY REQUIRE YOU TO FOLLOW ITS RULES OR USE SPECIFIC DOCTORS AND HOSPITALS, AND IT MAY BE IMPOSSIBLE TO COMPLY WITH BOTH PLANS AT THE SAME TIME. READ THIS ENTIRE PLAN CAREFULLY. IT IS YOUR RESPONSIBILITY TO UNDERSTAND THE TERMS AND CONDITIONS IN THIS PLAN.

This Plan is not a Medicare supplement Plan. This Plan is governed by the laws of the State of Arizona.

Please read Your contract carefully. If You are not satisfied, return this contract to Us or to Our agent within ten (10) days after You receive it. All Premiums paid will be refunded, less claims paid, and the contract will be considered null and void from the Effective Date.

Signed for Antidote Health by:

A handwritten signature in black ink that reads "Avihai Sodri". The signature is written in a cursive, slightly stylized font.

Avihai Sodri, CEO

SECTION XIV – GENERAL PROVISIONS.....	92

SECTION I – INTRODUCTION

This document is Your Evidence of Coverage (“EOC”) which outlines Your Policy benefits, coverage details, Exclusions, and termination provisions under the Policy. Your EOC should be read together with Your Schedule of Benefits in order to understand the health benefits available to You under Your Plan. The EOC describes Your rights, responsibilities, and obligations as a Covered Person under the Plan and details:

- How the Plan works and describes the Covered Services,
- Conditions and limits related to Covered Services,
- Health care services that are not covered by the Plan, and
- Deductible, Copayments, and Coinsurance payments required when You receive Covered Services.

Please carefully read and review the entire EOC. If You have any questions regarding the information contained within the document, You may contact Antidote online or via phone at the below telephone number.

As well, please review Section II – DEFINITIONS to ensure that You understand the words and defined terms that are incorporated throughout the EOC. These definitions will help assist You in understanding concepts, terminology, and meanings within the EOC.

Additionally, Antidote provides oral and written interpretation services to be used for those who may speak another language and do not understand or readily use English within their home. Contact Member Services by calling the toll-free number on Your ID card to request interpretation assistance. Antidote also sends and receives TDD/TTY messages using the National Relay Service by calling 711.

Further, whenever You have a question or concern regarding Your benefits, please call Member Services for clarification.

Also, note that some health services under Your Policy are subject to Prior Authorization and approval before they may be covered. Please call Member Services to determine whether the service You will receive needs Prior Authorization from Antidote before payment will be made for the item/service. Your Provider is required to request Prior Authorization from Us.

Our Notice of Privacy Practices describes how We use and disclose protected health information. You can access Antidote’s Notice of Privacy Practices on Our website at antidotehealth.com. You can also request a paper copy, at no cost to You, by calling Member Services at the number listed on the back of Your Antidote ID card.

ANTIDOTE CONTACT INFORMATION:

Resource	Contact Information	Hours
Member Services Helpline	888-623-3195	Monday – Friday 8:00 AM to 8:00 PM
<p>Urgent Care Helpline</p> <p>To assist You in locating an Urgent Care Network Provider, You may call Our Urgent Care Helpline 24/7 for questions regarding referrals to Network Providers that offer Urgent Care services and assistance with network exceptions. Urgent Care services received from a Network Provider do not require Prior Authorization. You may seek services from any Network Provider that offers such services without Prior Authorization. If You have any questions regarding Urgent Care, please call Our Urgent Care Helpline that is available 24/7.</p>	888-623-3195	24 hours a day 7 days a week
Website	antidotehealth.com	24 hours a day 7 days a week
Mailing Address	PO Box 39638 Solon, OH 44139	24 hours a day 7 days a week

Throughout this document, You will find statements that encourage You to contact Us for further information. Whenever You have a question or concern regarding Your benefits, please call Member Services.

For those Covered Persons with limited English proficiency, We will provide, at no cost, oral

interpretation and written translation services. Please call Member Services for more information.

How to Use Your Evidence of Coverage

Read the entire EOC. Then keep it in a safe place for future reference.

Many of the sections of this EOC are related to other sections. You may not have all the information You need by reading just one section. Individuals with special health care needs should read those sections that apply to them carefully.

You can find copies of Your EOC and any future Riders/Enhancements or Amendments at <https://www.antidotehealth.com/plandocs> or [antidotehealth.com/member](https://www.antidotehealth.com/member) or request printed copies by contacting Member Services. Antidote will mail a written copy of Your EOC within seven (7) business days of Your request.

Capitalized words in this EOC have special meanings and are defined in Section II – Definitions.

Because this EOC is a legal document, We encourage You to read it and any of its attached Riders/Enhancements and/or Amendments carefully. You are responsible for understanding all provisions of this document, including any Riders/Enhancements or Amendments.

When reviewing Your EOC, You should read the entire document and pay particular attention to Section IV – Covered Health Care Services, and Section V – What Is Not Covered.

You should also carefully read Section III – How Your Plan Works.

Please call Us if You have questions about the Covered Services available to You. If there is a conflict between this EOC and any summaries provided to You by Us, the terms most favorable to You will apply. Please be aware that Your Providers do not have a copy of this EOC, and they are not responsible for knowing or communicating Your benefits.

Defined Terms

Because this EOC is part of a legal document, it is important that You understand the information it contains. Certain capitalized words within this EOC have special meanings that are defined in Section II – Definitions. You should refer to Section II often as You see capitalized terms in order to have a clearer understanding of Your EOC. When We use the words "We," "Us," and "Our" in this document, We are referring to Antidote. When We use the words "You" and "Your" in this EOC, We are referring to You as a Covered Person, or the Authorized Representative, as these terms are defined in Section II – Definitions.

Finding a Provider

A listing of Network Providers is available online at <https://www.antidotehealth.com/find-a-doctor>. We have Plan providers, Hospitals, and other medical practitioners who have agreed to provide You healthcare services. You can find Our Network Providers by visiting Our website and using the "Find a Provider" function. There You will have the ability to narrow Your search by Provider specialty, zip code, gender, languages spoken and whether or not they are currently accepting new patients. Your search will produce a list of Providers based on Your search criteria and will give You other information such as name, address, phone number, office hours, qualifications, specialty, and board certifications.

At any time, You can request a printed copy of the Provider directory at no charge by calling

Member Services at the toll-free number on Your ID card. In order to obtain benefits, You must designate a Network Primary Care Physician for each Covered Person. We can help You pick a Primary Care Physician (PCP). Call the Provider's office if You want to make an appointment. If You need help, call Member Services at the toll-free number on Your ID Card. We will help You make the appointment.

Identification (ID) Card

When You enroll, We will mail You an ID Card after We receive Your completed enrollment materials, and You have paid Your initial Premium payment. This card is proof that You are enrolled in an Antidote Plan. You need to keep this card with You at all times. Please show this card every time You go for any service under the contract, including to a Network Pharmacy.

SECTION II – DEFINITIONS

Ambulance: Any publicly or privately owned surface, water or air vehicle, including a helicopter, that contains a stretcher and necessary medical equipment and supplies pursuant to section 36-2202, Arizona Revised Statutes and that is especially designed and constructed or modified and equipped to be used, maintained or operated primarily to transport individuals who are sick, injured or wounded or who require medical monitoring or aid.

Active Course of Treatment: (A) An ongoing course of treatment for a life-threatening condition, defined as a disease or condition for which likelihood of death is probable unless the course of the disease or condition is interrupted; or (B) An ongoing course of treatment for a serious Acute condition, defined as a disease or condition requiring complex ongoing care which the Covered Person is currently receiving, such as chemotherapy, radiation therapy, or post-operative visits; or (C) The second or third trimester of pregnancy, through the postpartum period; or (D) An ongoing course of treatment for a health condition for which a treating Physician or Health Care Provider attests that discontinuing care by that Physician or Health Care Provider would worsen the condition or interfere with anticipated outcomes.

Acute: The onset of disease or injury, or a change in the Covered Person's condition that would require prompt medical attention.

Adverse Benefit Determination: A decision by Antidote:

- To deny, reduce, or terminate a requested health care service or payment in whole or in part, including all of the following:
 - A determination that the health care service does not meet Antidote's requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness, including Experimental or Investigative treatments;
 - A determination of an individual's eligibility for benefits under the Plan;
 - A determination that a health care service is not a covered benefit;
 - The imposition of an exclusion, including Exclusions for source of injury, network, or any other limitation on benefits that would otherwise be covered.
- Not to issue individual health insurance coverage to an applicant;
- To rescind coverage on a health benefit Plan.

Allowed Amount or Maximum Allowable Amount: The maximum amount on which Our payment is based for Covered Services. See the COST SHARING AND PAYMENT
ANT-EOC-2025-AZ

OBLIGATIONS section of this Policy for a description of how the Allowed Amount is calculated.

Authorized Representative: An individual who represents a Covered Person in an internal appeal or external review process of an Adverse Benefit Determination who is any of the following:

- A person to whom a covered individual has given express, written consent to represent that individual in an internal appeals process or external review process of an Adverse Benefit Determination;
- A person authorized by law to provide substituted consent for a covered individual;
- A family member or a treating Health Care Provider, but only when the Covered Person is unable to provide consent.

Balance Billing: When an Out-of-Network Provider bills You for an amount greater than Your applicable Copayment, Coinsurance, and Deductible. A Network Provider may not Balance Bill You for Covered Services.

Benefit Period or Plan Year: The twelve (12) months that We will pay benefits for Covered Services. If Your coverage ends before this length of time, then the Benefit Period also ends. The Benefit Period or Plan Year begins on Your Effective Date, which means it may not correspond with the calendar year.

Benefit Period Maximum: The maximum that We will pay for specific Covered Services during a Benefit Period.

Brand Name Drug: The first version of a particular medication to be developed or a medication that is sold under a pharmaceutical manufacturer's own registered trade name or trademark. The original manufacturer is granted a patent, which allows it to be the only company to make and sell the new drug for a certain number of years.

Child, Children: The Policyholder's Children, including any natural, adopted or step-Children, unmarried disabled Children, newborn Children, or any other Children as described in the WHO GETS BENEFITS section of this Policy.

Coinsurance: A specific percentage of the Maximum Allowable Amount for Covered Services, that is indicated in the Schedule of Benefits, which You must pay. Coinsurance normally applies after the Deductible that You are required to pay. See the Schedule of Benefits for any exceptions. Your Coinsurance does not apply to charges for services which are not covered and will not be reduced by refunds, rebates, or any other form of negotiated post-payment adjustments.

Copayment: A specific dollar amount of the Maximum Allowable Amount for Covered Services, that is indicated in the Schedule of Benefits, which You must pay. The Copayment does not apply to any Deductible that You are required to pay. Your Copayment will be the lesser of the amount shown in the Schedule of Benefits or the amount charged by the Provider.

Cost-Sharing/Cost Share: Amounts You must pay for Covered Services, expressed as Copayments, Deductibles and/or Coinsurance.

Covered Drugs: Injectable insulin, Legend Drugs, or such Drugs that Antidote designates as covered, so long as the following conditions are met:

- It is Medically Necessary and is ordered by an authorized Health Care Provider naming

- a Covered Person as the recipient;
- A prescription for the Drug must be issued by a prescriber who is legally authorized to prescribe Drugs for human use;
- The cost of the Drug must not be included in the charge for other services or supplies and for which a separate charge is customarily made;
- The Drug is not entirely consumed at the time and place where the prescription is written. Medically Necessary Drugs entirely consumed at the time and place where the prescription is written are covered under Your medical benefits rather than Your Pharmacy benefits;
- Which is dispensed by a Pharmacy and is received by the Covered Person while covered under an Antidote Plan, except when received from a Provider's office, or during confinement while a patient in a Hospital or other Acute Care or Facility (refer to Limitations and Exclusions). Medically Necessary Drugs received from a Provider's office or during confinement while a patient in a Hospital or other Acute Care or Facility are covered under Your medical benefits rather than Your Pharmacy benefits;
- Except as otherwise noted in this Plan, the Drug must be approved by the Food and Drug Administration ("FDA") for treatment of the condition for which it is prescribed or recognized for treatment of the condition for which it is prescribed by:
 - the American Hospital Formulary Service Drug Information,
 - the United States Pharmacopoeia Dispensing Information, Volume 1, "Drug Information for the Health Care Professional" or
 - two articles from major peer-reviewed medical journals that present data supporting the proposed off-label use or uses as generally safe and effective for treatment of the condition unless there is clear and convincing contradictory evidence presented in a major peer-reviewed medical journal.

Any compounded Drugs are covered if they meet all the above requirements, subject to the provisions and Exclusions of this Plan.

Covered Person: The Policyholder, including covered Dependents, who are properly enrolled by the Marketplace and/or Antidote, as the case may be, and due to such enrollment are entitled to receive benefits provided under this Plan. Often, a Covered Person is referred to as "You."

Covered Services: The Medically Necessary services paid for, arranged, or authorized for You by Us under the terms and conditions of this Policy.

Custodial Service or Care: Care designed to assist You with activities of daily living and which can be provided by a layperson. Custodial Care is not specific treatment for an illness or injury and cannot be expected to substantially improve a medical condition. Such care includes, but is not limited to:

- Personal care such as assistance in walking, getting in and out of bed, dressing, bathing, feeding and use of toilet;
- Preparation and administration of special diets;
- Supervision of the administration of medication by a caregiver;
- Supervision of self-administration of medication; or
- Programs and therapies involving or described as, but not limited to, convalescent care, rest care, sanatoria care, educational care, or recreational care.

Deductible: The amount You owe before We begin to pay for Covered Services, listed in the Schedule of Benefits. The Deductible applies before any Copayments or Coinsurance are applied. The Deductible may not apply to all Covered Services. You may also have a Deductible that applies to a specific Covered Service (e.g., a Prescription Drug Deductible) that You owe before We begin to pay for a particular Covered Service.

Dependent: The Policyholder's Spouse or Children, who are covered under the Policy, as described in the WHO GETS BENEFITS section.

Diagnostic (Service/Testing): A test or procedure performed on a Covered Person, who is displaying specific symptoms, to detect or monitor a disease or condition. A Diagnostic Service also includes a Medically Necessary Preventive Care screening test that may be required for a Covered Person who is not displaying any symptoms. However, this must be ordered by a Provider.

Domiciliary Care: Care provided in a residential institution, treatment center, halfway house, or school because Your own home arrangements are not available or are unsuitable, and consisting chiefly of room and board, even if therapy is included.

Durable Medical Equipment (DME): Equipment which:

- Can withstand repeated use;
- Generally is not useful to a person in the absence of illness or injury;
- Is appropriate for use in an individual's home or may be necessary for use at other locations or in the community to allow basic activities of daily living (ADLs); and
- Is primarily and customarily used to serve a medical purpose rather than being primarily for comfort or convenience.

Effective Date: The date that Your coverage begins under this Policy.

Emergency Medical Condition: A medical condition that manifests itself by such Acute symptoms of sufficient severity, including severe pain, that a prudent layperson with an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in any of the following:

- Placing the health, including mental health, of the individual or, with respect to a pregnant woman, the health of the woman or her unborn Child, in serious jeopardy;
- Serious impairment to bodily function of the individual;
- Serious dysfunction of any bodily organ or part of the individual;
- Harm to the individual or others.

Emergency Services: Those health care services that must be available on a seven-days-per-week, twenty-four-hours-per-day basis to Stabilize an Emergency Medical Condition as soon as possible and are within the capabilities of the staff and facilities available at the Hospital, including any trauma and burn center of the Hospital, or any independent freestanding emergency facility. Including, where appropriate, provisions for treatment of Emergency Medical Conditions in out-of-area coverages.

Exclusions: Health care services that We do not pay for or cover.

Experimental/Investigative: Any Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply used in or directly related to the diagnosis, evaluation, or treatment of a disease, injury, illness, or other health condition which We determine to be

unproven. For how this is determined, see the EXCLUSIONS AND LIMITATIONS section.

Final Adverse Benefit Determination: An Adverse Benefit Determination that is upheld at the completion of Antidote's internal appeals process.

Formulary: The list that identifies those Prescription Drugs for which coverage may be available under the Prescription Drug benefit under this Plan. You may determine if a Prescription Drug is on the Formulary, or which tier a particular Prescription Drug has been assigned to, by visiting <https://www.antidotehealth.com/pharma> or by calling Antidote at the toll-free number on Your ID Card.

Generic Drugs: Prescription Drugs that have been determined by the Food and Drug Administration (FDA) to be equivalent to Brand Name Drugs, but are not made or sold under a registered trade name or trademark. Generic Drugs have the same active ingredients, meet the same FDA requirements for safety, purity, and potency and must be dispensed in the same dosage form (tablet, capsule, cream) as the Brand Name Drug.

Habilitative Services: Health care services or devices that help a person keep, learn or improve skills and functioning for daily living. Habilitative Services include the management of limitations and disabilities, including services or programs that help maintain or prevent deterioration in physical, cognitive, or behavioral function. These services consist of physical therapy, occupational therapy, and speech therapy.

Hospitalization: Care in a Hospital that requires admission as an Inpatient and usually requires an overnight stay.

Hospital Outpatient Care: Care in a Hospital that usually doesn't require an overnight stay.

Identification Card / ID Card: A card issued by Us to You, showing Your name, membership number, and general Plan information.

In-Network/Network: Services provided by a Network Provider.

Independent Freestanding Emergency Department: A health care Facility that is geographically separate, distinct, and licensed separately from a Hospital under applicable state law and provides any Emergency Services.

Independent Review Organization: An entity that is accredited to conduct independent external reviews of Adverse Benefit Determinations pursuant to section A.R.S. 20-2537.

Inpatient: Care as a registered bed patient in a Hospital or other Facility where a room and board charge is made. This does not apply to a Covered Person who is placed under observation for fewer than twenty-four (24) hours.

Intensive Outpatient Program (IOP): A licensed and approved evening treatment program. Such programs offer treatment of alcohol or other Drug dependence for nine (9) or more hours per week to individuals or groups of individuals who are not admitted as Inpatients. This term may also be referred to as "Intensive Outpatient Treatment."

Medically Necessary / Medical Necessity: See the HOW YOUR PLAN WORKS section of this Policy for the definition.

Medicare: a federal health insurance program for people age sixty-five (65) or older, people under age sixty-five (65) with certain disabilities, and people of all ages with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a kidney transplant).

Mental Health Disorder: A behavioral, emotional, or cognitive pattern of functioning in an individual that is associated with distress, suffering, or impairment in one or more areas of life.

Out-of-Pocket Limit: The most You pay during a Benefit Period in Cost-Sharing (as listed on Your Schedule of Benefits) before We begin to pay 100% of the Allowed Amount for Covered Services. This limit never includes Your Premium or the cost of health care services We do not cover.

Outpatient: A Covered Person who receives services or supplies while not an Inpatient.

Partial Hospitalization or Partial Day Services: A licensed and approved day treatment program that includes the major Diagnostic, medical, psychiatric, and psychosocial rehabilitation treatment modalities designed for patients with mental, emotional, or nervous disorders, and alcohol or other Drug dependence who require coordinated, intensive, comprehensive, and multidisciplinary treatment. Such a program shall provide treatment over a period of six or more continuous hours per day to individuals or groups of individuals who are not admitted as Inpatients.

Pharmacy and Therapeutics (P&T) Committee: A committee consisting of Health Care Providers, including nurses, pharmacists, and Physicians. The purpose of this committee is to assist in determining clinical appropriateness of Drugs; determining the assignments of Drugs; determining whether a Drug will be included in any of the Formularies; and advising on programs to help improve care. Such programs may include, but are not limited to, Drug utilization programs, Prior Authorization criteria, therapeutic conversion programs, cross-branded initiatives, and Drug profiling initiatives.

Physician-Administered Drug: An Outpatient Drug other than a vaccine that is typically administered by a Health Care Provider in a Physician's office or other Outpatient clinical setting. For example, Drugs that are infused or injected are typically Physician-Administered Drugs. Physician-Administered Drugs require Prior Authorization.

Physician Services: Health care services a licensed medical Physician provides or coordinates.

Placement for Adoption: The assumption and retention by a person of a legal obligation for total or partial support of a Child in anticipation of the adoption of the Child. The Child's placement with a person terminates upon the termination of that legal obligation.

Plan: this Antidote plan.

Policy: refers to this Policy issued by Antidote, including this Evidence of Coverage, Schedule of Benefits, and any attached riders. It refers to the document which describes the agreements between You and Us. The Policy provides a summary of the terms of Your benefits. Policy may also be referred to as "Plan."

Policyholder: The person to whom this Policy is issued. The Policyholder is legally responsible for the payment of Premium and any Copayments, Coinsurance, and Deductible amounts required under this Policy.

Prior Authorization: The determination by Antidote, or a Utilization Review agent, that a health care service has been reviewed and based on the information provided, satisfies this plans requirements for Medical Necessity and appropriateness and payment under this plan will be made for that health care service. Your Provider is required to request Prior Authorization from

Us.

A Prior Authorization request, once granted or deemed granted, is binding on this plan, and may not be rescinded or modified by Us or a Utilization Review agent after We render the authorized health care services in good faith and pursuant to the authorization, unless there is evidence of fraud or misrepresentation by the Provider.

Premium: The amount that must be paid for Your health insurance coverage.

Prescription Legend Drug, Prescription Drug, or Drug: A medication, product or device that has been approved by the FDA and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or refill and is on the Formulary. A Prescription Drug includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver.

Covered Prescription Drugs

- 1. A Prescription Legend Drug for which a written prescription is required. A Legend Drug is one which has on its label "caution: federal law prohibits dispensing without a prescription";
- 2. Insulin; pre-filled insulin cartridges for the blind; oral blood sugar control agents;
- 3. Needles, syringes, glucose monitors, and machines, glucose test strips, visual reading ketone strips; urine test strips, lancets and alcohol swaps are all covered when dispensed by the mail order and retail pharmacy program;
- 4. A compound medication of which at least one ingredient is a Prescription Legend Drug;
- 5. Tretinoin for individuals through age 24;
- 6. Any other drug which, under the applicable state law, may be dispensed only upon the written prescription of a Physician;
- 7. Oral contraceptives or contraceptive devices, regardless of intended use, except that implantable contraceptive devices, such as Norplant, are not considered Covered Prescription Drugs;
- 8. Prenatal vitamins, upon written prescription;
- 9. Growth hormones (with Prior Authorization); or
- 10. Injectable drugs or medicines for which a prescription is required, except injectable infertility drugs.

Prescription Order: A legal request, written by a Provider, for a Prescription Drug or medication and any subsequent refills.

Provider: A Physician, Health Care Provider or Facility licensed, registered, certified, or accredited as required by state law. A Provider also includes a vendor or dispenser of diabetic equipment and supplies, DME, medical supplies, or any other equipment or supplies that are covered under this Policy that is licensed, registered, certified or accredited as required by state law. Providers include, but are not limited to, the following persons and facilities listed below. If You have a question about a Provider not shown below, please call the number on the back of Your ID card.

- **Alcoholism Treatment Facility** – A facility that mainly provides detoxification and/or rehabilitation treatment for alcoholism.
- **Alternative Care Facility** – A non-Hospital health care facility, or an attached facility designated as free standing by a Hospital that the Plan approves, which provides Outpatient Services primarily for but not limited to:
 - Diagnostic Services such as Computerized Axial Tomography (CAT scan) or

- Magnetic Resonance Imaging (MRI);
 - Surgery; and
 - Therapy Services or rehabilitation.
- **Ambulatory Surgical Center** – A facility, with an organized staff of Physicians, that:
 - Is licensed as such, where required;
 - Has permanent facilities and equipment for the primary purpose of performing surgical procedures on an Outpatient basis;
 - Provides treatment by or under the supervision of Physicians and nursing services whenever the patient is in the facility;
 - Does not provide Inpatient accommodations; and
 - Is not, other than incidentally, used as an office or clinic for the private practice of a Physician or other professional Provider.
- **Clinical Nurse Specialists** – whose nursing specialty is Mental Health.
- **Day Hospital** – A facility that provides day Rehabilitation Services on an Outpatient basis. Day Rehabilitation Services are for those patients who do not require Inpatient care but still require Rehabilitation Services four (4) to eight (8) hours a day, two (2) or more days a week at a Day Hospital. Day Rehabilitation Services may consist of physical therapy, occupational therapy, speech therapy, nursing services, and neuropsychological services. A minimum of two (2) Therapy Services must be provided for this program to be a Covered Service. Services provided in a Day Hospital are subject to a combined visit limit with other Outpatient Therapy Services.
- **Dialysis Facility** – A facility which mainly provides dialysis treatment, maintenance, or training to patients as an Outpatient or at Your home. It is not a Hospital.
- **Drug Abuse Treatment Facility** – A facility which provides detoxification and/or rehabilitation treatment for Drug abuse.
- **Facility** – A Hospital; Ambulatory Surgical Center; birthing center; dialysis center; rehabilitation Facility; Skilled Nursing Facility; Hospice; Home Health Care Agency; a comprehensive care center for eating disorders pursuant to state law.
- **Health Care Provider** – A licensed Hospital or health care facility, medical equipment supplier or person who is licensed, certified or otherwise regulated to provide health care services under any applicable law, including a Physician, podiatrist, optometrist, Psychologist, physical therapist, certified nurse practitioner, registered nurse, nurse midwife, physician's assistant, chiropractor, dentist, pharmacist or an individual accredited or certified to provide Behavioral Health Care Services.
- **Home Health Care Agency** – A facility, licensed in the state in which it is located, which:
 - Provides skilled nursing and other services on a visiting basis in the Covered Person's home; and
 - Is responsible for supervising the delivery of such services under a Plan prescribed and approved in writing by the attending Physician.
- **Home Infusion Facility** – A facility which provides a combination of:
 - Skilled nursing services;
 - Prescription Drugs; and
 - Medical supplies and appliances in the home as home infusion therapy for Total Parenteral Nutrition (TPN), Antibiotic therapy, Intravenous (IV) Chemotherapy, Enteral Nutrition Therapy, or IV pain management.
- **Hospice or Hospice Care** – A coordinated plan of home, Inpatient and Outpatient care which provides palliative and supportive medical and other health services to

terminally ill patients. An interdisciplinary team provides a program of planned and continuous care, of which the medical components are under the direction of a Physician. Care is available twenty-four (24) hours a day, seven (7) days a week. The Hospice must meet the licensing requirements of the state or locality in which it operates.

- **Hospital** – A Provider constituted, licensed, and operated as set forth in the laws that apply to Hospitals, which:
 - Provides room and board and nursing care for its patients;
 - Has a staff with one or more Physicians available at all times and every patient is under the care of a Physician;
 - Provides twenty-four (24) hour nursing service by or under the supervision of a registered professional nurse (R.N.);
 - Has organized departments of medicine and major surgery;
 - Maintains on its premises all the facilities needed for the diagnosis, medical care, and treatment of an illness or injury; and
 - Is fully accredited by the Joint Commission on Accreditation of Health Care Organizations.
 - The term Hospital does not include a Provider, or that part of a Provider, used mainly for:
 - Nursing care
 - Rest care
 - Convalescent care
 - Care of the aged
 - Custodial Care
 - Educational care
 - Treatment of alcohol abuse
 - Treatment of Drug abuse
 - Hospital does not mean health resorts, spas or infirmaries at schools or camps.
 - Hospital also includes an Independent Freestanding Emergency Department, when providing Emergency Services to the enrollee.
- **Network Provider** – A Provider who has a contract with Us to provide services to You. A list of Network Providers and their locations is available on Our website at <https://www.antidotehealth.com/find-a-doctor> or upon Your request to Us. The list will be revised from time to time by Us.
 - Antidote's In-Network lab Providers consist of lab Providers that have demonstrated high standards for access, quality, cost, data, and service based on proprietary criteria. We will only pay for lab work conducted by an In-Network lab Provider, unless conducted in the event of an emergency.
- **Out-of-Network Provider** – A Provider who doesn't have a contract with Us to provide services to You. The services of Out-of-Network Providers are covered only for Emergency Services or when authorized by Us.
- **Outpatient Psychiatric Facility** – A facility which mainly provides Diagnostic and therapeutic services for the treatment of Mental Health Disorders or Substance Abuse conditions on an Outpatient basis.
- **Pharmacy** – An establishment licensed to dispense Prescription Drugs and other medications through a duly licensed pharmacist upon a Physician's order.
- **Physician** – A legally licensed doctor of medicine, doctor of osteopathy (bones and muscles), Chiropractor (spinal column and other body structures), dental surgeon

(teeth), podiatrist (diseases of the foot) or surgical chiropodist (surgical foot Specialist) or optometrist (eye and sight Specialist).

- **Primary Care Physician (PCP)** – A Network Provider who typically is an internal medicine, family practice, general practice, obstetrics/gynecology, geriatrics, or pediatric Physician and who directly provides or coordinates a range of health care services for You.
- **Professional Clinical Counselors**
- **Professional Counselors**
- **Psychiatric Hospital** – A facility that is primarily engaged in providing Diagnostic and therapeutic services for the Inpatient treatment of Mental Health Disorders or Substance Abuse conditions. Such services are provided, by or under the supervision of, an organized staff of Physicians. Continuous nursing services are provided under the supervision of a registered nurse.
- **Psychiatrist** – A licensed clinical psychiatrist. In states without licensure laws, a psychiatrist must be certified by the appropriate professional body.
- **Psychologist** – A licensed clinical Psychologist. In states where there is no licensure law, the Psychologist must be certified by the appropriate professional body.
- **Rehabilitation Hospital** – A facility that is primarily engaged in providing Rehabilitation Services on an Inpatient or Outpatient basis. Rehabilitation care services consist of the combined use of medical, social, educational, and vocational services to enable patients disabled by disease or injury to achieve some reasonable level of functional ability. Services are provided by or under the supervision of an organized staff of Physicians. Continuous nursing services are provided under the supervision of a registered nurse.
- **Retail Health Clinic** – A facility that provides limited basic medical care services to Covered Persons on a “walk-in” basis. These clinics normally operate in major pharmacies or retail stores. Medical services are typically provided by physician assistants and nurse practitioners.
- **Skilled Nursing Facility** – A Provider constituted, licensed, and operated as set forth in applicable state law, which:
 - mainly provides Inpatient care and treatment for persons who are recovering from an illness or injury;
 - provides care supervised by a Physician;
 - provides twenty-four (24) hour per day nursing care supervised by a full-time registered nurse;
 - is not a place primarily for care of the aged, Custodial or Domiciliary Care, or treatment of alcohol or Drug dependency; and
 - is not a rest, educational, or custodial Provider or similar place.
- **Social Worker** – A licensed Clinical Social Worker. In states where there is no licensure law, the Social Worker must be certified by the appropriate professional body.
- **Specialist** – A Physician or Health Care Provider who focuses on a specific area of medicine or a group of patients to diagnose, manage, prevent, or treat certain types of symptoms and conditions.
- **Supplier of Durable Medical Equipment, Prosthetic Appliances and/or Orthotic Devices**
- **Urgent Care Center** – A licensed health care facility that is organizationally separate

from a Hospital and whose primary purpose is the offering and provision of immediate, short-term medical care, without appointment, for Urgent Care.

Qualified Travel Expenditures: Transportation, room and board costs incurred while obtaining covered services Prior Authorized by Us outside the service area in cases where it has been determined by Us that the Prior Authorized covered services are not available in the service area.

Referral: A recommendation given to one Network Provider from another Network Provider (usually from a PCP to a Network Specialist) in order to arrange for additional care for a Covered Person. A Referral can be transmitted electronically or by Your Provider completing a paper Referral form.

Rehabilitation Services: Health care services that help a person keep, get back, or improve skills and functioning for daily living that have been lost or impaired because a person was sick, hurt, or disabled. These services consist of physical therapy, occupational therapy, and speech therapy in an Inpatient and/or Outpatient setting.

Residential Treatment: Treatment of Mental Health Disorders and/or Substance Abuse Disorders provided in a Hospital or treatment facility licensed to provide a continuous, structured program of treatment and rehabilitation, including twenty-four (24) hour-a-day nursing care. Individualized and intensive treatment includes observation and assessment by a Psychiatrist at least weekly and rehabilitation, therapy, education, and recreational or social activities. Residential Treatment Centers are only covered when qualified as a mental health facility or substance abuse facility providing continuous, structured, twenty-four (24) hour-a-day program of mental health, Drug or alcohol treatment and rehabilitation including twenty-four (24) hour-a-day nursing care.

Schedule of Benefits: A document, incorporated by reference in this Policy that describes the Copayments, Deductibles, Coinsurance, Out-of-Pocket Limits, Prior Authorization requirements, and other limits on Covered Services.

Service Area: The geographical area, designated by Us and approved by the State of Arizona, in which We provide coverage.

Spouse: The person to whom the Policyholder is legally married, including a same sex Spouse. Spouse also includes a domestic partner.

Stabilize: The provision of such medical treatment as may be necessary to assure, within reasonable medical probability, that no material deterioration of an individual's medical condition is likely to result from or occur during a transfer to a network facility or discharge of the individual from a facility, if the medical condition could result in any of the following:

- Placing the health of the individual or, with respect to a pregnant woman, the health of the woman or her unborn Child, in serious jeopardy;
- Serious impairment to bodily functions; or
- Serious dysfunction of any bodily organ or part. In the case of a woman having contractions, Stabilize means such medical treatment as may be necessary to deliver, including the placenta.
- Non-emergency medical transportation, including interfacility transports must be Prior Authorized.

Substance Abuse: Alcohol, Drug or chemical abuse, overuse, or dependency.

Telemedicine or Telehealth: The delivery of health care services through synchronous or asynchronous information and communication technology by a Health Care Provider, within the Health Care Provider's scope of practice, who is located at a site other than the site where the recipient is located.

Therapeutic Abortion: an abortion performed to save the life or health of a mother, or as a result of incest or rape.

Therapy Services: Services and supplies that are used to help a person recover from an illness or injury. Covered Therapy Services are limited to services listed as Covered Services in this Policy.

Urgent Care: Those health care services that are appropriately provided for an unforeseen condition of a kind that usually requires medical attention without delay but that does not pose a threat to the life, limb, or permanent health of the injured or ill person, and may include such health care services provided out of Antidote's approved Service Area pursuant to indemnity payments or service agreements.

Utilization Review ("UR"): a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures, or settings. Utilization Review shall not include elective requests for clarification of coverage.

We, Us, Our, and Ours: Antidote.

You and Your: The Covered Person and/or any Dependents covered by this Plan.

SECTION III – MEMBER RIGHTS AND RESPONSIBILITIES

As a Member, You have the right:

- To receive information about the organization, its services, its practitioners, Providers, and Your rights and responsibilities.
- To be treated with respect and recognition of Your dignity and Your right to privacy.
- To participate with practitioners in making decisions about Your health care.
- To a candid discussion of appropriate or medically necessary treatment options for Your conditions, regardless of cost or benefit coverage.
- To voice complaints or appeals about the organization or the care it provides.
- To make recommendations regarding the organization's Member Rights and Responsibilities Policy.
- To have access to a current list of Network Providers. Additionally, a Member may access information on Network Providers' education, training, and practice.
- To select a health plan or switch health plans, within the guidelines, without any threats or harassment.
- To receive information in a different format in compliance with the Americans with Disabilities Act if You have a disability.
- To select a Primary Care Provider within the network. You have the right to change Your Primary Care Provider or request information on Network Providers close to Your home or work.
- To know the name and job title of people providing care to You. You also have the right to know which provider is Your Primary Care Provider.
- To a second opinion by a network physician, at no cost to You, if You believe that the

Network Provider is not authorizing the requested care, or if You want more information about Your treatment.

- To privacy of Your personal health information, consistent with state and federal laws, and Plan policies.
- To be kept informed of covered and non-covered services, program changes, how to access services, Primary Care Provider assignment, providers, advance directive information, referrals and authorizations, benefit denials, Member rights and responsibilities, and other Plan rules and guidelines. The Plan will notify You at least 60 days before the effective date of the modifications. Such notices shall include the following:
 - To adequate access to qualified medical practitioners and treatment or services regardless of age, race, creed, sex, sexual orientation, national origin, or religion. Sex discrimination includes, but is not limited to, discrimination based on pregnancy, gender identity and sex stereotyping.
 - To have access to an interpreter when You do not speak or understand the language of the area.
- To execute an advance directive for health care decisions. An advance directive will assist the Primary Care Provider and other providers to understand Your wishes about the Your health care. The advance directive will not take away Your right to make Your own decisions. Examples of advance directives include:
 - Living Will
 - Health Care Power of Attorney
 - "Do Not Resuscitate" Orders
 - Members also have the right to refuse to make advance directives. Members may not be discriminated against for not having an advance directive.

As a Member, You have the responsibility:

- To supply information (to the extent possible) that the organization and its practitioners and providers need in order to provide care.
- To follow plans and instructions for care that You have agreed to with Your practitioners.
- To understand Your health problems and participate in developing mutually agreed-upon treatment goals, to the degree possible.
- To treat all health care professionals and staff with courtesy and respect.
- To show Your I.D. Card and keep scheduled appointments with Your provider and call the provider's office during office hours whenever possible if You have a delay or cancellation.
- To know the name of Your assigned Primary Care Provider. You should establish a relationship with Your Primary Care Provider. You may change Your Primary Care Provider verbally or in writing by contacting the Plan's Member Services Department.
- To follow all health benefit plan guidelines, provisions, policies, and procedures.
- To use an emergency room only when You think You have a medical emergency. For all other care, You should seek care at an urgent care center, Antidote telehealth or call Your Primary Care Provider.
- To give all information about any other medical coverage You have at the time of enrollment. If, at any time, You gain other medical coverage besides Antidote coverage, You must provide this information to Antidote.
- To pay Your monthly premium, all deductible amounts, copayment amounts, or other cost-sharing amounts at the time of service.

SECTION IV – HOW YOUR PLAN WORKS

Your Coverage Under this Plan

You have purchased a health insurance Plan from Us. We will provide the benefits described in this Plan to You and Your covered Dependents. You should keep this Plan with Your other important papers so that it is available for Your future reference.

In the event of Antidote's insolvency or end of operations, We will provide You with a thirty (30) day written notice. You may qualify for a Special Enrollment Period. Please visit [Get Marketplace health coverage outside Open Enrollment only with a Special Enrollment Period | HealthCare.gov](#)

Choosing a Primary Care Physician or a Primary Care Provider (PCP)

You must select a Primary Care Physician, who is in the Service Area, to obtain benefits. A Primary Care Physician may also be referred to as a PCP. A Primary Care Physician will be able to coordinate all Covered Services and submit Referrals for services from Network Providers. If You are the custodial parent of a Dependent Child, You must select a Primary Care Physician who is in the Network Area, for that Child. If You do not select a Primary Care Physician for Yourself or Your Dependent Child, one will be assigned. For Children, You may designate a pediatrician as the Primary Care Provider.

For obstetrical or gynecological care, You do not need a Referral from a Primary Care Physician and may seek care directly from any Network Provider who specializes in obstetrics or gynecology.

Specialists

A wide range of Specialists are included in the Antidote Network. When You need a Specialist's care, In-Network benefits will be available, but only if You use a Network Provider. There may be occasions however, when You need the services of an Out-of-Network Provider. This could occur if You have a complex medical problem that cannot be taken care of by a Network Provider. If the services You require are not available from Network Providers, In-Network benefits will be provided when You use Out-of-Network Providers. Contact Us at the toll-free number on Your ID card to request the necessary Prior Authorization for Out-Of-Network services in this situation.

Standing Referrals

You may also request a standing referral from Your Primary Care Physician. Your Primary Care Physician will confer with a Specialist and determine whether You need continuing care from a Specialist. This referral will remain in effect even if Your Primary Care Physician leaves the health care services network. The referral will be made pursuant to a treatment plan approved by Antidote in consultation with You, Your Primary Care Physician, and the Specialist. The treatment plan may limit the number of visits to the Specialist, limit the period of time for which the visits are authorized, or require the Specialist to provide Your Primary Care Physician with regular reports on the health care provided to You. Within three (3) business days of Our receipt of Your request, We will make a determination provided that we have all information necessary to do so.

If You have a condition or disease that requires specialized medical care over a prolonged period of time and is life-threatening, degenerative, or disabling, You may receive a referral to a Specialist who has expertise in treating the condition. The Specialist will direct care in the same manner as Your Primary Care Physician. In addition, such a referral will be available if Your Primary Care Physician determines in consultation with the Specialist that You need the Specialist's expertise. The referral and treatment by the Specialist will be pursuant to a treatment plan approved by Us in consultation with You, Your Primary Care Physician, and the Specialist. If the Specialist leaves the Network or You cease to be covered, the Standing Referral will expire.

Emergency Services and Care

If You immediately need Medically Necessary Emergency Services, We will provide coverage for those services if they are provided by a Network or an Out-of-Network Provider. We will provide benefits for this care, if received from an Out-of-Network Provider, to the same extent as would have been provided if care and treatment were provided by a Network Provider. We will provide benefits for this care until Your medical condition permits travel or transport to a Network Provider. If You receive care and treatment for an Emergency Medical Condition from an Out-of-Network Provider, after the initial medical screening examination and any immediately necessary stabilizing treatment, You should notify Us by calling twenty-four (24) hour telephone number located on Your ID card. Emergency Services are available at any Out-of- Network Hospital, within or outside of the Service Area.

We do not provide coverage for out-of-area services for anything other than Emergency Services as outlined above and Urgent Care services subject to the conditions specified in the Urgent Care section of this Plan. Be sure to call Us and report Your emergency within one business day. You do not need prior approval for Emergency Services.

After Hours Care

If You need care after normal business hours, Your Physician may have several options for You. You should call Your Physician's office for instructions if You need care in the evenings, on weekends, or during the holidays and cannot wait until the office reopens. If You have an emergency, call 911 or go to the nearest emergency room.

Network Providers

This Plan only covers Network benefits. To receive Network benefits, You must receive care exclusively from Network Providers in Our Network. Services must be performed or supplies furnished by a Network Provider in order for benefits to be payable. There are no benefits provided when using an Out-of-Network Provider and You will be responsible for paying the cost of all care that is provided by Out-of-Network Providers unless We have Prior Authorized that care or the Out-of-Network Provider is administering Emergency Services (as described in the COVERED HEALTH CARE SERVICES section of this Plan).

Network Providers must seek compensation for Covered Services solely from Antidote, except for Copayments, Coinsurance and/or Deductibles. To find out if a Provider is a Network Provider:

- Check Your Provider directory, available at Your request;
- Call the toll-free number on Your ID card; or
- Visit Our website at <https://www.antidotehealth.com/find-a-doctor>.

To reduce Your Out-of-Pocket costs, be sure to confirm that the Provider You wish to see is a Network Provider. For example, if You are treated for a non-Emergency Service in a Hospital, it is especially important to check ALL Your Providers' Network statuses. While Your treating Provider may be participating in the Antidote Network, other Providers involved, such as anesthesiologists, pathologists, or radiologists, may not be part of Your Network of Providers.

We may pay for certain Medically Necessary Out-of-Network services if Antidote determines, in Our sole discretion, that You received such Medically Necessary Out-of-Network services on an involuntary basis as a result of receiving Covered Services from a Network Provider, did not elect to receive Services from an Out-of-Network Provider, and a Network Provider was not

available to render such Medically Necessary Services to You. You may be responsible for the difference between the Out-of-Network Provider's charges and the amount allowed by Antidote for the Medically Necessary Out-of-Network services, in addition to any applicable Copayment, Coinsurance and Deductible. Any applicable Copayment, Coinsurance and Deductible would apply to Your Maximum Out-of-Pocket.

Your Out-of-Pocket cost will not exceed the rate negotiated between Us and the Provider.

Out-of-Network Providers

If You elect to see an Out-of-Network Provider when the services could have been provided by a Network Provider, no benefits will be available.

Arizona Ins. Code § 20-3113 and the Federal No Surprises Act establish patient protections, including protections against Out-of-Network Providers' surprise bills ("Balance Billing") for Emergency Services and other specified items or services. We will comply with these new state and federal requirements including how We process claims from certain Out-of-Network Providers.

When You visit an Out-of-Network Provider for Prior Authorized services not available from Network Providers, or if You cannot reasonably reach a Network Provider for Emergency Services, We will:

- pay the claim at the In-Network benefit Cost-Sharing level; and
- when issuing payment, provide You with an explanation of benefits.

In the event You receive Prior Authorized services from an Out-of-Network Provider, You are only responsible for In-Network level of cost sharing. As part of the Utilization Management process, Antidote Health Plan or its designee will make best efforts to enter into a single case agreement (SCA) with the Out-of-Network Provider. Regardless of whether Antidote Health Plan or its designee is successful securing an SCA, the In-Network level of benefits will apply. Because the services are Prior Authorized, there should be no costs incurred by the enrollee beyond the In-Network level. The SCA will expressly state the prohibition against balance billing the member for any amounts above what has been contractually agreed to between the Out-of-Network Provider and the Plan.

Utilization Review Decisions and Procedures

For initial determinations, We will make Our determinations within the following timeframes:

- For pre-service urgent requests: within one (1) business day.
- For pre-service non-urgent requests: within fifteen (15) calendar days.
- For concurrent urgent requests (submitted in a timely manner – for an extension of care approved previously, where the request is received more than twenty-four (24) hours before the expiration of the urgent authorization): within one (1) calendar day.
- For post-service requests: within thirty (30) days.

For approvals, We will provide written notification of Our decision within two (2) business days of Our decision.

For denials (Adverse Determinations), We will provide verbal and written notification within one (1) business day of Our determination. In any case where NCQA National Committee for Quality Assurance (hereby referred to as "NCQA") or federal authorization time frames conflict with

Arizona standards, We will adhere to the stricter of all relevant time frames.

Designation of an Authorized Representative

You have the right to designate an Authorized Representative. If You wish to do so, You must complete and sign an Authorized Representative form. This form can be obtained by calling the Member Services Team at the telephone number indicated on the back of Your Identification Card.

Prior Authorization for Inpatient and Outpatient Services

Prior Authorization is required for all non-emergency Inpatient admissions, and certain other admissions, to be eligible for benefits. The list of services subject to Prior Authorization can be accessed online at <https://www.antidotehealth.com/plandocs>.

Coverage is always subject to other requirements of this Plan limitations and Exclusions, payment of Premium and eligibility at the time care and services are provided.

Please note that emergency admissions may be reviewed post admission.

To obtain Prior Authorization or verify requirements for Inpatient or Outpatient Services, including which services require Prior Authorization, Your Provider can call Antidote at the toll-free number on Your ID card or online at <https://www.antidotehealth.com/provider>.

In order to minimize the potential for care delays, We recommend that Prior Authorization requests be received within the following timeframes when feasible:

- At least five (5) days prior to an elective admission as an Inpatient in a Hospital, extended care or rehabilitation facility, or Hospice facility.
- At least thirty (30) days prior to the initial evaluation for organ transplant services.
- At least thirty (30) days prior to receiving clinical trial services.
- At least five (5) days prior to a scheduled Inpatient behavioral health or Substance Abuse treatment admission.
- At least five (5) days prior to the start of home health care services.

Retrospective Review

As specified herein, certain health care procedures, treatments or services that are covered under Your Antidote plan, including a Prescription Drug, device or Durable Medical Equipment, require Prior Authorization. Prior Authorization is the practice implemented by Antidote or its Utilization Review agent in which coverage of a health care service is dependent on You or Your Provider obtaining approval from Antidote before the service is performed, received or prescribed, as applicable. Prior authorization review includes preadmission review, pretreatment review, prospective review or Utilization Review procedures conducted by Antidote or its Utilization Review agent before providing a health care service, but it excludes case management or step therapy protocols. Emergency Services do not require Prior Authorization.

Once Antidote or its Utilization Review agent, approve a health care procedure, treatment or service, the approval of such procedure, treatment or service may not be overturned unless Antidote's or its Utilization Review agent's approval decision relied upon incorrect or incomplete information.

If You or Your Provider do not obtain approval for a procedure, treatment or service that requires Prior Authorization prior to services being performed, Antidote will allow You or Your In-

Network Provider to submit a Request for Retrospective Review within 30 days of the date the service, treatment or procedure was initiated. Antidote's or its Utilization Review agent's review will be a determination whether the procedure, treatment or services were Medically Necessary. Medically Necessary services are those intended to prevent or treat disease, disability or other adverse conditions or their progression or to prolong life. Medically Necessary services do not include services that are Experimental or Investigative or prescriptions that are prescribed off-label. Medically Necessary services also do not include any different or additional procedures, services or treatments beyond those specifically reviewed and approved by this Plan.

To request a Retrospective Review, please call Antidote at 888-623-3195.

Your In-Network Provider may also request a Retrospective Review by calling 888-509-2688.

Adverse Determination

A written notification of an Adverse Determination will include the principal reason or reasons for the determination, the instructions for initiating an appeal of the determination, and the instructions for requesting a written statement of the clinical rationale, including a reference to specific criteria or guideline used in making the decision. Upon request, Antidote will provide a copy of the criteria or guideline used in Our decision. You may also request an Appeals Process Information Packet from Us by contacting Our Member Services by calling the toll-free number on Your ID card. If You receive an Adverse Determination, You have the right to Appeal. Please refer to Section XI – Appeals and Complaint Procedures.

In cases where the Provider or You will not release necessary information, Antidote may deny certification of an admission, procedure, or service.

If an Authorized Representative of Antidote authorizes the provision of health care services, Antidote will not subsequently retract its authorization after the health care services have been provided, or reduce payment for an item or service furnished in reliance on approval, unless such authorization is based on a material misrepresentation or omission about the treated person's health condition or the cause of the health condition, the health benefit Plan terminates before the health care services are provided or the Your coverage under the health benefit Plan terminates before the health care services are provided.

Case Management

Case management helps coordinate services for Covered Persons with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Covered Persons who agree to take part in the case management program to help meet their health-related needs.

Our case management programs are confidential and voluntary. These programs are given at no extra cost to You and do not change Covered Services. If You meet program criteria and agree to take part, We will help You meet Your identified health care needs. This is reached through contact and team work with You and/or Your Authorized Representative, treating Physician(s), and other Providers. In addition, We may assist in coordinating care with existing community-based programs and services to meet Your needs, which may include giving You information about external agencies and community-based programs and services.

Examples of the case management programs offered by this Plan are:

- Hypertension;

- Diabetes; and
- Mental Health.

These programs are designed to support Your engagement in a collaborative process to manage chronic medical and Mental Health conditions more effectively.

We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, We will notify You or Your Authorized Representative in writing.

Medical Necessity

All services and supplies for which benefits are available under the Plan must be Medically Necessary as determined by Antidote. Charges for services and supplies which Antidote determines are not Medically Necessary may not be used to satisfy Deductibles or to apply to the Maximum Out of Pocket amount.

We base Our decision on a review of:

- Your medical records;
- Our medical policies and clinical guidelines;
- Medical opinions of a professional society, peer review committee or other groups of Physicians;
- Reports in peer-reviewed medical literature;
- Reports and guidelines published by nationally recognized health care organizations that include supporting scientific data;
- Professional standards of safety and effectiveness, which are generally recognized in the United States for diagnosis, care or treatment;
- The opinion of Health Care Providers in the generally-recognized health specialty involved;
- The opinion of the attending Providers, which have credence but do not overrule contrary opinions.

Services will be deemed Medically Necessary only if:

- They are clinically appropriate in terms of type, frequency, extent, site, and duration, and considered effective for Your illness, injury, or disease;
- They are required for the diagnosis, direct care and treatment, appropriate management, or ongoing monitoring of that condition;
- Your condition would be adversely affected if the services were not provided;
- They are provided in accordance with generally-accepted standards of medical practice;
- They are not primarily for the convenience of You, Your family, or Your Provider;
- They are not Experimental/Investigative nor subject to an Exclusion under this Policy;
- They are not more costly than an alternative service or sequence of services, that is at least as likely to produce equivalent therapeutic or Diagnostic results; and
- When setting or place of service is part of the review, services that can be safely provided to You in a lower cost setting will not be Medically Necessary if they are performed in a higher cost setting. For example, We will not provide coverage for an Inpatient admission for surgery if the surgery could have been performed on an Outpatient basis or an infusion or injection of a specialty Drug provided in the Outpatient department of a Hospital if the Drug could be provided in a Physician's office or the home setting.

Medically Necessary services provided to You by a family member are covered in the same manner as they would be covered if You received such Medically Necessary services from a provider not related to You. Except for Emergency Services, coverage is limited to Medically Necessary services performed by In-Network providers.

See the APPEALS AND COMPLAINT PROCEDURES section of this Policy for Your right to an Appeal and independent review of Our determination that a service is not Medically Necessary.

Identification Card

The Identification Card tells Providers that You are entitled to benefits under Your Antidote Plan. The ID Card offers a convenient way of providing important information specific to Your coverage including, but not limited to, the following:

- Your Member ID.
- Important telephone numbers.

Always remember to carry Your Identification Card with You and present it to Providers or Participating Pharmacies when receiving health care services or supplies. Please remember that any time a change in Your family takes place, issuance of a new ID Card may be necessary (refer to the WHO GETS BENEFITS section for instructions when changes are made). Upon receipt of the change in information, Antidote will provide a new ID Card. If You lose Your card and need to request a replacement, please call Member Services at the toll-free number on Your ID card.

Telemedicine

Your coverage will include Telemedicine visit services provided by designated Network Providers. Benefits for these services are provided to the same extent as an in-person service under any applicable benefit category in this section unless otherwise specified in the Schedule of Benefits.

See Your Schedule of Benefits for any applicable Deductible, Coinsurance, Copayment and Benefit Limitation information.

Continuity of Care

In cases where a Network Provider is terminated, You may continue to receive coverage for services at the level of reimbursement applicable to similar services by Providers within the Network, as though termination had not occurred, until the earlier of 90 days or the date on which You are no longer a continuing care patient with respect to the Provider, for the following circumstances:

- You are or were determined to be terminally ill and are receiving treatment for such illness from the Provider.
- You are pregnant and are undergoing a course of treatment for the pregnancy from the Provider. This includes delivery and any care up to six (6) weeks after the delivery that is related to the delivery.
- You are undergoing an Active Course of Treatment for a serious and complex condition from the Provider.
- You are undergoing a course of institutional or Inpatient care from the Provider.
- You are scheduled to undergo nonelective surgery from the Provider, including receipt of postoperative care in connection with the surgery.

New enrollees may continue to receive coverage for benefits or services from a Provider who is not a Network Provider, upon written request by the enrollee to continue an Active Course of Treatment with the Provider, under the following circumstances:

- You are or were determined to be terminally ill and are receiving treatment for such illness from the Provider.
- You are pregnant and are undergoing a course of treatment for the pregnancy from the Provider. This includes delivery and any care up to six (6) weeks after the delivery that is related to the delivery.
- You are undergoing an Active Course of Treatment for a serious and complex condition from the Provider.
- You are undergoing a course of institutional or Inpatient care from the Provider.
- You are scheduled to undergo nonelective surgery from the Provider, including receipt of postoperative care in connection with the surgery.

Such coverage will be at the level of reimbursement applicable to similar services by Providers within the Network, covered as such until the earlier of 90 days or the date on which You are no longer a continuing care patient with respect to the Provider.

A serious and complex condition is (i) in the case of an acute illness, a condition that is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm; or (ii) in the case of a chronic illness or condition, a condition that is life-threatening, degenerative, potentially disabling, or congenital and requires specialized medical care over a prolonged period of time.

In both cases, the Provider must also continue to accept as payment in full reimbursement from Antidote at the rates applicable before the beginning of the transitional period, comply with Our Utilization Review requirements, and provide to Us any necessary medical information related to the care. The Provider must also comply with Our policies and procedures, including those related to obtaining Prior Authorization, claims handling and any treatment plans subject to approval by Us.

Continuity of Care benefits are subject to all other applicable provisions and terms of Your Plan. To request a continuity of care, please call Us at the toll-free number on Your ID card.

Authorization to an Out-of-Network Provider

If We determine that We do not have a Network Provider that has the appropriate training and experience to treat Your condition, We will approve an authorization to an appropriate Out-of-Network Provider. Your Network Provider or You must request prior approval of the authorization to a specific Out-of-Network Provider. Approvals of authorizations to Out-of-Network Providers will not be made for the convenience of You or another treating Provider and may not necessarily be to the specific Out-of-Network Provider You requested.

If We approve the authorization, all services performed by the Out-of-Network Provider may be subject to a treatment plan approved by Us in consultation with Your PCP, the Out-of-Network Provider and You. Covered Services rendered by the Out-of-Network Provider will be processed as if they were provided by a Network Provider and the cost to You will be no greater than if You received care from a Network Provider. You will be responsible only for any applicable In-Network Cost-Sharing.

In the event an authorization is not approved, any services rendered by an Out-of-Network

Provider will not be covered.

We will reimburse You for Qualified Travel Expenditures. You may request reimbursement for Qualified Travel Expenditures by calling Antidote's Member Services Department at 1-888-623-3195. Mileage expenses will be reimbursed at the current IRS mileage standard for miles driven for medical purposes. You must support your claim for Qualified Travel Expenditures with the appropriate documentation (e.g., paid receipts). Requests for mileage reimbursement must include odometer readings or a reliable online mapping service to document the distance traveled. Other eligible travel expenses will be reimbursed in accordance with the Federal Travel Regulation in effect on the date expenses were incurred.

Rescission

A rescission of Your coverage means that the coverage may be legally voided all the way back to the day the Plan began to provide You with coverage, just as if You never had coverage under the Plan. Your coverage can only be rescinded if You (or a person seeking coverage on Your behalf), performs an act, practice, or omission that constitutes fraud; or unless You (or a person seeking coverage on Your behalf) makes an intentional misrepresentation of material fact, as prohibited by the terms of Your Plan.

You will be provided with thirty (30) calendar days' advance notice before Your coverage is rescinded. You have the right to request an internal appeal of a rescission of Your coverage. Once the internal appeal process is exhausted, You have the additional right to request an independent external review. See the APPEALS AND COMPLAINT PROCEDURES section for more information.

SECTION V – COVERED HEALTH CARE SERVICES

Accidental Dental

Coverage will be provided for dental service expenses when a Covered Person suffers an injury, after the Covered Person's Effective Date of coverage, that results in:

1. Damage to his or her natural teeth; and
2. Treatment of a fractured jaw.
3. Expenses incurred as part of a treatment plan that was prescribed by a Physician and begun within six months of the accident.

Ambulance Services

Emergency Ambulance transportation will be provided for Emergency Services by a licensed Ambulance service (either ground or air Ambulance) to the nearest Hospital where the required Emergency Services can be performed. Non-emergency Ambulance transportation will be provided by a licensed Ambulance service (either ground or air Ambulance, as We determine appropriate) between Facilities only when the transport meets one of the following:

- From an Out-of-Network Hospital to the closest Network Hospital when Covered Services are required.
- To the closest Network Hospital that provides the required Covered Services that were not available at the original Hospital.

- From a short-term Acute care Facility to the closest Network long-term Acute care Facility (LTAC), Network Inpatient rehabilitation Facility, or other Network sub-Acute Facility where the required Covered Services can be delivered.

Autism Spectrum Disorder

These Covered Services include Medically Necessary evidence-based treatment that includes the following care prescribed or ordered for an individual diagnosed with an Autism Spectrum Disorder:

- Outpatient physical Rehabilitation Services including:
 - Speech therapy or occupational therapy performed by a licensed therapist;
 - Clinical therapeutic intervention, defined as therapies supported by empirical evidence, which include but are not limited to Applied Behavioral Analysis, provided by or under the supervision of a professional who is licensed, certified, or registered by an appropriate agency of this state to perform the services in accordance with a treatment plan.
- Mental/behavioral health Outpatient Therapy Services –performed by a licensed psychologist, Psychiatrist, or Physician to provide consultation assessment, development, and oversight of treatment plans.

Bariatric Surgery

This plan will cover bariatric surgery that modifies the gastrointestinal tract with the purpose of decreasing weight. Before pursuing bariatric surgery, a complete nutritional, behavioral, and medical evaluation must be completed, and requirements must be met. A Covered Person must meet the following medical criteria to be eligible for bariatric surgery:

- Have a body-mass index (BMI) equal to or greater than 35.
- Have at least one co-morbidity related to obesity.
- Have been previously unsuccessful with medical treatment for obesity and the patient's medical records must contain documentation regarding active participation within the last two years in one Physician-supervised weight management program for a minimum of six months without significant gaps. The weight management program must include monthly documentation of all of the following:
 - Weight
 - Current dietary program
 - Physical activity (e.g., exercise programs)

The Covered Person must be 18 years or older or have reached full expected skeletal growth.

Only the following bariatric procedures are covered:

- Open roux-en-y gastric bypass (RYGBP), laparoscopic roux-en-y gastric bypass (RYGBP), laparoscopic adjustable gastric banding (LAGB), open biliopancreatic diversion with duodenal switch (BPD/DS), laparoscopic biliopancreatic diversion with duodenal switch (BPD/DS), and laparoscopic sleeve gastrectomy (LSG) when all required criteria are met.

Some bariatric procedures are not covered by the plan. See Section V: Exclusions and Limitations.

Behavioral Health Care Services

The Plan provides benefits for Behavioral Health Care Services as described below.

Inpatient Stays. The Plan provides benefits for Behavioral Health Care Services You receive during an Inpatient admission or confinement for Acute Inpatient services for Mental Health Disorders and Substance Abuse Disorder services provided in a Hospital or other health care treatment Facility. These services include Inpatient psychiatric Hospitalization, Inpatient detoxification treatment, observation, and emergency evaluation and Stabilization.

Residential Treatment Services. The Plan provides benefits for Behavioral Health Care Services in a Residential Treatment program. These Covered Services can include individual and group psychotherapy, family counseling, nursing services, and pharmacological therapy in a congregate living community with twenty-four (24) hour support.

Partial Hospitalization. The Plan provides benefits for Behavioral Health Care Services You receive at an Outpatient Partial Hospitalization Program (PHP). PHP for mental health services is a treatment period of less than twenty-four (24) hours care in which the patient is assisted with issues related to the individual's reintegration into society. Partial Hospitalization items and services that can be included as part of the structured, multimodal active treatment program include:

- Individual or group psychotherapy with Physicians, Psychologists, or other mental health professionals authorized or licensed by the state in which they practice (e.g., licensed clinical Social Workers, Clinical Nurse Specialists, certified alcohol and drug counselors);
- Occupational therapy requiring the skills of a qualified occupational therapist. Occupational therapy, if required, must be a component of the Physician's treatment plan for the individual;
- Services of other staff (Social Workers, psychiatric nurses, and others) trained to work with psychiatric patients;
- Drugs and biologicals that cannot be self-administered and are furnished for therapeutic purposes;
- Individualized activity therapies that are not primarily recreational or diversionary. These activities must be individualized and essential for the treatment of the patient's diagnosed condition and for progress toward treatment goals;
- Family counseling services for which the primary purpose is the treatment of the patient's condition;
- Patient training and education, to the extent the training and educational activities are closely and clearly related to the individuals care and treatment of his/her diagnosed psychiatric condition;
- Medically Necessary Diagnostic services related to mental health treatment.

Intensive Outpatient Services. The Plan provides benefits for Intensive Outpatient Treatment services offered by practice groups or Facilities that provide Behavioral Health Care Services. Intensive Outpatient Services programs are defined as those that provide nine (9) or more hours of treatment per week. The services may address Substance Abuse Disorders, mental or behavioral health issues, or both, which are dual diagnosis programs. These programs are usually used as a step down from Acute Inpatient care, residential care, or a Partial Hospitalization program. They may also be viewed as a step up from regular Outpatient Services.

Other Outpatient Services. The Plan provides benefits for office-based Behavioral Health Care Services. These include Diagnostic evaluation, screening, testing and assessments, counseling,

individual psychotherapy, group psychotherapy, family psychotherapy, psychiatry, and crisis services. The services may be provided by a licensed mental health professional. Coverage for the diagnosis and treatment of a behavioral health disorder will not be subject to any limitations, including Deductibles, Copayment, and Coinsurance provisions that are less favorable than the limitations that apply to a physical sickness as covered under this EOC.

Biomarker Testing

The Plan covers biomarker testing to help diagnose, treat, manage, or monitor a Covered Person's disease or condition. This testing guides treatment decisions when it is proven useful ("clinical utility") by medical and scientific evidence, including any of the following:

1. Indications for tests approved by the U.S. Food and Drug Administration (FDA) or those related to FDA-approved drugs.
2. National or local Centers for Medicare & Medicaid Services (CMS) determinations.
3. Nationally recognized clinical practice guidelines or consensus statements.

Key Definitions

- **Biomarker:** A measurable characteristic used to indicate normal or abnormal biological processes, disease conditions, or responses to treatment. This includes gene mutations or protein levels.
- **Biomarker Testing:** Analyzing a patient's tissue, blood, or other sample to find biomarkers. This can include single tests, multiple tests in a panel, or whole genome sequencing.
- **Clinical Utility:** Means the test result provides information that is used in the formulation of a treatment or monitoring strategy that informs a patient's outcome and impacts the clinical decision. The most appropriate test may include both information that is actionable and some information that cannot be immediately used in the formulation of a clinical decision.
- **Consensus Statements:** Recommendations made by an independent panel of experts, based on the best available evidence, to improve clinical care. These are developed using clear, transparent methods and include policies to manage conflicts of interest.
- **Nationally Recognized Clinical Practice Guidelines:** Evidence-based guidelines developed by independent organizations or medical societies. They set standards of care based on a thorough review of evidence and consider the benefits and costs of different care options to optimize patient care.

Biomarker testing requires Prior Authorization. See Section XI for further information regarding requesting pre-service approval for biomarker testing. If a specific biomarker test is excluded from coverage, You or Your Authorized Representative may request an exception. To make a request, contact Us in writing or call the toll-free number on Your ID card. We will notify You of Our determination within seventy-two (72) hours.

Chiropractic and Osteopathic Services

Diagnostic and treatment services provided by a Doctor of Chiropractic (chiropractor) or a Doctor of Osteopathy are covered. Coverage is limited to services performed in a Physician's office that are supportive or necessary to help a Covered Person achieve the physical state enjoyed before an injury or illness, which are determined to be Medically Necessary, and are generally furnished for the diagnosis or treatment of a neuromusculoskeletal condition associated with an injury or illness. Coverage includes examinations, adjustments, and manipulation by manual or mechanical means, and adjunctive physiotherapy.

Clinical Trials

Routine patient care costs incurred while taking part in a qualifying clinical trial for the treatment of:

- Cancer or other life-threatening disease or condition. For purposes of this benefit, a life-threatening disease or condition is one which is likely to cause death unless the course of the disease or condition is interrupted;
- Cardiovascular disease (cardiac/stroke) which is not life threatening, when We determine the clinical trial meets the qualifying clinical trial criteria stated below;
- Surgical musculoskeletal disorders of the spine, hip and knees, which are not life threatening, when We determine the clinical trial meets the qualifying clinical trial criteria stated below; or
- Other diseases or disorders which are not life threatening, when We determine the clinical trial meets the qualifying clinical trial criteria stated below.

Benefits include the reasonable and necessary items and services used to prevent, diagnose, and treat complications arising from taking part in a qualifying clinical trial.

Benefits are available only when You are clinically eligible, as determined by the researcher, to take part in the qualifying clinical trial. Routine patient care costs for qualifying clinical trials include:

- Covered Services for which benefits are typically provided absent a clinical trial.
- Covered Services required solely for the following:
 - The provision of the Experimental or Investigative service(s) or item.
 - The clinically appropriate monitoring of the effects of the service or item, or
 - The prevention of complications.
- Covered Services needed for reasonable and necessary care arising from the receipt of an Experimental or Investigative service(s) or item.

The Antidote Health Plan covers routine patient care costs in clinical trials under certain conditions. Those conditions are:

1. You must be eligible for the trial.
2. The trial must be an approved clinical trial.
3. The trial does not involve Out-of-Network Providers.

Approved clinical trials are research studies that test ways to prevent, detect or treat cancer or other life-threatening diseases. Clinical trials are funded or approved by the federal government, have submitted an Investigational New Drug (IND) application with the FDA or are exempt from the IND requirements.

Antidote Health Plan does not cover the research costs of the clinical trial. Examples of research costs are extra blood tests or scans that are done purely for research purposes.

With respect to cancer or other life-threatening diseases or conditions, a qualifying clinical trial is a Phase I, Phase II, Phase III, or Phase IV clinical trial. It takes place in relation to the prevention, detection or treatment of cancer or other life-threatening disease or condition. It meets any of the following criteria in the bulleted list below.

- The study or investigation takes place under an investigational new drug application reviewed by the FDA.

- The study or investigation is a drug trial that is exempt from having such an investigational new drug application.
- The clinical trial must have a written protocol that describes a scientifically sound study. It must have been approved by all relevant institutional review boards (IRBs) before You are enrolled in the trial. We may, at any time, request documentation about the trial.
- The subject or purpose of the trial must be the evaluation of an item or service that meets the definition of a Covered Service and is not otherwise excluded under this Policy.

With respect to cardiovascular disease, musculoskeletal disorders of the spine, hip and knees and other diseases or disorders which are not life-threatening, a qualifying clinical trial is a Phase I, Phase II, or Phase III clinical trial. It takes place in relation to the detection or treatment of such non-life-threatening disease or disorder. It meets any of the following criteria in the bulleted list below.

- The study or investigation takes place under an investigational new drug application reviewed by the FDA.
- The study or investigation is a drug trial that is exempt from having such an investigational new drug application.
- The clinical trial must have a written protocol that describes a scientifically sound study. It must have been approved by all relevant institutional review boards (IRBs) before You are enrolled in the trial. We may, at any time, request documentation about the trial.
- The subject or purpose of the trial must be the evaluation of an item or service that meets the definition of a Covered Service and is not otherwise excluded under this Policy.

Federally funded trials. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:

- National Institutes of Health (NIH), which includes the National Cancer Institute (NCI).
- Centers for Disease Control and Prevention (CDC).
- Agency for Healthcare Research and Quality (AHRQ).
- CMS.
- A cooperative group or center of any of the entities described above or the Department of Defense (DOD) or the Veterans Administration (VA).
- A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
- The Department of Veterans Affairs, the Department of Defense, or the Department of Energy if the study or investigation has been reviewed and approved through a system of peer review. The peer review system is determined by the Secretary of Health and Human Services to meet both of the following criteria:
 - Comparable to the system of peer review of studies and investigations used by the National Institutes of Health.
 - Ensures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.

Contraception

All FDA-approved contraception methods (identified on www.fda.gov) are approved for Covered Persons without Cost-Sharing as required under the Affordable Care Act. Some contraception methods are available through a Covered Person's medical benefit, including the insertion and

removal of the contraceptive device, at no Cost Share to the Covered Person. Emergency contraception is available to Covered Persons without a prescription and at no Cost Share to the Covered Person.

Oral contraceptive coverage is provided in accordance with Affordable Care Act rules. If You are utilizing an oral contraceptive that is not on the Formulary or that is on a tier higher than the preventive tier, You or Your Provider can seek an exception for the contraceptive. We will provide You with an override so that non-Formulary or non-preferred medication will process at no cost to you.

Diabetes Services

Diabetes Self-Management Training and Education Services

“Diabetes self-management training and educational services” means instruction in an Inpatient or Outpatient setting which enables diabetic patients to understand the diabetic management process and daily management of diabetic therapy as a method of avoiding frequent hospitalizations and complications, when the instruction is provided in accordance with a program in compliance with the National Standards of Diabetes Self-Management Education Program as developed by the American Diabetes Association.

Diabetes self-management training and educational services includes coverage for medical nutrition therapy when prescribed by a Health Care Provider and when provided by a certified, registered, or licensed Health Care Provider. Benefits also include medical eye exams (dilated retinal exams) and preventive foot care, and diabetic specific foot orthotics, orthopedic shoes, Medically Necessary custom molded shoes, depth shoes, inserts, modifications, footwear and podiatric appliances when Medically Necessary for the treatment of complications related to diabetes. Diabetic self-management supplies benefits for blood glucose control and testing including insulin syringes with needles, blood glucose and urine test strips, lancets and lancet devices, ketone test strips and glucose tablets, and single measurement glucose monitors, including those for the legally blind, excluding continuous glucose monitors, are described under the Prescription Drug benefit. An insulin pump and continuous glucose monitors are subject to all the conditions of coverage stated under Durable Medical Equipment (DME). Coverage for any other device, medication, equipment or supply for which coverage is required under Medicare guidelines pertaining to diabetes management is also included.

Dialysis

Medically Necessary Acute and chronic dialysis services are covered benefits unless other coverage is primary, such as Medicare for dialysis. There are two types of treatment: hemodialysis and peritoneal dialysis.

You may receive hemodialysis in an In-Network Dialysis Facility or peritoneal dialysis in Your home when Your In-Network Provider determines that home dialysis may be a better treatment option. Covered expenses include:

- Services provided in an Outpatient Dialysis Facility or when services are provided in the home;
- Processing and administration of blood or blood components;
- Dialysis services provided in a Hospital;
- Dialysis treatment of an Acute or chronic kidney ailment which may include the supportive use an artificial kidney machine.

After You receive appropriate training at a Dialysis Facility We designate, We also cover equipment and medical supplies required for home hemodialysis and home peritoneal dialysis. Coverage is limited to the standard item of equipment or supplies that adequately meets Your medical needs. We will determine if equipment is made available on a rental or purchase basis. At Our option, We may authorize the purchase of the equipment in lieu of its rental if the rental price is projected to exceed the equipment purchase price, but only from a Provider We authorize before the purchase.

Diagnostic Services

The Plan provides benefits for non-invasive Diagnostic Services, including but not limited to the following:

- Biomarker testing as more fully described herein;
- X-ray and other radiology services, including mammograms, digital breast tomosynthesis, magnetic resonance imaging, and ultrasound for any Covered Person diagnosed with breast disease;
- Laboratory and pathology services;
- Advanced Imaging such as: MRI, MRA, PET, SPECT and CT imaging procedures;
- Allergy testing;
- Bone density testing;
- Cardiographic, encephalographic, and radioisotope tests;
- Nuclear cardiology imaging studies;
- Ultrasound services;
- Electrocardiograms;
- Electromyograms, except that surface EMG's are not Covered Services;
- Echocardiograms;
- Diagnostic testing as an evaluation to determine the need for a covered transplant procedure;
- Echographies;
- Doppler Studies;
- Brainstem evoked potentials (BAER);
- Somatosensory evoked potentials (SSEP);
- Visual evoked potentials (VEP);
- Nerve conduction studies;
- Muscle testing;
- Electrocorticograms.

The Plan provides benefits for central supply (IV tubing) or Pharmacy (dye) necessary to perform Diagnostic Services covered by the Plan.

Durable Medical Equipment (DME)

The rental (or, at Our option, the purchase) of Durable Medical Equipment prescribed by a Physician or other Provider. Durable Medical Equipment is equipment which can withstand repeated use (i.e., could normally be rented, and used by successive patients; is primarily and customarily used to serve a medical purpose; is not useful to a person in the absence of illness or injury; and is appropriate for use in a patient's home). Examples include but are not limited to:

- Canes.
- Cochlear implants and batteries for cochlear implants.

- Commode chairs.
- Compression garments for treatment of lymphedema.
- Continuous glucose monitors.
- Continuous passive motion devices.
- Continuous Positive Airway Pressure (CPAP) devices.
- Crutches.
- Hospital beds.
- Infusion pumps.
- Nebulizers.
- Oxygen equipment.
- Patient lifts.
- Pressure-reducing support surfaces.
- Suction pumps.
- Traction equipment.
- Trusses.
- Walkers.
- Manual Wheelchairs.

Rental costs must not be more than the purchase price. The Plan will not pay for rental for a longer period of time than it would cost to purchase equipment. If You purchase an item that exceeds the minimum specifications for Your needs, We will pay only the amount that We would have paid for the item that meets the minimum specifications, and You will be responsible for paying any difference in cost.

Coverage is for standard equipment only. We cover the cost of repair or replacement when made necessary by normal wear and tear. We do not cover the cost of repair or replacement that is the result of misuse or abuse by You.

We do not cover over-the-counter Durable Medical Equipment. We do not cover equipment designed for Your comfort or convenience (e.g., pools, hot tubs, air conditioners, saunas, humidifiers, dehumidifiers, exercise equipment), as it does not meet the definition of Durable Medical Equipment. We also do not cover the customization of vehicles, vehicle lifts for wheelchairs and/or scooters, or modifications of the Your home (e.g., ramp installation).

Medical Supplies that are used with covered DME are covered when the supply is necessary for the effective use of the item/device (e.g., oxygen tubing or mask, batteries for power wheelchairs and prosthetics, or tubing for a delivery pump).

Emergency Services

Services which We determine to meet the definition of Emergency Services will be covered, whether the care is rendered by a Network Provider or Out-of-Network Provider. Emergency Benefits are provided for treatment of Emergency Medical Conditions and emergency screening and stabilization services without Prior Authorization for conditions that appear to a reasonably prudent layperson to constitute an Emergency Medical Condition based upon the patient's presenting symptoms and conditions. Benefits for emergency care include Facility costs and Physician Services, and supplies and Prescription Drugs charged by that Facility. Care and treatment provided once You are Stabilized is no longer considered emergency care. Continuation of care from an Out-of-Network Provider beyond that needed to evaluate or Stabilize Your condition in an emergency will be covered as a non-network service unless We authorize the continuation of care and it is Medically Necessary.

When You are admitted as an Inpatient directly from an emergency room, the entire visit, including Emergency Services received in the emergency room, will be treated as an Inpatient stay, and the applicable Deductible, Copayment and Coinsurance will apply.

For Emergency Services, Prior Authorization is not required. If You are admitted to an Inpatient Hospital and Your condition has stabilized, You or the Hospital must notify Us of the Inpatient admission so that We can concurrently review the Medical Necessity of the continued Inpatient stay. It is recommended that You or the Hospital notify Us within 24 hours of the point Your physician has determined that Your condition is stable.

The No Surprises Act (NSA), enacted January 1, 2022, protects You from receiving surprise medical bills under the following circumstances:

1. Most Emergency Services, including post-stabilization services.
2. Non-emergency care from Out-of-Network Providers, such as anesthesiologists and pathologists in In-Network facilities.
3. Out-of-Network air Ambulance companies.

Surprise bills may occur in three distinct circumstances:

1. During a medical emergency where care is imminent and necessary, and YOU do not have time to research which facilities and Providers are In-Network. Along with traditional emergency rooms and freestanding emergency facility, bills from emergency air Ambulance services are also included.
2. Post-stabilization services following emergency care in a Hospital. This refers to care administered after You are in stable condition following an emergency. Post-stabilization services provided at an Out-of-Network facility are no longer considered emergency care once Your physician determines You can be moved safely to an In-Network facility using non-medical transport, a facility is available and accepts the transfer, and the transfer will not cause unreasonable burdens to You. You must give written consent to be transferred.
3. Non-Emergency Services provided at In-Network facilities, such as Out-of-Network anesthesiologists, radiologists, and other ancillary care Providers whom You did not select but who provide services for the In-Network facility. These Providers bill for services separately from the facility and may not contract with the Antidote Health Plan.

The NSA protects You from balance billing, which is when an Out-of-Network Provider may charge You the difference between what We paid and the amount billed by the Out-of-Network Provider.

The NSA does not protect You from bills from the following;

1. Ground Ambulance transport
2. In-Network Providers and facilities that are contracted by Us.
3. Out-of-Network Providers who do not practice at an In-Network facility.
4. Certain medical facilities, including Urgent Care Centers, birthing centers, Hospice facilities, addiction treatment centers, and nursing homes.

If You receive a surprise medical bill for amounts that are not Your responsibility, please call Us at 888-623-3195.

Family Planning Services

Covered Services and supply expenses for family planning include:

- Medical history review.
- Physical examinations.
- Laboratory tests related to physical examinations.
- Contraceptive counseling.
- All FDA-approved contraception methods are covered without Cost-Sharing as outlined at www.fda.gov (see “Contraception” section above). This benefit contains both pharmaceutical and medical methods, including, but not limited to:
 - Intrauterine devices (IUD), including insertion and removal;
 - Barrier methods including: male and female condoms (Rx required from Provider, limited to thirty (30) per month), diaphragm with spermicide, sponge with spermicide, cervical cap with spermicide, and spermicide alone;
 - Oral contraceptives including the pill (combined pill and extended/continuous use), and the mini pill (Progestin only), patch;
 - Other hormonal contraceptives, including inserted and implanted contraceptive devices, hormone contraceptive injections, and the vaginal contraceptive ring;
 - Emergency contraception (the morning after pill);
 - FDA-approved tubal ligation; and
 - For Prescription Drug contraceptives.
- Vasectomy and services related to this procedure.

Contraceptives and services related to use of contraceptives are covered without cost sharing. Please also refer to the Preventive Care Services section.

Habilitative Services

For purposes of this Benefit, Habilitative Services means skilled care services that are part of a prescribed treatment plan or maintenance program to help a Covered Person with a disabling condition to keep, learn or improve skills and functioning for daily living. We will decide if benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. Therapies provided for the purpose of general well-being or conditioning in the absence of a disabling condition are not considered Habilitative Services.

Habilitative Services include:

- Physical therapy.
- Occupational therapy.
- Speech therapy.
- Post-cochlear implant aural therapy.
- Cognitive therapy.

Benefits are provided for Habilitative Services on an Outpatient basis for Covered Persons with a congenital, genetic, or early acquired disorder when both of the following conditions are met:

- The treatment is administered by a licensed speech-language pathologist, licensed audiologist, licensed occupational therapist, licensed physical therapist, Physician, licensed nutritionist, licensed Social Worker or licensed Psychologist; and
- The initial or continued treatment must not be Experimental or Investigative. Benefits for

Habilitative Services do not apply to health care services that are solely educational in nature or otherwise paid under state or federal law for purely educational services.

Custodial Care, respite care, day care, therapeutic recreation, vocational training and Residential Treatment are not Habilitative Services. A service that does not help the Covered Person to meet functional goals in a treatment plan within a prescribed time frame is not a Habilitative Service. When the Covered Person does not demonstrate continued maintenance or progress under a treatment plan, a service that was previously a Habilitative Service will no longer be considered by Us to be a Habilitative Service.

Hearing Services

Hearing aid devices are limited to one per ear, per Benefit Period, when determined to be Medically Necessary by Us. Hearing aid devices include necessary parts, attachments, or accessories.

One (1) hearing exam per Covered Person is covered per Benefit Period.

The following are not covered under this benefit:

- Replacement of a hearing aid that is lost, stolen, or broken.
- Batteries or cords, except for those for a cochlear implant;
- Tests, appliances, and devices to:
 - Improve hearing, including hearing aid batteries and auxiliary equipment; or
 - Enhance other forms of communication to make up for hearing loss or devices that simulate speech.

Home Health Care

We cover services that are performed by a Home Health Care Agency or other Provider in Your residence. Home Health Care includes professional, technical, health aide services, supplies, and medical equipment. You must be confined to the home for medical reasons, and be physically unable to obtain needed medical services on an Outpatient basis. Covered Services include:

- Intermittent Skilled Nursing Services (by an R.N. or L.P.N.).
- Medical/Social services.
- Diagnostic Services.
- Nutritional guidance.
- Home Health Aide Services. The Covered Person must be receiving skilled nursing or therapy. Services must be furnished by appropriately trained personnel employed by the home Health Care Provider. Other organizations may provide services only when approved by Us, and their duties must have a medical need as determined by a Physician, to be reviewed at thirty-day (30) intervals by such Physician. Services performed by Home Health Care organizations or agencies require Prior Authorization.
- Therapy Services.
- Medical/Surgical Supplies.
- Durable Medical Equipment.
- Prescription Drugs (only if provided and billed by a Home Health Care Agency).

Non-Covered Services include:

- Food, housing, homemaker services and home delivered meals.
- Home or Outpatient hemodialysis services (these are covered under Diabetes Services).
- Physician charges billed by the Home Health Care Agency.
- Helpful environmental materials (hand rails, ramps, telephones, air conditioners, and similar services, appliances, and devices.)
- Services provided by registered nurses and other health workers who are not acting as employees or under approved arrangements with a contracting Home Health Care Agency.
- Services provided by volunteer ambulance associations for which You are not obligated to pay, visiting teachers, vocational guidance and other counselors, and services related to outside, occupational, and social activities.

Home Health Care services may include services of a person who is a member of Your family or Your Dependent's family or who normally reside in Your house or Your Dependent's house provided such person has contracted with Antidote to perform such services. Except for Emergency Services, services from an Out-of-Network Provider are not covered.

Hospice Care

The Plan provides benefits for Hospice Care if You have a terminal illness. Hospice Care may be provided in Your home or at a Hospice organization where medical, social, and psychological services are given to help treat individuals with terminal illnesses. Hospice Care includes routine home care, continuous home care, Inpatient Hospice, and Inpatient respite.

To be eligible for a Hospice Care program, You must have a terminal illness and a life expectancy of six (6) months or less, as confirmed by Your attending Physician. Benefits will continue if You live longer than six (6) months. Hospice services that qualify as Covered Services include the following:

- Inpatient care.
- Outpatient Services.
- Professional services of a Physician.
- Services of a Psychologist, social worker or family counselor for individual and family counseling.
- Skilled nursing services (by an R.N. or L.P.N.).
- Diagnostic Services.
- Physical, speech and inhalation therapies, if part of a treatment plan.
- Medical supplies, equipment, and appliances.
- Counseling services.
- Inpatient Stay at a Hospice Facility.
- Prescription Drugs given by the Hospice.
- Home health services.

Hospital – Inpatient Stay

Services and supplies provided during an Inpatient stay in a Hospital or birthing center. Benefits are available for:

- Charges from a Hospital or Skilled Nursing Facility (SNF) or other Provider as authorized by Us for room, board, and general nursing services, as follows:
 - A room with two (2) or more beds.

- A private room. The private room allowance is the Hospital's average semi-private room rate unless it is Medically Necessary that You use a private room for isolation and no isolation Facilities are available.
- A room in a special care unit approved by us. The unit must have facilities, equipment, and supportive services for intensive care of critically ill patients.
- Ancillary (related) services, as follows:
 - Charges for operating, delivery and treatment rooms and equipment.
 - Prescription Drugs.
 - Anesthesia, anesthesia supplies and services.
 - Medical and surgical dressings, supplies, casts, and splints.
 - Diagnostic Services.
 - Therapy Services.
 - Biologicals.
 - Fluids.
 - Blood and blood products.
 - Chemotherapy.
 - Special diets.
 - Laboratory and radiology services and other diagnostic and therapeutic services.
 - Anesthesia and associated services.
 - Inhalation therapy.
 - Radiation therapy.
 - Admission kit and other services which are customarily provided in acute care hospitals.
- Physician Services You receive during an Inpatient stay.

Infertility Services

We cover services for the diagnosis and treatment of the underlying causes of infertility when provided by or under the direction of a Network Provider. Covered Services include Medically Necessary treatment and procedures that diagnose or treat a medical condition that results in infertility (e.g., endometriosis, blockage of fallopian tubes, varicocele, etc.).

The following procedures are not covered: artificial insemination, IVF, GIFT, ZIFT, services for procurement and storage of donor semen/eggs, and drugs for infertility treatment.

Infusion Therapy

We cover infusion therapy which is the administration of Drugs using specialized delivery systems which otherwise would have required You to be hospitalized. Drugs or nutrients administered directly into the veins are considered infusion therapy. Drugs taken by mouth or self-injected are not considered infusion therapy. The services must be ordered by a Physician or other authorized Health Care Provider and provided in an office or by an agency licensed or certified to provide infusion therapy.

We cover home infusion therapy if Your Provider obtains Prior Authorization (if applicable). Benefits for home infusion therapy include a combination of nursing, DME and Drug services which are delivered and administered intravenously in the home. Home infusion therapy includes but is not limited to: injections (intra-muscular, subcutaneous, continuous subcutaneous), Total Parenteral Nutrition (TPN), enteral nutrition therapy, antibiotic therapy, pain management and chemotherapy.

Home infusion therapies that require Prior Authorization are:

- Antibiotic therapy;

- Antifungals;
- Antivirals;
- Hydration;
- Pain Management;
- Total Parenteral Nutrition.

Mammography Screening

Covered Service expenses under this benefit provide coverage for preventive mammography screening and diagnostic imaging performed on dedicated equipment for diagnostic purposes on referral by a Covered Person's Physician, subject to all of the terms and conditions of this Policy, including:

- A mammogram.
- Digital breast tomosynthesis, magnetic resonance imaging, ultrasound or other modality and at such age and intervals as recommended by the national comprehensive cancer network. This includes patients at risk for breast cancer who have a family history with one or more first or second degree relatives with breast cancer, prior diagnosis of breast cancer, positive testing for hereditary gene mutations or heterogeneously or dense breast tissue based on the breast imaging reporting and data system of the American College Of Radiology.

Mastectomy Benefits

Covered Service expenses for a mastectomy include reconstruction of the breast on which the mastectomy has been performed; surgery and reconstruction of the other breast to produce a symmetrical appearance and post-operative breast prostheses and treatment of physical complications of all stages of mastectomy, including lymphedemas. Post-mastectomy surgical bras, camisoles and external prosthetics that meet external prosthetic placement needs and are determined by Us or Our Utilization Review agent to be Medically Necessary are covered as part of this benefit.

Maternity Services

The Plan provides benefits for Maternity Services. Maternity Services include Inpatient services, Outpatient Services, Physician home visits and office services. These services are used for normal or complicated pregnancy, miscarriage, Therapeutic Abortion (abortion recommended by a Provider), and ordinary routine nursery care for a healthy newborn. If You are pregnant when Your benefits begin, please refer to the Continuity of Care section in Section III: HOW YOUR PLAN WORKS.

Coverage for the postpartum Inpatient stay for You and Your newborn Child in a Hospital will be, at a minimum, forty-eight (48) hours for a vaginal delivery and ninety-six (96) hours for a cesarean section. Coverage for a length of stay begins at the time of delivery, if delivery occurs in a Hospital, or at the time of admission in connection with childbirth if delivery occurs outside of a Hospital. Coverage for a postpartum Inpatient stay that exceeds forty-eight (48) hours for a vaginal delivery and ninety-six (96) hours for a cesarean section requires Prior Authorization. Coverage for a length of stay shorter than the minimum period mentioned above may be permitted if You consent to such shorter stay and Your attending Physician, or if a certified nurse-midwife is attending You in collaboration with a Physician, the certified nurse-midwife determines further Inpatient postpartum care is not necessary for You or Your newborn Child, provided that the following conditions are met:

- In the opinion of Your attending Physician, the newborn Child meets the criteria for medical stability in the Guidelines for Perinatal Care prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists that determine the appropriate length of stay based upon evaluation of:
 - the antepartum, intrapartum, and postpartum course of the mother and infant;
 - the gestational stage, birth weight, and clinical condition of the infant;
 - the demonstrated ability of the mother to care for the infant after discharge; and
 - the availability of post discharge follow-up to verify the condition of the infant after discharge.

If Your newborn is required to stay as an Inpatient past the mother's discharge date, the Inpatient stay for the newborn past the mother's discharge date will be considered a routine nursery admission separate from Maternity Services and will be subject to a separate Inpatient Coinsurance/Copayment.

The Plan also provides benefits for Physician or advance practice registered nurse-directed follow-up care. Covered Services for follow-up care include physical assessment of Your newborn and you, parent education, assistance and training in breast or bottle feeding, assessment of the home support system, performance of any Medically Necessary and appropriate clinical tests, and any other services that are consistent with the follow-up care recommended in the protocols and guidelines developed by national organizations that represent pediatric, obstetric, and nursing professionals. This Benefit applies to services provided in a medical setting or through home health care visits. This Benefit will apply to a home health care visit only if the Network Provider who conducts the visit is knowledgeable and experienced in maternity and newborn care. The Plan also provides benefits for at-home post-delivery care visits by Your Physician or nurse performed no later than seventy-two (72) hours following You and Your newborn Child's discharge from the Hospital. Covered Services for at-home post-delivery care visits include but are not limited to:

- parent education;
- assistance and training in breast or bottle feeding; and
- performance of any maternal or neonatal tests routinely performed during the usual course of Inpatient care for You or Your newborn Child, including the collection of an adequate sample for the hereditary and metabolic newborn screening. At Your discretion, this visit may occur at the Physician's office.

For adopted Children: Charges incurred at the birth for the delivery of a Child only to the extent that they exceed the birth mother's coverage, if any, provided:

- That Child is legally adopted by You within one (1) year from date of birth;
- You are legally obligated to pay the cost of the birth;
- You notify Us of the adoption within sixty (60) days after approval of the adoption or a change in the insurance policies, plans, or company; and
- You choose to file a claim for such expenses subject to all other terms of these medical benefits.

Medical and Surgical Expense Benefits

Medical Covered Service expenses include, but are not limited to, charges:

- For surgery in a Physician's office or at an Outpatient surgical Facility, including services

and supplies.

- Made by a Physician for professional services, including surgery.
- Made by an assistant surgeon.
- For the professional services of a medical practitioner.
- For dressings, crutches, orthopedic splints, braces, casts, or other necessary medical supplies.
- For Diagnostic Services using radiologic, ultrasonographic, or laboratory services.
- For chemotherapy (including oral chemotherapy) and radiation therapy or treatment. We shall not provide coverage or impose Cost-Sharing for a prescribed, orally administered cancer medication on a less favorable basis than the coverage it provides or Cost-Sharing it imposes for intravenously administered or injected cancer medications.
- For hemodialysis, and the charges by a Hospital for processing and administration of blood or blood components.
- For the cost and administration of an anesthetic.
- For oxygen and its administration.
- Excluding tooth extraction, We will treat craniomandibular disorders, malocclusions, or disorders of the temporomandibular joint.
- For reconstructive breast surgery charges as a result of a partial or total mastectomy for breast cancer.
- For routine patient care for patients enrolled in an eligible cancer clinical trial.
- For the following types of tissue transplants:
 - Cornea transplants.
 - Artery or vein grafts.
 - Heart valve grafts.
 - Prosthetic tissue replacement, including joint replacements.
 - Implantable prosthetic lenses, in connection with cataracts.
- Family planning for certain professional Provider contraceptive services and supplies, including but not limited to, vasectomy, tubal ligation, and insertion or extraction of FDA-approved contraceptive devices.
- Allergy testing, injections, and serum.
- X-ray and other radiology services.
- Magnetic Resonance Imaging (MRI).
- CAT scans.
- Positron emission tomography (PET scanning).
- For routine care costs that are incurred in the course of a clinical trial that is deemed an Experimental or Investigative treatment if the services provided are otherwise considered Covered Services under the contract.
- Cytologic screenings for cervical cancer.
- Cochlear implants.
- Vision correction as a result of surgery or accident.
- Medically Necessary Telehealth services to facilitate the diagnosis, consultation, treatment, education, care management, and self-management of a patient's health care while the patient is at the originating site and the Provider for Telehealth is at a distant site. Telehealth services are subject to the same clinical and Utilization Review criteria, Plan requirements, limitations, and Cost-Sharing as the same health care services when delivered to an insured in person. Medically Necessary virtual care encompasses Telehealth services. This is provided on the same basis and to the same extent (included Cost Shares) for the provision of in-person health care services.

- Medically Necessary services for complications arising from medical and surgical conditions.

Medical and Surgical Supplies

Coverage for non-durable medical supplies and equipment for management of disease and treatment of medical and surgical conditions. Covered Services and supplies may include, but are not limited to:

- Allergy serum extracts.
- Chem strips, Glucometer, Lancets.
- Clinitest.
- Needles/syringes.
- Medically Necessary ostomy bags and supplies.

Exclusions:

Non-Covered Services and supplies include, but are not limited to:

- Adhesive tape, band aids, cotton tipped applicators.
- Arch supports.
- Doughnut cushions.
- Hot packs, ice bags.
- Vitamins.
- Med-injectors.
- Items usually stocked in the home for general use like Band-Aids, thermometers, and petroleum jelly.

Medical Foods for Inherited Metabolic Disorders

We cover medical foods and formulas for inherited metabolic disorders. Inherited Metabolic Disorder is a disease caused by an inherited abnormality of body chemistry that meets the following:

- The disorder is one of the diseases tested for under the newborn screening program required under Arizona state law (A.R.S. § 36-694);
- The disorder requires the Covered Person to consume medical foods throughout his or her life in order to avoid serious mental or physical impairment; and
- The disorder must involve amino acid, carbohydrate, or fat metabolism and have medically standard methods of Diagnosis, Treatment, and monitoring, including qualification of metabolites in blood, urine, or spinal fluid, or enzyme or DNA confirmation in tissues.

Medical foods are modified low-protein foods and metabolic formulas that are:

- Essential to the Covered Person's optimal growth, health, and metabolic homeostasis;
- Formulated to be consumed or administered through the gastrointestinal tract under the supervision of a Physician or registered nurse;
- Prescribed for the medical and nutritional management of a Covered Person who has limited capacity to metabolize foodstuffs or certain nutrients contained in foodstuffs, or who has other specific nutrient requirements as established by medical evaluation;
- Processed or formulated to be deficient in one or more of the nutrients present in typical

foodstuffs (metabolic formula only); and

- Processed or formulated to contain less than 1 gram of protein per unit of serving (modified low-protein foods only).

Medical Foods for Inherited Metabolic Disorders are not subject to the annual deductible.

Eosinophilic Gastrointestinal Disorder Services

We cover formula (amino-acid based) for Eosinophilic Gastrointestinal Disorder (EGID) that is available from In-Network Providers for Covered Persons who are:

- At risk of mental or physical impairment if deprived of the formula;
- Diagnosed with EGID;
- Under the continuous supervision of a Physician or registered nurse.

Eosinophilic Gastrointestinal Disorder Services are not subject to the annual deductible.

Mental Health and Substance Abuse Disorder Services

Prior Authorization is required for certain Mental Health Disorder and Substance Abuse services. Emergency Services never require Prior Authorization. Covered Services include services for Mental Health Disorders and Substance Abuse. This includes services for all mental conditions identified as “Mental Disorders” in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM), including the diagnosis and Medically Necessary treatment of Substance Abuse conditions, Severe Mental Illness (SMI) of a person of any age, and Serious Emotional Disturbances (SED) of a Child as defined by the most recent edition of the DSM. We comply with applicable federal law governing mental health parity, including but not limited to the Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008.

Mental health Covered Services include the following:

- Inpatient services in a licensed, Network Hospital, Residential Treatment center, or any Facility that We must cover per state law. Inpatient benefits include:
 - Inpatient Facility services for Acute mental health conditions, including Physician Services;
 - Inpatient psychiatric observation for Acute psychiatric crisis, including Physician Services, medications, and testing;
 - Residential Treatment.
- Outpatient office visits
 - Individual and group mental health evaluation and treatment;
 - Outpatient Services for monitoring Drug therapy;
 - Mental/behavioral health Outpatient Therapy Services for Autism Spectrum Disorder (See the Autism Spectrum Disorder section, above.)
- Outpatient Items and Services
 - Partial Hospitalization/Day Treatment;
 - Short-term intensive Outpatient psychiatric treatment;
 - Outpatient psychiatric observation for an Acute psychiatric crisis;
 - Psychological testing and neuropsychological testing to evaluate a mental condition;
 - Behavioral Health Therapy Home Visit for Autism Spectrum Disorder.
- Substance Abuse (Chemical Dependency) Services include the following:
 - Inpatient services in a licensed, Network Hospital, Residential Treatment center

- or any Facility that We must cover per state law. Inpatient benefits include:
 - Services for detoxification, including Physician Services;
 - Transitional residential recovery services for assistance with post-detoxification treatments.
 - Outpatient office visits including office visits and treatment in an Outpatient department of a Hospital or Outpatient Facility, such as:
 - Individual and group chemical dependency counseling; and medical treatment for withdrawal symptoms.
 - Outpatient Items and Services
 - Day treatment program for Substance Abuse Disorder;
 - Intensive Outpatient Treatment for Substance Abuse Disorder;
 - Ambulatory detoxification;
 - Non-emergency psychiatric transportation.
- Biofeedback for pain management.
- Covered Services for mental health includes certain medications and testing or diagnosis covered under the medical benefit.

Inpatient services coverage includes individual psychotherapy, group psychotherapy, psychological testing, and counseling with family members to assist with the patient's diagnosis and treatment, and convulsive therapy, detoxification, and rehabilitation treatment; Hospital and Inpatient professional charges in any Hospital or Facility required by state law.

Outpatient services coverage includes diagnosis and treatment of psychiatric conditions, individual and group psychotherapy, psychological testing, office visits, Outpatient Facility and Physician charges, and medication management checks. Providers who can provide Covered Services include, but are not limited to:

- Psychiatrist;
- Psychologist;
- Licensed clinical Social Worker (L.C.S.W.);
- Mental health Clinical Nurse Specialist;
- Licensed marriage and family therapist (L.M.F.T.);
- Licensed Professional Counselor (L.P.C);
- Other recognized substance use professionals.

Orthotic Devices

The Plan provides benefits for certain orthotic devices. The Plan provides benefits for the initial purchase, fitting, and repair of a custom made rigid or semi-rigid supportive device used to support, align, prevent, or correct deformities or to improve the function of movable parts of the body, or which limits or stops motion of a weak or diseased body part. Orthotic devices include Medically Necessary custom fabricated braces or supports that are designed as a component of a prosthetic device. The cost of casting, molding, fittings, and adjustments are covered. Applicable tax, shipping, postage, and handling charges are also covered. The casting is covered when an orthotic appliance is billed with it, but not if billed separately.

Covered Services for orthotic devices may include but are not limited to:

- Cervical collars.
- Ankle foot orthosis.
- Back and special surgical corsets.

- Splints (extremity).
- Trusses and supports.
- Slings.
- Wristlets.
- Built-up shoe.
- Custom made shoe inserts.

Orthotic appliances may be replaced once per Plan Year when Medically Necessary. Additional replacements may be allowed if an appliance is damaged and cannot be repaired or You are under the age of 18 and the need for the replacement is due to Your rapid growth.

Outpatient Services

The Plan provides benefits for Outpatient Services. Outpatient Services include Facility, ancillary, Facility use, and professional charges when given as an Outpatient at a Hospital, Alternative Care Facility, Retail Health Clinic, or other Provider (including an Ambulatory Surgical Center) as determined by the Plan. These Facilities may include a non-Hospital site providing Diagnostic Services, Therapy Services, surgery, or rehabilitation, or other Provider Facility as determined by us. Any Coinsurance will still apply to these health care services.

Pediatric Dental Services

The Plan provides pediatric dental benefits for Children up to the end of the month in which a Child turns 19 years of age. All benefits are subject to the definitions, limitations, and exclusions in this EOC and are payable only when they are deemed Medically Necessary for the prevention, diagnosis, care, or treatment of a Covered Service and meet generally accepted dental protocols and are ordered by a dentist. Benefits are also available for Covered Services rendered via teledentistry to the same extent had they not been delivered via teledentistry, subject to the terms, conditions, restrictions, exclusions, and limitations contained in this EOC and as applicable by state law.

You must use a Network Provider in order to receive benefits under this section. If you do not use a Network Provider to receive services under this section, then you will be responsible for all costs, and such services will not be covered. Please see <https://insuringsmiles.com/antidotehealth> or call the toll-free number on Your ID card for help locating a Network Provider and for additional information and details.

The Plan provides benefits for the following pediatric dental services. Please see <https://insuringsmiles.com/antidotehealth> for a full list of Covered Services and details on limitations and exclusions.

Class I – Preventive, Diagnostic and Treatment Services

- D0120 Periodic oral evaluation.
- D0140 Limited oral evaluation - problem focused .
- D0150 Comprehensive oral evaluation.
- D0180 Comprehensive periodontal evaluation.
- D0210 Intraoral – complete set of radiographic images including bitewings.
- D0220 Intraoral - periapical radiographic image
- D0230 Intraoral - additional periapical image.

- D0240 Intraoral - occlusal radiographic image.
- D0270 Bitewing – single image.
- D0272 Bitewings - two images.
- D0273 Bitewings - Three Radiographic Images
- D0274 Bitewings - four images.
- D0277 Vertical bitewings.
- D0330 Panoramic radiographic image.
- D0340 Cephalometric radiographic image.
- D0350 Oral / Facial Photographic Images.
- D0391 Interpretation of Diagnostic Image.
- D0470 Diagnostic Models.
- D0601 Diagnostic Risk Assessment – Low Risk
- D0602 Diagnostic Risk Assessment – Moderate Risk
- D0603 Diagnostic Risk Assessment – High Risk
- D1110 Prophylaxis – Adult (Age 14 and over)
- D1120 Prophylaxis.
- D1206 Topical Fluoride - Varnish.
- D1208 Topical application of fluoride (excluding prophylaxis).
- D1351 Sealant - per tooth - unrestored permanent.
- D1352 Preventative resin restorations in a moderate to high caries risk patient – permanent tooth.
- D1510 Space maintainer – fixed – unilateral.
- D1516 space maintainer fixed bilateral, maxillary.
- D1517 space maintainer fixed bilateral, mandibular.
- D1520 Space maintainer - removable – unilateral.
- D1526 space maintainer removable bilateral, mandibular.
- D1527 space maintainer removable bilateral, mandibular.
- D1551 re-cement or re-bond bilateral space maintainer, maxillary.
- D1552 re-cement or re-bond bilateral space maintainer, mandibular.
- D1553 re-cement or re-bond unilateral space maintainer.
- D9110 Palliative treatment of dental pain – minor procedure.

Class II – Minor Restorative, Endodontic, Periodontal and Prosthodontic Services and Oral Surgery

- D2140 Amalgam - one (1) surface, primary or permanent.
- D2150 Amalgam - two (2) surfaces, primary or permanent.
- D2160 Amalgam - three (3) surfaces, primary or permanent.
- D2161 Amalgam - four (4) or more surfaces, primary or permanent.
- D2330 Resin-based composite - one (1) surface, anterior.
- D2331 Resin-based composite - two (2) surfaces, anterior.
- D2332 Resin-based composite - three (3) surfaces, anterior.
- D2335 Resin-based composite - four (4) or more surfaces or involving incisal angle (anterior).
- D2910 Re-cement inlay.
- D2920 Re-cement crown.
- D2929 Prefabricated porcelain crown - primary.

- D2930 Prefabricated stainless steel crown - primary tooth.
- D2931 Prefabricated stainless steel crown - permanent tooth
- D2940 Protective Restoration.
- D2951 Pin retention - per tooth, in addition to restoration.
- D3220 Therapeutic pulpotomy (excluding final restoration).
- D3222 Partial pulpotomy for apexogenesis - permanent tooth with incomplete root development.
- D3230 Pulpal therapy (resorbable filling) - anterior, primary tooth (excluding final restoration).
- D3240 Pulpal therapy (resorbable filling) - posterior, primary tooth excluding final restoration).
- D4341 Periodontal scaling and root planning - four (4) or more teeth per quadrant.
- D4342 Periodontal scaling and root planning - one (1) to three (3) teeth, per quadrant.
- D4910 Periodontal maintenance –combined with adult prophylaxis after the completion of active periodontal therapy.
- D5410 Adjust complete denture – maxillary.
- D5411 Adjust complete denture – mandibular.
- D5421 Adjust partial denture – maxillary.
- D5422 Adjust partial denture – mandibular.
- D5511 repair broken complete denture base, mandibular.
- D5512 repair broken complete denture base,.
- D5520 Replace missing or broken teeth - complete denture (each tooth).
- D5611 repair resin partial denture base, mandibular.
- D5612 repair resin partial denture base, maxillary.
- D5621 repair cast partial framework, mandibular.
- D5622 repair cast partial framework, maxillary.
- D5630 Repair or replace broken clasp.
- D5640 Replace broken teeth - per tooth.
- D5650 Add tooth to existing partial denture.
- D5660 Add clasp to existing partial denture.
- D5710 Rebase complete maxillary denture.
- D5720 Rebase maxillary partial denture.
- D5721 Rebase mandibular partial denture.
- D5730 Reline complete maxillary denture.
- D5731 Reline complete mandibular denture.
- D5740 Reline maxillary partial denture.
- D5741 Reline mandibular partial denture.
- D5750 Reline complete maxillary denture (laboratory).
- D5751 Reline complete mandibular denture (laboratory).
- D5760 Reline maxillary partial denture (laboratory).
- D5761 Reline mandibular partial denture (laboratory) Rebase/Reline.
- D5850 Tissue conditioning (maxillary).
- D5851 Tissue conditioning (mandibular).
- D6930 Recement fixed partial denture.
- D6980 Fixed partial denture repair, by report.
- D7140 Extraction, erupted tooth or exposed root (elevation and/or forceps removal).

- D7210 Surgical removal of erupted tooth requiring elevation of mucoperiosteal flap and removal of bone and/or section of tooth.
- D7220 Removal of impacted tooth - soft tissue.
- D7230 Removal of impacted tooth – partially bony.
- D7240 Removal of impacted tooth - completely bony.
- D7241 Removal of impacted tooth - completely bony with unusual surgical complications.
- D7250 Surgical removal of residual tooth roots (cutting procedure).
- D7251 Coronectomy - intentional partial tooth removal.
- D7270 Tooth reimplantation and/or stabilization of accidentally evulsed or displaced tooth.
- D7280 Surgical access of an unerupted tooth.
- D7310 Alveoloplasty in conjunction with extractions - per quadrant.
- D7311 Alveoloplasty in conjunction with extractions, per quadrant.
- D7320 Alveoloplasty not in conjunction with extractions - per quadrant.
- D7321 Alveoloplasty not in conjunction with extractions-one to three teeth or tooth spaces, per quadrant.
- D7471 Removal of exostosis.
- D7510 Incision and drainage of abscess - intraoral soft tissue.
- D7910 Suture of recent small wounds up to 5 cm.
- D7953 Bone replacement graft for ridge preservation-per site.
- D7971 Excision of pericoronal gingiva.

Class III – Major Restorative, Endodontic, Periodontal and Prosthodontic Services

- D0160 Detailed and extensive oral evaluation - problem focused, by report.
- D2510 Inlay - metallic – one surface – An alternate benefit will be provided.
- D2520 Inlay - metallic – two surfaces – An alternate benefit will be provided.
- D2530 Inlay - metallic – three surfaces – An alternate benefit will be provided.
- D2542 Onlay - metallic - two surfaces.
- D2543 Onlay - metallic - three surfaces.
- D2544 Onlay - metallic - four or more surfaces.
- D2610 inlayporcelain/ceramicone surface.
- D2620 inlayporcelain/ceramictwo surfaces.
- D2630 inlayporcelain/ceramicthree or more surfaces.
- D2642 onlayporcelain/ceramictwo surfaces.
- D2643 onlayporcelain/ceramicthree surfaces.
- D2644 onlayporcelain/ceramicfour or more surfaces.
- D2740 Crown - porcelain/ceramic substrate.
- D2750 Crown - porcelain fused to high noble metal.
- D2751 Crown - porcelain fused to predominately base metal.
- D2752 Crown - porcelain fused to noble metal.
- D2780 Crown - 3/4 cast high noble metal.
- D2781 Crown - 3/4 cast predominately base metal.
- D2783 Crown - 3/4 porcelain/ceramic.
- D2790 Crown - full cast high noble metal.
- D2791 Crown - full cast predominately base metal.

- D2792 Crown - full cast noble metal.
- D2794 Crown – titanium.
- D2950 Core buildup, including any pins.
- D2954 Prefabricated post and core, in addition to crown.
- D2980 Crown repair, by report.
- D2981 Inlay Repair.
- D2982 Onlay Repair.
- D2983 Veneer Repair.
- D2990 Resin infiltration/smooth surface.
- D3310 Anterior root canal (excluding final restoration).
- D3320 Bicuspid root canal (excluding final restoration).
- D3330 Molar root canal (excluding final restoration).
- D3346 Retreatment of previous root canal therapy-anterior.
- D3347 Retreatment of previous root canal therapy-bicuspid.
- D3348 Retreatment of previous root canal therapy-molar.
- D3351 Apexification/recalcification – initial visit (apical closure/calcific repair of perforations, root resorption, etc.).
- D3352 Apexification/recalcification – interim medication replacement (apical closure/calcific repair of perforations, root resorption, etc.).
- D3353 Apexification/recalcification - final visit (includes completed root canal therapy, apical closure/calcific repair of perforations, root resorption, etc.).
- D3355 pulpal regeneration initial visit Includes opening tooth, preparation of canal Spaces, placement of medication.
- D3356 pulpal regeneration interim medication replacement
- D3357 pulpal regeneration completion of treatment (Does not include final restoration).
- D3410 Apicoectomy/periradicular surgery – anterior.
- D3421 Apicoectomy/periradicular surgery - bicuspid (first root).
- D3425 Apicoectomy/periradicular surgery - molar (first root).
- D3426 Apicoectomy/periradicular surgery (each additional root).
- D3450 Root amputation - per root.
- D3920 Hemisection (including any root removal) - not including root canal therapy.
- D4210 Gingivectomy or gingivoplasty – four or more teeth.
- D4211 Gingivectomy or gingivoplasty.
- D4212 Gingivectomy or gingivoplasty - with restorative procedures, per tooth.
- D4240 Gingival flap procedure, four or more teeth.
- D4241 Gingival flap procedure, including root planning - one (1) to three (3) contiguous teeth or tooth bounded spaces per quadrant.
- D4249 Clinical crown lengthening-hard tissue.
- D4260 Osseous surgery (including flap entry and closure), four (4) or more contiguous teeth or bounded teeth spaces per quadrant.
- D4261 Osseous surgery (including flap entry and closure), one to three contiguous teeth or bounded teeth spaces per quadrant.
- D4263 Bone replacement graft - first site in quadrant.
- D4270 Pedicle soft tissue graft procedure.
- D4273 Subepithelial connective tissue graft procedures (including donor site surgery).
- D4275 Soft tissue allograft.
- D4277 Free soft tissue graft 1st tooth.

- D4278 Free soft tissue graft-additional teeth.
- D4355 Full mouth debridement to enable comprehensive evaluation and diagnosis.
- D5110 Complete denture - maxillary.
- D5120 Complete denture - mandibular.
- D5130 Immediate denture - maxillary.
- D5140 Immediate denture - mandibular.
- D5211 Maxillary partial denture - resin base (including any conventional clasps, rests and teeth).
- D5212 Mandibular partial denture - resin base (including any conventional clasps, rests and teeth).
- D5213 Maxillary partial denture - cast metal framework with resin denture base (including any conventional clasps, rests and teeth).
- D5214 Mandibular partial denture - cast metal framework with resin denture base (including any conventional clasps, rests and teeth).
- D5282 Removable unilateral partial denture-one piece cast metal (including retentive/clasping materials, rests, and teeth), maxillary.
- D5283 Removable unilateral partial denture-one piece cast metal (including retentive/clasping materials, rests, and teeth), mandibular.
- D6010 Endosteal Implant.
- D6012 Surgical Placement of Interim Implant Body.
- D6040 Eposteal Implant.
- D6050 Transosteal Implant, Including Hardware.
- D6055 Connecting Bar – implant or abutment supported.
- D6056 Prefabricated Abutment.
- D6057 Custom Abutment.
- D6058 Abutment supported porcelain ceramic crown.
- D6059 Abutment supported porcelain fused to high noble metal.
- D6060 Abutment supported porcelain fused to predominately base metal crown.
- D6061 Abutment supported porcelain fused to noble metal crown.
- D6062 Abutment supported cast high noble metal crown.
- D6063 Abutment supported cast predominately base metal crown.
- D6064 Abutment supported cast noble metal crown.
- D6065 Implant supported porcelain/ceramic crown.
- D6066 Implant supported porcelain fused to high metal crown .
- D6067 Implant supported metal crown.
- D6068 Abutment supported retainer for porcelain/ceramic fixed partial denture.
- D6069 Abutment supported retainer for porcelain fused to high noble metal fixed partial denture.
- D6070 Abutment supported retainer for porcelain fused to predominately base metal fixed partial denture.
- D6071 Abutment supported retainer for porcelain fused to noble metal fixed partial denture.
- D6072 Abutment supported retainer for cast high noble metal fixed partial denture.
- D6073 Abutment supported retainer for predominately base metal fixed partial.
- D6074 Abutment supported retainer for cast noble metal fixed partial denture.
- D6075 Implant supported retainer for ceramic fixed partial denture.
- D6076 Implant supported retainer for porcelain fused to high noble metal fixed partial

denture.

- D6077 Implant supported retainer for cast metal fixed partial denture.
- D6080 Implant Maintenance Procedures.
- D6090 Repair Implant Prosthesis.
- D6091 Replacement of Semi-Precision or Precision Attachment.
- D6095 Repair Implant Abutment.
- D6100 Implant Removal.
- D6101 Debridement periimplant defect, covered if implants are covered.
- D6102 Debridement and osseous periimplant defect, covered if implants are covered.
- D6103 Bone graft periimplant defect, covered if implants are covered.
- D6104 Bone graft implant replacement, covered if implants are covered.
- D6110 implant/abutment supported removable denture for edentulous archmaxillary.
- D6111 implant/abutment supported removable denture for edentulous archmandibular.
- D6112 implant/abutment supported removable denture for partially edentulous Archmaxillary.
- D6113 implant/abutment supported removable denture for partially edentulous archmandibular.
- D6114 implant/abutment supported fixed Denture for edentulous archmaxillary.
- D6115 implant/abutment supported fixed Denture for edentulous archmandibular.
- D6116 implant/abutment supported fixed denture for partially edentulous archMaxillary.
- D6117 implant/abutment supported fixed Denture for partially edentulous arch mandibular.
- D6118 implant/abutment supported interim Fixed denture for edentulous arch mandibular Used when a period of healing is necessary prior to fabrication and placement of a permanent prosthetic.
- D6119 implant/abutment supported interim Fixed denture for edentulous archmaxillary Used when a period of healing is necessary prior to fabrication and placement of a permanent prosthetic.
- D6190 Implant Index.
- D6210 Pontic - cast high noble metal.
- D6211 Pontic - cast predominately base metal.
- D6212 Pontic - cast noble metal.
- D6214 Pontic – titanium.
- D6240 Pontic - porcelain fused to high noble metal.
- D6241 Pontic - porcelain fused to predominately base metal.
- D6242 Pontic - porcelain fused to noble metal.
- D6245 Pontic - porcelain/ceramic.
- D6545 Retainer - cast metal for resin bonded fixed prosthesis
- D6548 Retainer - porcelain/ceramic for resin bonded fixed prosthesis.
- D6740 Crown - porcelain/ceramic.
- D6750 Crown - porcelain fused to high noble metal.
- D6751 Crown - porcelain fused to predominately base metal.
- D6752 Crown - porcelain fused to noble metal.
- D6780 Crown - 3/4 cast high noble metal.
- D6781 Crown - 3/4 cast predominately base metal.
- D6782 Crown - 3/4 cast noble metal.
- D6783 Crown - 3/4 porcelain/ceramic.

- D6790 Crown - full cast high noble metal.
- D6791 Crown - full cast predominately base metal.
- D6792 Crown - full cast noble metal.
- D9944 occlusal guardhard appliance, full Arch Removable dental appliance designed to minimize the effects of bruxism or other Occlusal factors. Not to be reported for any Type of sleep apnea, snoring or TMD appliances.
- D9945 occlusal guard soft appliance, full Arch Removable dental appliance designed to minimize the effects of bruxism or other occlusal factors. Not to be reported for any Type of sleep apnea, snoring or TMD appliances.
- D9946 occlusal guardhard appliance, partial Arch Removable dental appliance designed to minimize the effects of bruxism or other Occlusal factors. Provides only partial Occlusal coverage such as anterior Deprogrammer. Not to be reported for any Type of sleep apnea, snoring or TMD appliance.

Class IV – Orthodontia

Orthodontics are covered when used to help restore oral structures to health and function and to treat serious medical conditions:

- D8010 Limited orthodontic treatment of the primary dentition
- D8020 Limited orthodontic treatment of the transitional dentition.
- D8030 Limited orthodontic treatment of the adolescent dentition.
- D8070 Comprehensive orthodontic treatment of the transitional dentition.
- D8080 Comprehensive orthodontic treatment of the adolescent dentition.
- D8090 Comprehensive orthodontic treatment of the adult dentition.
- D8210 Removable appliance therapy.
- D8220 Fixed appliance therapy.
- D8660 Pre-orthodontic treatment visit.
- D8670 Periodic orthodontic treatment visit.
- D8680 Orthodontic retention (removal of appliances, construction and placement of retainer(s)).

General Services

- D9222 Deep sedation/general anesthesia – first fifteen (15) minutes.
- D9223 Deep sedation/general anesthesia – each subsequent fifteen (15) minutes.
- D9239 Intravenous moderate (conscious) sedation/analgesia – first fifteen (15) minutes.
- D9243 Intravenous moderate (conscious) sedation/analgesia – each subsequent fifteen (15) minutes.
- D9310 Consultation (diagnostic service provided by dentist or physician other than practitioner providing treatment).
- D9610 Therapeutic drug injection, by report.
- D9930 Treatment of complications (post-surgical) unusual circumstances, by report.
- D9995 Teledentistry – synchronous; real-time encounter

Emergency Dental

The Plan covers emergency dental care, which includes emergency treatment required to alleviate pain and suffering caused by dental disease or trauma. Emergency dental care is not subject to Our Prior Authorization.

Pediatric Vision Services

The Plan provides the following pediatric vision benefits for Children up to the end of the month in which a Child turns 19 years of age:

- Vision exam – one (1) per Benefit Period. The exam is comprehensive and includes dilation, if professionally indicated.
- Prescription lenses and frames – standard prescription lenses– one (1) per Benefit Period. We will pay for one (1) standard frame per Benefit Period.
 - Lenses include choice of glass or plastic lenses, all lens powers (single vision, bifocal, trifocal, lenticular), fashion and gradient tinting, oversized and glass-grey #3 prescription sunglass lenses. Polycarbonate lenses are covered in full for Children. All lenses include scratch resistant and UV coating with no additional cost.
- Prescription contact lenses – 1 item covered in full once every Benefit Period –in lieu of eyeglasses. Items include:
 - Standard (one pair annually) = 1 contact lens per eye (total 2 lenses)
 - Monthly (six-months' supply) = 6 lenses per eye (total 12 lenses)
 - Bi-weekly (three-months' supply) = 6 lenses per eye (total 12 lenses)
 - Dailies (three-months' supply) = 90 lenses per eye (total 180 lenses)
- Low Vision – Low vision is covered if vision loss is sufficient to prevent reading and performing daily activities. Coverage includes an annual low vision evaluation. Network Providers will obtain the necessary Prior Authorization for these services. We also cover low vision aids, including prescription services and optical/non-optical aids.
- We also cover the following optical lenses and treatments:
 - Ultraviolet Protective Coating
 - Blended Segment Lenses
 - Intermediate Vision Lenses
 - Standard Progressives
 - Premium Progressives (Varilux®, etc.)
 - Photochromic Glass Lenses
 - Plastic Photosensitive Lenses (Transitions®)
 - Polarized Lenses
 - Standard Anti-Reflective (AR) Coating
 - Premium AR Coating
 - Ultra AR Coating
 - Hi-Index Lenses

Exclusions:

The Plan does not cover:

- Services provided by an Out-of-Network Provider.
- Services, treatments, or materials not specifically listed as a Covered Service.
- Services or materials which are rendered prior to the Effective Date or incurred after the termination date.
- Services and materials not meeting accepted standards of optometric practice.
- Services and materials resulting from your failure to comply with professionally prescribed treatment.
- Telephone consultations.

- Any charges for failure to keep a scheduled appointment.
- Any services that are strictly cosmetic in nature including, but not limited to, charges for personalization or characterization of prosthetic appliances.
- Office infection control charges.
- Charges for copies of your records, charts, or any costs associated with forwarding/mailling copies of your records or charts.
- State or territorial taxes on vision materials and services performed.
- Medical treatment of eye disease or sickness or injury.
- Eye surgery to correct errors of refraction, such as near-sightedness, including without limitation LASIK, radial keratotomy or keratomileusis or excimer laser refractive keratectomy.
- Visual therapy.
- Vision orthoptic training.
- Special lens designs or coatings other than those listed as Covered Services.
- Replacement of lost or stolen eyewear.
- Non-prescription (Plano) lenses.
- Two pairs of eyeglasses in lieu of bifocals.
- Services not performed by licensed personnel.
- Prosthetic devices and services.
- Insurance of contact lenses.

Pediatric Vision services may include services of a Provider who is a member of Your family or Your Dependent's family or who normally resides in Your house or Your Dependent's house provided such person has contracted with Antidote to perform such services. Except for Emergency Services, services from an Out-of-Network Provider are not covered.

Preventive Care Services (Covered without Cost-Sharing)

Preventive care services provided on an Outpatient basis at a Physician's office, an alternate Facility or a Hospital encompass medical services that have been demonstrated by clinical evidence to be safe and effective in either the early detection of disease or in the prevention of disease, have been proven to have a beneficial effect on health outcomes and include the following as required under applicable law:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the [United States Preventive Services Task Force](#).
- Immunizations that have in effect a recommendation from the [Advisory Committee on Immunization Practices](#) of the Centers for Disease Control and Prevention.
- With respect to infants, Children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the [Health Resources and Services Administration](#).
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the [Health Resources and Services Administration](#).
 - Contraceptive devices, including the insertion or removal of, and any Medically Necessary consultations, examinations, or procedures associated with, the use of intrauterine devices, diaphragms, injectable contraceptives, and implanted hormonal contraceptives.
 - Benefits include preventive mammography screening and diagnostic imaging

performed on dedicated equipment for diagnostic purposes, including digital breast tomosynthesis, magnetic resonance imaging, ultrasound or other modality at such age and intervals as recommended by the national comprehensive cancer network. This includes patients at risk for breast cancer who have a family history with one or more first or second degree relative with breast cancer, prior diagnosis of breast cancer, positive testing for hereditary gene mutations or dense breast tissue based on the breast imaging reporting and data system of the American College of Radiology.

- Screening for nicotine or tobacco use; and
- For those who use nicotine or tobacco products, at least two (2) cessation attempts per year. For this purpose, covering a cessation attempt includes coverage for:
 - Four (4) nicotine or tobacco cessation counseling sessions of at least ten (10) minutes each (including telephone counseling, group counseling, and individual counseling) without Prior Authorization; and
 - All Food and Drug Administration (FDA) approved nicotine or tobacco cessation medications (including both prescription and over-the-counter medications) for a ninety (90) day treatment regimen when prescribed by a healthcare Provider without Prior Authorization.

Benefits defined under the Health Resources and Services Administration (HRSA) requirement include one breast pump per pregnancy in conjunction with childbirth. Breast pumps must be ordered by or provided by a Physician. You can find more information on how to access benefits for breast pumps by contacting Us at the telephone number on Your ID card. Prenatal and postnatal lactation support and counseling from in-network obstetricians and providers are also included.

Benefits for preventive health services listed in this provision, except under the administration of reasonable medical management techniques discussed in the next paragraph, are exempt from any Deductibles, Cost-Sharing percentage provisions, and Copayment amounts under the contract when the services are provided by a Network Provider. If a service is considered Diagnostic or non-preventive, Your Plan Copayment, Coinsurance, and Deductible will apply.

If a Covered Person receives any other Covered Service during a preventive care visit, the Covered Person may be responsible to pay the applicable Copayment and Coinsurance for those services.

Covered Preventive Services for Adults include:

- Abdominal Aortic Aneurysm one-time screening for adults of specified ages who have ever smoked;
- Alcohol misuse screening and counseling;
- Aspirin use to prevent cardiovascular disease for adults of certain ages;
- Blood pressure screening for all adults;
- Cholesterol screening for adults of certain ages or at higher risk;
- Colorectal Cancer screening for adults over 50;
- Depression screening for adults;
- Type 2 Diabetes screening for adults with high blood pressure;
- Diet counseling for adults at higher risk for chronic disease;
- Hepatitis B screening for adults at high risk, including adults from countries with 2% or more Hepatitis B prevalence, and U.S.-born adults not vaccinated as infants and with at least one parent born in a region with 8% or more Hepatitis B prevalence;

- Hepatitis C screening for adults at increased risk, and one time for everyone born 1945-1965;
- HIV screening for all adults at higher risk and medically appropriate HIV pre-exposure prophylaxis (PrEP) and related services to the extent those ancillary services are classified as Preventive Care under the Affordable Care Act.
 - To request coverage for additional services as deemed Medically Necessary by a Physician, you may submit an Exception Request Form available from Navitus Health Solutions, Our prescription benefits manager (PBM). You or the physician who has prescribed the additional service may obtain a copy of this form by calling a Pharmacy Support Representative toll free at 888-836-5146 or TTY 711 24 hours a day/7 days a week/365 days a year. The form is also available on the Resource tab in Your Antidote account or at <https://www.antidotehealth.com/forms>.
- Immunization vaccines for adults--doses, recommended ages, and recommended populations vary:
 - Diphtheria;
 - Hepatitis A;
 - Hepatitis B;
 - Herpes Zoster;
 - Human Papillomavirus;
 - Influenza (Flu Shot);
 - Measles, Mumps, Rubella;
 - Meningococcal;
 - Pneumococcal;
 - Tetanus, Diphtheria, Pertussis; and
 - Varicella.
- Lung cancer screening for adults 55-80 at high risk for lung cancer because the adult is a heavy smoker or has quit in the past fifteen (15) years;
- Obesity screening and counseling for all adults;
- Prostate screening. One (1) prostate specific antigen (PSA) test in a 12-month period and digital rectal examination for Covered Persons age 40 and older, and Covered Persons under 40 if at high risk due to family history, race, or previous borderline PSA levels.
- Sexually Transmitted Infection (STI) prevention counseling for adults at higher risk;
- Tobacco or nicotine use screening for all adults and cessation interventions for tobacco or nicotine users; and
- Syphilis screening for all adults at higher risk.

Covered Preventive Services for Women and Pregnant Women include:

- Anemia screening on a routine basis for pregnant Covered Persons;
- Urinary tract or other infection screening for pregnant Covered Person;
- BRCA counseling about genetic testing for Covered Persons at higher risk;
- One (1) cytologic screening per year or more often if recommended by a Physician;
- A preventive mammography screening and diagnostic imaging performed on dedicated equipment for diagnostic purposes on referral by a Covered Person's Physician, subject to all of the terms and conditions of this Policy, including:
 - A mammogram
 - Digital breast tomosynthesis, magnetic resonance imaging, ultrasound or other modality and at such age and intervals as recommended by the national

comprehensive cancer network. This includes patients at risk for breast cancer who have a family history with one or more first or second degree relatives with breast cancer, prior diagnosis of breast cancer, positive testing for hereditary gene mutations or heterogeneously or dense breast tissue based on the breast imaging reporting and data system of the American College Of Radiology;

- Breast cancer chemoprevention counseling for Covered Persons at higher risk;
- Breastfeeding comprehensive support and counseling from trained Providers, as well as access to breastfeeding supplies, for pregnant and nursing Covered Persons;
- Cervical cancer screening for sexually active Covered Persons;
- Chlamydia infection screening for younger Covered Persons and other Covered Persons at higher risk;
- Contraception: Food and Drug Administration-approved contraceptive methods, sterilization procedures, and patient education and counseling, as prescribed by a Health Care Provider for Covered Persons with reproductive capacity (not including abortifacient Drugs);
- Domestic and interpersonal violence screening and counseling for all Covered Persons;
- Folic acid supplements for Covered Persons who may become pregnant;
- Gestational diabetes screening for Covered Persons 24 to 28 weeks pregnant and those at high risk of developing gestational diabetes;
- Gonorrhea screening for all Covered Persons at higher risk;
- Hepatitis B screening for pregnant Covered Persons at their first prenatal visit;
- Prenatal vitamins;
- Human Immunodeficiency Virus (HIV) screening and counseling for sexually active Covered Persons;
- Human Papillomavirus (HPV) DNA Test: high risk HPV DNA testing every three (3) years for Covered Persons with normal cytology results who are 30 or older;
- Coverage for Medically Necessary bone mass measurement and for diagnosis and treatment of osteoporosis;
- Rh Incompatibility screening for all pregnant Covered Persons and follow-up testing for Covered Persons at higher risk;
- Tobacco or nicotine use screening and interventions for all Covered Persons, and expanded counseling for pregnant tobacco users;
- Sexually Transmitted Infections (STI) counseling for sexually active Covered Persons;
- Syphilis screening for all pregnant Covered Persons or other Covered Persons at increased risk; and
- Wellness visits to obtain recommended preventive services.

Covered Preventive Services for Children include:

- Alcohol and Drug use assessments for adolescents;
- Autism screening for Children at 18 and 24 months;
- Behavioral assessments for Children of all ages. Ages: 0 to 11 months, 1 to 4 years, 5 to 10 years, 11 to 14 years, 15 to 17 years;
- Blood pressure screening for Children. Ages: 0 to 11 months, 1 to 4 years, 5 to 10 years, 11 to 14 years, 15 to 17 years;
- Cervical dysplasia screening for sexually active adolescents;
- Congenital hypothyroidism screening for newborns;
- Depression screening for adolescents;

- Developmental screening for Children under age 3, and surveillance throughout childhood;
- Dyslipidemia screening for Children at higher risk of lipid disorders. Ages: 1 to 4 years, 5 to 10 years, 11 to 14 years, 15 to 17 years;
- Fluoride chemoprevention supplements for Children without fluoride in their water source;
- Gonorrhea preventive medication for the eyes of all newborns;
- Hearing screening for all newborns;
- Height, weight, and body mass index measurements for Children. Ages: 0 to 11 months, 1 to 4 years, 5 to 10 years, 11 to 14 years, 15 to 17 years;
- Hematocrit or hemoglobin screening for Children;
- Hemoglobinopathies or sickle cell screening for newborns;
- Hepatitis B screening for adolescents at high risk, including adolescents from countries with 2% or more Hepatitis B prevalence, and U.S.-born adolescents not vaccinated as infants and with at least one parent born in a region with 8% or more Hepatitis B prevalence: 11-17 years;
- HIV screening for adolescents at higher risk;
- Hypothyroidism screening for newborns;
- Immunization vaccines for Children from birth to age 18 —doses, recommended ages, and recommended populations vary:
 - a. Diphtheria, Tetanus, Pertussis;
 - b. Haemophilus influenzae type b;
 - c. Hepatitis A;
 - d. Hepatitis B;
 - e. Human Papillomavirus;
 - f. Inactivated Poliovirus;
 - g. Influenza (Flu Shot);
 - h. COVID-19
 - i. Measles, Mumps, Rubella;
 - j. Meningococcal;
 - k. Pneumococcal;
 - l. Rotavirus; and
 - m. Varicella.
- Iron supplements for Children ages 6 to 12 months at risk for anemia;
- Lead screening for Children at risk of exposure;
- Medical history for all Children throughout development. Ages: 0 to 11 months, 1 to 4 years, 5 to 10 years, 11 to 14 years, 15 to 17 years;
- Obesity screening and counseling;
- Oral health risk assessment for young Children. Ages: 0 to 11 months, 1 to 4 years, 5 to 10 years;
- Phenylketonuria (PKU) screening for this genetic disorder in newborns;
- Sexually Transmitted Infection (STI) prevention counseling and screening for adolescents at higher risk;
- Tuberculin testing for Children at higher risk of tuberculosis. Ages: 0 to 11 months, 1 to 4 years, 5 to 10 years, 11 to 14 years, 15 to 17 years; and
- Vision screening for all Children.

Prosthetic Devices

External prosthetic devices that replace a limb or a body part, limited to:

- Artificial arms, legs, feet and hands.
- Artificial face, eyes, ears, and nose.
- Breast prosthesis and wigs as required by the Women's Health and Cancer Rights Act of 1998. Benefits include mastectomy bras.
- Wigs or hair pieces for alleviation or correction of alopecia as a result of chemotherapy, radiation therapy, and second- or third-degree burns. Coverage is limited to the first wig after active cancer treatment or burn injury, not to exceed one (1) per Benefit Period.
- Terminal devices such as a hand or hook.

Benefits are provided only for external prosthetic devices and do not include any device that is fully implanted into the body. Internal prosthetics are a Covered Service for which benefits are available under the applicable medical/surgical Covered Service categories in this Policy.

If more than one prosthetic device can meet Your functional needs, benefits are available only for the prosthetic device that meets the minimum specifications for Your needs. If You purchase a prosthetic device that exceeds these minimum specifications, We will pay only the amount that We would have paid for the prosthetic that meets the minimum specifications, and You will be responsible for paying any difference in cost.

The prosthetic device must be ordered or provided by, or under the direction of a Physician. Benefits are available for fitting, repairs, and replacement.

Reconstructive Services

The Plan provides benefits for certain reconstructive services required to correct a deformity caused by disease, trauma, congenital anomalies, or previous therapeutic process.

Covered Services include the following:

- Necessary care and treatment of medically diagnosed congenital defects and birth abnormalities of a newborn Child;
- Breast reconstruction resulting from a mastectomy;
- Hemangiomas, and port wine stains of the head and neck areas for Children ages 18 years or younger;
- Limb deformities such as club hand, club foot, syndactyly (webbed digits), polydactyly (supernumerary digits), macrodactylia;
- Otoplasty when performed to improve hearing by directing sound in the ear canal, when ear or ears are absent or deformed from trauma, surgery, disease, or congenital defect;
- Tongue release for diagnosis of tongue-tied;
- Congenital disorders that cause skull deformity such as Crouzon's disease;
- Cleft lip; and
- Cleft palate.

Rehabilitation Services

The following Rehabilitation Services are covered on an Outpatient and Inpatient basis to help a person get back or improve skills and functioning for daily living that have been lost or impaired due to illness, injury, or disability:

- Physical therapy provided by a Physician or licensed physical therapist;
- Occupational therapy provided by a Physician or licensed occupational therapist;
- Speech therapy provided by a Physician or licensed speech therapist;
- Cardiac Rehabilitation Services provided under the supervision of a Physician or an appropriate Provider trained for cardiac rehabilitation; and
- Pulmonary Rehabilitation Services provided under the supervision of a Physician or an appropriate Provider trained for pulmonary rehabilitation.

All Therapy Services must be considered Medically Necessary. Prior Authorization is required for Outpatient physical, speech and occupational therapy.

When provided in a Facility on an Outpatient basis or in a Physician's office, You will be responsible for the Outpatient Rehabilitation Cost Share listed on Your Schedule of Benefits for each visit. When provided to You as an Inpatient, You will be responsible for the applicable Inpatient Cost Share listed on Your Schedule of Benefits.

Devices that are Medically Necessary to help a person get back or improve skills and functioning for daily living that have been lost or impaired due to illness, injury, or disability are covered under the Durable Medical Equipment, prosthetics, or orthotics benefit, as applicable.

Benefits are limited to the maximum number of visits listed on Your Schedule of Benefits. For the purposes of this benefit, the term "visit" means any Outpatient visit to a Physician or Facility during which one or more of the therapies listed above are provided. The Outpatient Rehabilitation Services benefit limits described on Your Schedule of Benefits do not apply to Therapy Services provided for the treatment of a mental health condition, including Autism Spectrum Disorder, or for the treatment of a Substance Abuse Disorder. These limits also do not apply to Inpatient Rehabilitation Services or Rehabilitation Services provided as part of home health or Hospice Care.

Other Therapy Services

The Plan will provide benefits for Therapy Services for:

- **Cardiac rehabilitation** – to restore Your functional status after a cardiac event. Cardiac Rehabilitation Services includes a program of medical evaluation, education, supervised exercise training, and psychosocial support. Home programs, on-going conditioning and maintenance are not covered.
- **Pulmonary rehabilitation** – to restore an individual's functional status after a sickness or injury. Covered Services include but are not limited to Outpatient short-term respiratory services for conditions which are expected to show significant improvement through short-term therapy. Also covered is inhalation therapy administered in Physician's office including but are not limited to breathing exercise, exercise not elsewhere classified, and other counseling.
- **Chemotherapy** – for the treatment of a disease by chemical or biological antineoplastic agents, including the cost of such agents.
- **Dialysis** – treatments of an Acute or chronic kidney ailment which may include the supportive use of an artificial kidney machine.
- **Radiation therapy** – for the treatment of disease by X-ray, radium, or radioactive isotopes. Radiation therapy includes treatment (teletherapy, brachytherapy and intraoperative radiation, photon, or high energy particle sources); materials and supplies used in therapy; and treatment planning.

- **Inhalation Therapy** – for the treatment of a condition by the administration of medicines, water vapors, gases, or anesthetics of inhalation. Covered Services include but are not limited to, introduction of dry or moist gases into the lungs; nonpressurized inhalation treatment; intermittent positive pressure breathing treatment, air or oxygen, with or without nebulized medication; continuous positive airway pressure ventilation (CPAP); continuous negative pressure ventilation (CNP); chest percussion; therapeutic use of medical gases or drugs in the form of aerosols, and equipment such as resuscitators, oxygen tents, and incentive spirometers; broncho-pulmonary drainage and breathing exercises.
- **Post-Cochlear Implant Aural Therapy**
- **Cognitive Rehabilitation Therapy**

Surgical Services

The Plan provides benefits for surgical services when provided as part of Physician home visits and office services, Inpatient stays, or Outpatient Services. Surgical Services will only be Covered Services when provided in an appropriate setting, as determined by Us. Such benefits include but are not limited to:

- Performance of accepted operative and other invasive procedures, including but not limited to:
 - Operative and cutting procedures;
 - Endoscopic examinations, such as arthroscopy, bronchoscopy, colonoscopy, laparoscopy;
 - Other invasive procedures such as angiogram, arteriogram, amniocentesis, tap or puncture of brain or spine;
 - The correction of fractures and dislocations;
- Anesthesia and surgical assistance when Medically Necessary (including when provided by a registered nurse first assistant, certified surgical assistant, or physician assistant);
- Usual and related pre-operative and post-operative care; or
- Other procedures as approved by us. We may combine the benefits when more than one surgery is performed during the same operative session.

Temporomandibular (TMJ) or Craniomandibular Joint Disorder and Craniomandibular Jaw Disorder

We cover benefits for temporomandibular (joint connecting the lower jaw to the temporal bone at the side of the head) and craniomandibular (head and neck muscle) disorders due to:

- An accident;
- Trauma;
- A congenital defect; or
- A pathology.

We will also cover Orthognathic (jawbone) surgery for a medical condition or injury that is Medically Necessary to gain functional capacity of the joint or bone.

Transplant

The Plan provides benefits for human organ and stem cell/bone marrow transplants and transfusions when ordered by a Provider and that We determine are Medically Necessary. Such benefits include the necessary and related acquisition procedures, harvest, and storage, and

preparatory myeloablative therapy if these related services are Medically Necessary.

Covered Services for human organ and stem cell/bone marrow transplants and transfusions are covered as Inpatient services, Outpatient Services or Physician home visits and office services depending on where the health care service is performed.

Examples of transplants for which benefits are available include bone marrow, heart, heart/lung, lung, kidney, kidney/pancreas, liver, liver/small bowel, pancreas, small bowel, cornea, and treatment of breast cancer by high-dose chemotherapy with autologous bone marrow or stem cell transplant. Donor costs that are directly related to organ removal are Covered Services for which benefits are payable under the Plan.

The Transplant benefits outlined below do not apply to any Covered Services related to a covered transplant procedure that are received prior to or after the transplant benefit year. Please note that the initial evaluation and any necessary additional testing to determine Your eligibility as a candidate for transplant by Your Provider and storage of bone marrow/stem cells is included in the covered transplant procedure benefit regardless of the date of service.

Live Donor Health Care Services

The Plan provides benefits for Medically Necessary health care services only for the procurement of an organ from a live donor, including complications from the donor procedure for up to six (6) weeks from the date of the procurement.

NOTE: Live donor benefits are limited to benefits not available to the donor from any other source.

Transportation, Lodging and Food

The Plan will provide travel expenses in connection with a pre-approved organ/tissue transplant. Organ transplant travel benefits are not available for cornea transplants. Travel expenses are limited to \$10,000. Travel expenses are available to You for expenses associated with Your evaluation, candidacy, transplant, or post-transplant care. Transportation to and from the treatment site will be reimbursed at 37.5 cents per mile if you are required to travel more than sixty (60) miles from Your residence to reach the Facility where Your transplant procedure will be performed. Charges for a rental car used during a period of care at the transplant facility is also covered. Your benefit includes assistance with Your food and travel expenses, including transportation to and from the Facility and lodging for you, as the patient, and one (1) companion. If You are receiving treatment as a minor, then reasonable and necessary expenses for transportation and lodging may be allowed for two (2) companions. You must submit itemized receipts for transportation and lodging expenses accompanied by a completed Direct Member Reimbursement Form when reimbursement is requested. The Direct Member Reimbursement Form is located on Our website at antidotehealth.com/member.

Non-covered Transportation, Lodging and Food expenses include all of the following:

- Alcohol/tobacco;
- Vehicle Maintenance;
- Parking;
- Speeding Tickets;
- Entertainment (e.g., movies, visits to museums, additional mileage for sightseeing, etc.);
- Expenses for persons other than You and Your authorized companion;
- Expenses for lodging when You stay with a relative;

- Any expenses not supported by a receipt;
- Personal care items (e.g., shampoo, deodorant, etc.);
- Telephone calls; and
- All other items not described in this Plan as eligible expenses.

Free-standing Urgent Care

The Plan provides benefits for Covered Services received at a free-standing Urgent Care Center. A free-standing urgent care center is a licensed health care facility that is organizationally separate from a Hospital and whose primary purpose is the offering and provision of immediate, short-term medical care, without appointment, for Urgent Care.

Benefits are also available for Urgent Care Services received at a non-Network Urgent Care Center while You are temporarily outside the Service Area. Benefits provided under this section are payable at the Network level and are limited to the Maximum Allowable Amount. Your payment is subject to any Coinsurance, Copayment, or Deductible. You may be responsible for any amount in excess of the Maximum Allowable Amount.

Urgent Care includes Medically Necessary services by Network Providers and services provided at a free-standing Urgent Care center, including Facility costs and supplies, or care for a condition that is not an emergency and does not require treatment in an emergency room, but is an unforeseen medical illness, injury, or condition that requires immediate care when the Covered Person's Primary Care Physician is unavailable or inaccessible. Certain Urgent Care services are available 24/7 by contacting Antidote at 888-623-3195 or by logging in to the Antidote App or Antidote Member Portal at antidotehealth.com/member.

Urgent Care received at any Hospital emergency department is not covered unless authorized in advance by us. Covered Persons are encouraged to contact their Primary Care Physician for an appointment before seeking care from another Provider, but free-standing Urgent Care Centers and walk in clinics can be used when an urgent appointment is not available. Urgent Care is not covered for services received by an Out-of-Network Provider or at an Out-of-Network Facility.

Prescription Drugs

Formulary Drugs

The Formulary is a list of Drugs We typically cover. Antidote maintains a list of medications, typically a portion of those approved by FDA, that Antidote will cover. This list, referred to as the Antidote Formulary, is reviewed and updated by Antidote on a regular cycle. Antidote's Pharmaceutical and Therapeutics Committee oversees the review process to ensure clinical, quality and cost considerations are appropriately considered. The Antidote Formulary includes medications in all classes of medications.

Antidote updates the Antidote Formulary on an ongoing basis, but when modifying always ensures it is effective uniformly among all individuals in a given Plan type. When changes are made, Antidote will notify both You and the Insurance Commissioner in accordance with federal and state specific law.

To receive coverage for an Antidote Formulary medication, You must have a Health Care Provider prescribe You the medication and the medication must be determined by Antidote to be Medically Necessary, (see Section: HOW YOUR PLAN WORKS). To request coverage for a medication not listed on the Formulary, You or Your Health Care Provider can submit a request.

A Formulary Exception Request Form is available from Navitus Health Solutions. Our prescription benefits manager (PBM). You or the physician who has prescribed the non-Formulary medication may obtain a copy of this form by calling a Pharmacy Support Representative toll free at 888-836-5146 or TTY 711 24 hours a day/7 days a week/365 days a year. The form is also available on the Resource tab in Your Antidote account or at <https://www.antidotehealth.com/forms>.

If You have a question regarding whether a Drug is on the Formulary, please visit Our website at <https://www.antidotehealth.com/pharma> or call Us at the toll-free number on Your ID card.

Prior Authorization

Prior Authorization may be required for certain Prescription Drugs. Prior Authorization helps promote appropriate and safe utilization and enforcement of guidelines for Prescription Drug Benefit coverage. From time to time, Antidote may change which Prescription Drugs require Prior Authorization. To determine if a Prescription Drug requires Prior Authorization, visit Our website or call the toll-free number on Your ID Card. Also, at the time You fill a prescription, the Network pharmacist is informed of the Prior Authorization requirement through the Pharmacy's computer system.

Prior Authorization for Covered Persons with Chronic Conditions

For Prior Authorization related to a Covered Person's chronic condition, We will honor the Prior Authorization for an approved Prescription Drug for twelve (12) months or until the last day of the Covered Person's eligibility under the Plan, whichever is less.

NOTE: The duration of all other Prior Authorization approvals will be governed by the Plan and this Evidence of Coverage. The twelve (12) month approval provided by Us will no longer be valid and will automatically terminate if there are changes to federal or state laws or federal regulatory guidance or compliance information prescribing that the Prescription Drug in question is no longer approved or safe for the intended purpose. We may require a Covered Person's Provider to submit information to Us indicating that a Covered Person's chronic condition has not changed. The frequency of the submission of requested information by the Plan will be consistent with medical or scientific evidence as required by law, but will not be required more frequently than on a quarterly basis.

Tiers of Covered Drugs and Your Cost Share

Your Copayment or Coinsurance amount may vary based on whether the covered Prescription Drug, including covered Specialty Drugs, has been classified by Us as a Tier 1, 2, 3, 4, 5, or 6 Drug. Tiers are based upon clinical information, the cost of the Drug compared to other similar Drugs used to treat the same or similar condition; the availability of over-the-counter alternatives; and certain clinical economic factors. The different tiers are below.

- **Tier 1:** Zero Cost Share Preventive Drugs.
- **Tier 2:** Generic Drugs.
- **Tier 3:** Preferred Brand Drugs.
- **Tier 4:** Non-Preferred Brand Drugs.
- **Tier 5:** Specialty Drugs.
- **Tier 6:** Medical Service Drugs.

Specialty Drugs

Drugs that require specialized patient education prior to use and ongoing patient assistance while under treatment are called Specialty Drugs. These Specialty Drugs must be dispensed through a Specialty Pharmacy. Please visit Our website at <https://www.antidotehealth.com/pharma> or call Member Services at the toll-free number on Your ID card to find out if Your medication is considered a Specialty Drug and/or identify the best Specialty Pharmacy option for you.

How to Fill a Prescription

Prescriptions can be filled at a Network retail Pharmacy or through Our mail-order Pharmacy. If You decide to have Your prescription filled at a Network Pharmacy, You can use the Provider directory to find a Pharmacy near you. You can access the Provider directory at <https://www.antidotehealth.com/find-a-doctor>. You can also call Member Services to help You find a Pharmacy. At the Pharmacy, You will need to provide the pharmacist with Your prescription and Your ID card. We also offer a three-month (90-day) supply of maintenance medications by mail through Costco Prescription Mail Order Service or from Network retail pharmacies for specific benefit Plans. There is no requirement to be a member of Costco. These Drugs treat long-term conditions or illnesses, such as high blood pressure, asthma, and diabetes. You can find a list of covered medications on <https://www.antidotehealth.com/pharma>.

Mail Order Program

Mail order pharmacies are an alternative way You can get Your medications. Certain eligible Covered Drugs, such as maintenance medications can be delivered to Your home. Not all Medications listed on the Formulary can be filled by mail order. You can find more information and the Formulary by going to <https://www.antidotehealth.com/pharma>. If You have any questions or need assistance in determining the amount of Your payment, or need to obtain the mail-order prescription form, You may contact Member Services at the toll-free number on Your ID card.

Therapeutic Substitution of Drugs Program

Therapeutic Substitution of Drugs is a program designed to increase Generic Drug use, which lowers Your medication costs and maintains safety and efficacy.

This program informs You and Your Provider about possible alternatives to certain Prescription Drugs. We may contact You and Your prescribing Provider to make You aware of substitution options. Therapeutic substitution may also be initiated at the time the prescription is dispensed. Only You and Your Provider can determine whether the therapeutic substitute is appropriate for you. The therapeutic Drug substitutes list is subject to periodic review and amendment.

Step Therapy

Step therapy protocol means a protocol or program that establishes the specific sequence in which prescription drugs that are for a specified medical condition and that are Medically Necessary for You are covered under this Plan. If Your Provider decides that a step therapy medication is needed, Your Provider may request an exemption on Your behalf. We will review and respond to Your Provider's request for an exemption within forty-eight (48) hours for urgent requests, and within ten (10) calendar days for all other requests. If the exemption is granted, You will be able to obtain the requested medication without needed to proceed through the step therapy protocol.

NOTE: If We deny Your Provider's request for an exemption, You and Your Provider may appeal the decision. We will respond to appeals within one (1) business day for expedited appeals, and within ten (10) calendar days for all other appeals. If We deny the appeal, You or Your Authorized Representative may request an External Review. Please see Section XI – APPEALS AND COMPLAINT PROCEDURES and the separate AZ Health Care Insurer Appeals Process Information Packet that accompanied Your EOC.

Opioid Analgesics Prescribed for Chronic Pain

Covered Persons prescribed opioid analgesics for chronic pain must obtain Our Prior Authorization prior to receiving opioid analgesics for chronic pain, except under the following circumstances:

- Opioid analgesics prescribed to a Covered Person who is a Hospice patient in a Hospice Care program;
- Opioid analgesics prescribed to a Covered Person who has been diagnosed with a terminal condition, but is not a Hospice patient in a Hospice Care program; or
- Opioid analgesics prescribed to a Covered Person who has cancer or another condition associated with the Covered Person's cancer or history of cancer.

Covered Persons prescribed opioid analgesics for Acute and/or chronic pain may be subject to other Utilization Review measures as determined by Us, including care coordination for individuals with Substance Abuse Disorders. Prior Authorization requests for opioid treatment will be processed as an expedited request and We will respond within forty-eight (48) hours. If Your request requires immediate action and a delay could significantly increase the risk to Your health, or the ability to regain maximum function, call Us as soon as possible. We will provide a written or electronic determination within twenty-four (24) hours. For more information on Opioid Education options, please visit Our website at antidotehealth.com/education-resources.

Orally Administered Chemotherapy

Benefits for patient-administered cancer treatment medications will not be less favorable than the benefits for cancer treatment medications that are injected or intravenously administered by a health care provider, regardless of the formulation or benefit category.

Your Right to Request an Exclusion Exception

When a Prescription Drug product is excluded from coverage, You or Your Authorized Representative may request an exception to gain access to the excluded Prescription Drug product. To make a request, contact Us in writing or call the toll-free number on Your ID card. We will notify You of Our determination within seventy-two (72) hours.

Please note, if Your request for an exception is approved by us, You may be responsible for paying the applicable Copayment and/or Coinsurance based on the Prescription Drug tier placement, or at the highest tier.

Urgent Requests

If Your request requires immediate action and a delay could significantly increase the risk to Your health, or the ability to regain maximum function, call Us as soon as possible. We will provide a written or electronic determination within twenty-four (24) hours.

External Review

If You are not satisfied with Our determination of Your exclusion exception request, You may be entitled to request an external review. You or Your Authorized Representative may request an external review by sending a written request to Us to the address set out in the determination letter or by calling the toll-free number on Your ID card. The Independent Review Organization (IRO) will notify You of Our determination within seventy-two (72) hours.

Expedited External Review

If You are not satisfied with Our determination of Your exclusion exception request and it involves an urgent situation, You or Your Authorized Representative may request an expedited external review by calling the toll-free number on Your ID card or by sending a written request to the address set out in the determination letter. The IRO will notify You of Our determination within twenty-four (24) hours.

Off-Label Use

You may be eligible for coverage for a prescription drug that has not been approved by the U.S. Food and Drug Administration ("FDA") for the treatment of the specific type of cancer for which the prescription drug has been prescribed, if the prescription drug has been recognized as safe and effective for treatment of that specific type of cancer in one or more of the standard medical reference compendia set forth below or if there is medical literature that meets the following criteria:

Standard Medical Compendium

1. The American hospital formulary service drug information, a publication of the American Society of Health-System Pharmacists.
2. The National Comprehensive Cancer Network Drugs & Biologics Compendium (NCCN Compendium®).
3. Thomson Micromedex DrugDex® Compendium.
4. Elsevier Gold Standard's Drug Database clinical pharmacology compendium.
5. Other authoritative compendia as identified by the Secretary of the U.S. Department of Health and Human Services.

Medical Literature Criteria

Medical literature may be accepted if **all** the following apply:

1. At least two articles from major peer reviewed professional medical journals have recognized, based on scientific or medical criteria, the drug's safety and effectiveness for treatment of the indication for which the drug has been prescribed.
2. No article from a major peer reviewed professional medical journal has concluded, based on scientific or medical criteria, that the drug is unsafe or ineffective or that the drug's safety and effectiveness cannot be determined for the treatment of the indication for which the drug has been prescribed.
3. The literature meets the uniform requirements for manuscripts submitted to biomedical journals established by the International Committee of Medical Journal Editors or is published in a journal specified by the U.S. Department of Health & Human Services as acceptable peer reviewed medical literature.

You or the physician who has prescribed the medication may obtain more information by calling a Pharmacy Support Representative toll free at 888-836-5146.

Medically Necessary services associated with the administration of the prescription drug for off-label use is covered under this Plan.

Medication Synchronization

If You are filling more than two prescribed medications for a chronic condition that are being dispensed by a single pharmacy, You have the option to coordinate the refilling of Your medications to a single pharmacy visit. This will allow the Copayments to be prorated based on the synchronized days' supply.

Please call the number on the back of Your ID Card for more information on this program.

Prescription Drug Exclusions and Limitations

No benefits will be paid under this benefit subsection for services provided or expenses incurred:

- For Prescription Drugs for the treatment of erectile dysfunction or any enhancement of sexual performance unless such treatment is listed on the Formulary.
- For weight loss Prescription Drugs unless otherwise listed on the Formulary.
- For immunization agents, blood, or blood plasma, except when used for preventive care and listed on the Formulary.
- For medication that is to be taken by the Covered Person, in whole or in part, at the place where it is dispensed.
- For medication received while the Covered Person is a patient at an institution that has a facility for dispensing pharmaceuticals.
- For a refill dispensed more than twelve (12) months from the date of a Physician's order.
- For more than the predetermined managed Drug limitations assigned to certain Drugs or classification of Drugs.
- For a Prescription Order that is available in over-the-counter form, or comprised of components that are available in over-the-counter form, and is therapeutically equivalent, except for over-the-counter products that are on the Formulary.
- For Drugs labeled "Caution - limited by federal law to investigational use" or for investigational or experimental Drugs.
- For any Drug that We identify as therapeutic duplication through the Drug Utilization Review program. Therapeutic duplication is the practice of prescribing multiple medications for the same indication or purpose without a clear distinction of when one agent should be administered over another.
- For more than a 30-day supply when dispensed in any one prescription or refill.
 - Specialty Drugs and other select Drug categories are limited to 30-day supply when dispensed by retail or mail order. Please note that only the 90-day supply is subject to the discounted Cost-Sharing. Mail orders supplies of fewer than 90 days are subject to the standard Cost-Sharing amount.
- For Prescription Drugs for any Covered Person who enrolls in Medicare Part D as of the date of his or her enrollment in Medicare Part D. Prescription Drug coverage may not be reinstated at a later date.
- Foreign prescription medications, except those associated with an Emergency Medical Condition while You are travelling outside the United States. These exceptions apply

only to medications with an equivalent FDA-approved prescription medication that would be covered under this document, if obtained in the United States.

- For prevention of any diseases that are not endemic to the United States, such as malaria, and where preventive treatment is related to Covered Person's vacation during out of country travel. This section does not prohibit coverage of treatment for aforementioned diseases.
- For medications used for cosmetic purposes, excluding Tretinoin.
- For infertility Drugs unless otherwise listed on the Formulary.
- For any controlled substance that exceeds state established maximum morphine equivalents in a particular time period, as established by state laws and regulations.
- For Drugs or dosage amounts determined by Antidote to be ineffective, unproven, or unsafe for the indication for which they have been prescribed, regardless of whether such Drugs or dosage amounts have been approved by any governmental regulatory body for that use.
- For any Drug related to dental restorative treatment or treatment of chronic periodontitis, where Drug administration occurs at dental practitioner's office.
- For any Drug related to surrogate pregnancy.
- For any Drug used to treat hyperhidrosis.
- For any prescription or over the counter version of vitamin(s) unless otherwise included on the Formulary.
- For any claim submitted by non lock-in Pharmacy while a Covered Person is in lock-in status.
 - Lock-in status means you are locked-in to a specific Pharmacy in order to monitor prescription in order to monitor prescriptions received.
 - Lock-in Pharmacy means your designated Pharmacy for coverage.
 - Lock-in status helps prevent opioid abuse by requiring patients to seek opioids from a designated Provider and single Pharmacy for coverage. Your opioid prescription will not be covered if You attempt to fill the prescription from a Pharmacy other than your designated pharmacy.
 - To facilitate appropriate benefit use and prevent opioid overutilization, Covered Person's participation in lock-in status will be determined by review of Pharmacy claims.
- Compound Drugs unless there is at least one ingredient that requires a prescription.

SECTION VI – EXCLUSIONS AND LIMITATIONS

No benefits will be provided or paid for:

Any service or supply that would be provided without cost to the Covered Person in the absence of insurance covering the charge.

- Any services not identified and included as Covered Service expenses under the contract. You will be fully responsible for payment for any services that are not Covered Service expenses.

Even if not specifically excluded by this contract, no benefit will be paid for a service or supply unless it is:

- Administered or ordered by a Physician; and
- Medically Necessary to the diagnosis or treatment of an injury or illness or covered

under the Preventive Care provision.

Covered Service expenses will not include, and no benefits will be provided or paid for any charges that are incurred:

- For services or supplies that are provided prior to the Effective Date or after the termination date of this contract, except as expressly provided for under the contract's TERMINATION section.
- For any portion of the charges that are in excess of the eligible service expense.
- For weight modification, or for surgical treatment of obesity, including wiring of the teeth and all forms of intestinal bypass surgery, except the Medically Necessary bariatric procedures identified as covered services.
- For cosmetic breast reduction or augmentation.
- For the reversal of sterilization and vasectomies.
- For non-therapeutic abortion.
- For expenses for television, telephone, or expenses for other persons.
- For telephone consultations, except those meeting the definition of Telehealth services, or for failure to keep a scheduled appointment.
- For cosmetic treatment, except for Medically Necessary reconstructive surgery that is incidental to or follows surgery or an injury or is performed to correct a birth defect.
- For diagnosis or treatment of learning disabilities.
- For diagnosis or treatment of nicotine addiction, except as expressly provided for under Preventive Care Services.
- For eye refractive surgery when the primary purpose is to correct nearsightedness, farsightedness, or astigmatism.
- While confined primarily to receive rehabilitation, Custodial Care, educational care, or nursing services (unless expressly provided for in this contract).
- For vocational or recreational therapy, vocational rehabilitation, Outpatient speech therapy, or occupational therapy, except as expressly provided for in this contract.
- For alternative or complementary medicine using non-orthodox therapeutic practices that do not follow conventional medicine. These include, but are not limited to, wilderness therapy, outdoor therapy, boot camp, equine therapy, and similar programs.
- For eyeglasses, contact lenses, hearing aids, eye refraction, visual therapy, or for any examination or fitting related to these devices, except as expressly provided in this contract.
- For Experimental or Investigative treatment(s) or unproven services. The fact that an Experimental or Investigative treatment or unproven service is the only available treatment for a particular condition will not result in benefits if the procedure is considered to be an Experimental or Investigative treatment or unproven service for the treatment of that particular condition.
- For treatment received outside the United States, except for Emergency Services while traveling for up to a maximum of ninety (90) consecutive days.
- As a result of an injury, disease, defect, or ailment arising out of and in the course of employment for wage or profit, if the Covered Person is insured, or is required to be insured, by workers' compensation insurance pursuant to applicable state or federal law. If workers' compensation insurance is not available to You, then this exclusion does not apply. This exclusion applies if You receive the benefits in whole or in part. This exclusion also applies whether or not You claim the benefits or compensation. It also

applies whether or not You recover from any third party. If You enter into a settlement that waives a Covered Person's right to recover future medical benefits under a workers' compensation law or insurance plan, this exclusion will still apply. In the event that the workers' compensation insurance carrier denies coverage for a Covered Person's workers' compensation claim, this exclusion will still apply unless that denial is appealed to the proper governmental agency and the denial is upheld by that agency.

- Surrogacy/Gestational Carrier Arrangement. The following health care services, including related supplies and medication, to a Covered Person serving as a surrogate/gestational carrier are excluded:
 - Mental health services related to the surrogacy/gestational carrier arrangement;
 - Expenses related to donor semen, including collection and preparation for implantation;
 - Donor gamete or embryos or storage of same relating to a surrogacy/gestational carrier arrangement;
 - Use of frozen gamete or embryos to achieve future conception in a surrogacy/gestational carrier arrangement;
 - Preimplantation genetic diagnosis relating to a surrogacy/gestational carrier arrangement;
 - Any other non-maternity care services, supplies and medication.

The following health care services, including supplies and medication to a non-Covered Person serving as a surrogate/gestational carrier pursuant to a surrogacy/gestational carrier arrangement with a Covered Person are excluded. This exclusion applies to all health care services, supplies and medication to the non-covered surrogate/gestational carrier including, but not limited to:

- Mental health services related to the surrogacy/gestational carrier arrangement;
- Expenses relating to donor semen, including collection and preparation for implantation;
- Donor gamete or embryos or storage relating to a surrogacy/gestational carrier arrangement;
- Use of frozen gamete or embryos to achieve future conception in a surrogacy/gestational carrier arrangement; or
- Preimplantation genetic diagnoses relating to a surrogacy/gestational carrier arrangement.

Please also see page 84-85 Adding New Dependents and Who Can Be Covered.

- For or related to treatment of hyperhidrosis (excessive sweating).
- For fetal reduction surgery.
- Except as specifically identified as a Covered Service expense under the contract, services or expenses for alternative treatments, including acupressure, acupuncture, aroma therapy, hypnotism, massage therapy, rolfing, and other forms of alternative treatment as defined by the Office of Alternative Medicine of the National Institutes of Health.
- For any injectable medication or biological product that is not expected to be self-administered by the Covered Person at the Covered Person's place of residence unless listed on the Formulary.
- Domiciliary Care provided in a residential institution, treatment center, halfway house, or school because a Covered Person's own home arrangements are not available or are unsuitable, and consisting chiefly of room and board, even if therapy is included.
- Services or care provided or billed by a school, Custodial Care center for the

developmentally disabled, except benefits for Mental Health Disorders or substance use disorders. Benefits are provided for a minor solely for Medically Necessary mental health or substance use disorder service provided in a school or other educational setting or ordered by a court if the service was provided by an In-network Provider. Claims for mental health or substance use disorder services that are provided by an Out-of-Network Provider and are not covered by Us solely because the provider is an Out-of-Network provider may be payable from the Arizona Children's Behavioral Health Services Fund. Further information on the availability of mental health and substance use disorder services for a minor are available at <https://www.azahcccs.gov/AHCCCS/Initiatives/BehavioralHealthServices/>.

- The following bariatric procedures:
 - Open vertical banded gastroplasty;
 - Laparoscopic vertical banded gastroplasty;
 - Open sleeve gastrectomy;
 - Open adjustable gastric banding.
- For Diagnostic testing, laboratory procedures, screenings, or examinations performed for the purpose of obtaining, maintaining, or monitoring employment. This exclusion does not apply to preventive services.
- Surgical treatment of gynecomastia
- For any medicinal and recreational use of cannabis or marijuana.

Pediatric Dental Exclusions

In addition to the exclusions listed above, the following exclusions apply specifically to the pediatric dental benefit:

- Services that are not dentally necessary or that do not meet generally accepted standards of dental practice.
- Any dental service or procedure not listed as a Covered Service under Class I, II, III, or IV Covered Services.
- Services provided by an Out-of-Network Provider.
- Services and treatments not prescribed by or provided pursuant to a dentist's authorization.
- Services and treatment which are Experimental or Investigative.
- Services received from a dental or medical department maintained by or on behalf of an employer, mutual benefit association, labor union, trust, VA hospital or similar person or group.
- Services performed prior to Your Effective Date of coverage or incurred after the termination date unless otherwise indicated.
- Services resulting from a Covered Person's failure to comply with professionally prescribed treatment.
- Office infection control charges.
- Charges for copies of records, charts or x-rays, or any costs associated with forwarding/mailling copies of records, charts, or x-rays.
- State or territorial taxes on dental services performed.
- Services that are considered strictly cosmetic in nature including, but not limited to, charges for personalization or characterization of prosthetic appliances.
- Services submitted by a dentist, which are for the same services performed on the same date for the same Covered Person by another dentist.

- Services provided free of charge by any governmental unit, except where this exclusion is prohibited by law.
- Services for which the Covered Person would have no obligation to pay in the absence of the benefits provided under the Plan.
- Services which are for specialized procedures and techniques.
- Services performed by a dentist who is compensated by a facility for similar Covered Services performed for Covered Persons.
- Duplicate, provisional and temporary devices, appliances, and services.
- Plaque control programs, oral hygiene instruction, and dietary instructions.
- Services to alter vertical dimension and/or restore or maintain the occlusion. Such procedures include, but are not limited to, equilibration, periodontal splinting, full mouth rehabilitation, and restoration for misalignment of teeth.
- Hospital costs or any additional fees that the dentist or Hospital charges for services at the Hospital (Inpatient or Outpatient).
- Charges by the Provider for completing dental forms.
- Adjustment of a denture or bridgework which is made within six (6) months after installation by the same dentist who installed it.
- Use of material or home health aides to prevent decay, such as toothpaste, fluoride gels, dental floss, and teeth whiteners.
- Replacement of dentures that have been lost, stolen, or misplaced.
- Fabrication of athletic mouth guard.
- Internal and external bleaching.

SECTION VII – WELLNESS AND REWARDS PROGRAM

It takes commitment and dedication to get healthy and stay healthy. Eating and sleeping well, staying active, engaging with your Primary Care Provider to set health goals, and getting an annual checkup are just some of the ways you can start Your journey to better health.

This Plan offers wellness and health improvement programs to encourage You to complete health activities that support overall health. You may be offered incentives to encourage you to participate in certain wellness or disease management programs. The decision about whether to participate is Yours. These incentives are not benefits and do not alter or affect Your benefits.

For more information, log into your online app or call Member Services at 888-623-3195.

SECTION VIII – WHO GETS BENEFITS

You, the Policyholder to whom this Plan is issued, are covered under this Plan, subject to the applicable Premium payments, and during the grace period. You must live, work, or reside in Our Service Area to be covered under this Plan. If You are eligible for Medicare due to age, You are not eligible to purchase this Plan. Your Dependents may also be covered depending on the type of coverage You selected.

Open Enrollment Period

The open enrollment period is the period of time when eligible persons can enroll themselves and their Dependents, as determined by the Health Insurance Marketplace. Coverage begins on the date determined by the Health Insurance Marketplace and identified in this Plan if We receive the completed enrollment materials and the required Premium.

Special Enrollment Period

An eligible person and/or Dependent may also be able to enroll during a special enrollment period, as determined by the Health Insurance Marketplace.

A qualified individual has sixty (60) days to report a qualifying event directly to the Marketplace and could be granted a 60-day Special Enrollment Period as a result of one of the following events:

- A qualified individual or Dependent loses minimum essential coverage, non-calendar year group or individual health insurance coverage, pregnancy-related coverage, access to healthcare services through coverage provided to a pregnant enrollee's unborn Child, or medically needed coverage;
- A qualified individual gains a Dependent or becomes a Dependent through marriage, birth, adoption or placement for adoption, placement in foster care, or a Child support order or other court order;
 - In the case of marriage, at least one Spouse must demonstrate having minimum essential coverage as described in 26 CFR 1.5000A-1(b) for 1 or more days during the 60 days preceding the date of marriage.
- An individual, who was not previously a citizen, national, or lawfully present individual gains such status;
- An individual who is no longer incarcerated or whose incarceration is pending the disposition of charges;
- A qualified individual's enrollment or non-enrollment in a qualified health plan is unintentional, inadvertent, or erroneous and is the result of the error, misrepresentation, or inaction of an officer, employee, or agent of the Health Insurance Marketplace or HHS, or its instrumentalities as evaluated and determined by the Health Insurance Marketplace. In such cases, the Health Insurance Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation, or inaction;
- An enrollee adequately demonstrates to the Health Insurance Marketplace that the qualified health plan in which he or she is enrolled substantially violated a material provision of its contract in relation to the enrollee's decision to purchase the qualified health plan based on plan benefits, service area or Premium;
- An individual is determined newly eligible or newly ineligible for advanced Premium tax credit or has a change in eligibility for Cost-Sharing reductions, regardless of whether such individual is already enrolled in a qualified health plan;
- A qualified individual or enrollee gains access to new qualified health plans as a result of a permanent move;
- Qualifying events as defined under section 603 of the Employee Retirement Income Security Act of 1974, as amended;
 - The qualifying events for employees are:
 - Voluntary or involuntary termination of employment for reasons other than

- gross misconduct; or
 - Reduction in the number of hours of employment.
 - The qualifying events for Spouses are:
 - Voluntary or involuntary termination of the covered employee's employment for any reason other than gross misconduct;
 - Reduction in the hours worked by the covered employee;
 - Covered employee's becoming entitled to Medicare;
 - Divorce or legal separation of the covered employee; or
 - Death of the covered employee.
 - The qualifying events for Dependent Children are the same as for the Spouse with one addition:
 - Loss of Dependent Child status under the plan rules.
- An Indian, as defined by section 4 of the Indian Health Care Improvement Act, may enroll in a qualified health plan or change from one qualified health plan to another one time per month;
- A qualified individual or enrollee demonstrates to the Health Insurance Marketplace, in accordance with guidelines issued by HHS, that the individual meets other exceptional circumstances as the Health Insurance Marketplace may provide;
- A qualified individual or Dependent is a victim of domestic abuse or spousal abandonment and would like to enroll in coverage separate from the perpetrator of the abuse or abandonment;
- A qualified individual or Dependent is determined to be potentially eligible for Medicaid or Children's Health Insurance Program (CHIP), but is subsequently determined to be ineligible after the open enrollment period has ended or more than sixty (60) days after the qualifying event;
- At the option of the Health Insurance Marketplace, a qualified individual provides satisfactory documentary evidence to verify his or her eligibility for an insurance affordability program or enrollment in a qualified health plan through the Health Insurance Marketplace following termination of Health Insurance Marketplace enrollment due to a failure to verify such status within the time period specified in 45 C.F.R. § 155.315 or is under 100 percent of the federal poverty level and did not enroll in coverage while waiting for HHS to verify his or her citizenship, status as a national, or lawful presence;
- A qualified individual newly gains access to an employer sponsored individual coverage HRA or a Qualified Small Employer Health Reimbursement Arrangement (HRA);
- An individual demonstrates to the Department of Insurance that he or she did not enroll in a health benefit plan during the immediately preceding enrollment period available to the individual because he or she was misinformed that he or she was covered under minimum essential coverage;
- An individual is a member of the reserve forces of the United States military returning from active duty or a member of the Arizona National Guard returning from active duty service under Title 32 of the United States Code.

Adding New Dependents

Policyholders may enroll Dependents only as determined by the Health Insurance Marketplace.

The Policyholder must notify Health Insurance Marketplace of a new Dependent to be added to this Policy. The Effective Date of the Dependent's coverage must follow Health Insurance

Marketplace rules. Please see <https://www.healthcare.gov/coverage-outside-open-enrollment/confirm-special-enrollment-period/>. Additional Premium may also be required, and it will be calculated from the date determined by Health Insurance Marketplace.

If You are enrolled in an off-exchange Policy and apply in writing to add a Dependent Covered Person and You pay the required Premiums, We will send You written confirmation of the added Dependent Covered Person's Effective Date of coverage and ID cards for the added Dependent.

NOTE. Subject to a determination of the Health Insurance Marketplace, You or Your Spouse's eligible Child will be covered from the time of birth, adoption, regardless of the age of the Child when the Child was adopted, or the Child's placement in Your care and a certificate has been issued after the completion of an investigation conducted by the applicable agency or the person who seeks custody of the Child has filed a petition with the court pending certification until the 31st day after birth, adoption, or placement for adoption. The newborn Child will be covered from the time of its birth or placement for loss due to injury and sickness, including loss from complications of birth, premature birth, medically diagnosed congenital defect(s), and birth abnormalities.

Who Can Be Covered

- The Policyholder – You, if You are an eligible person.
- Your Spouse, under an existing marriage legally recognized under the laws of the state of Arizona.
- Your domestic partner under the terms and conditions of this Evidence of Coverage is eligible for enrollment.
- If You selected individual and Child(ren) or Family Coverage, Your Child (married or unmarried) who has not yet attained the age of 26 is eligible for enrollment. Children covered under this Plan include:
 - Your natural Children;
 - Legally adopted Children;
 - Step Children;
 - Children awarded coverage pursuant to an order of court;
 - Foster Children who are placed by an authorized placement agency or by judgment, decree, or other order of any court of competent jurisdiction;
 - An adopted Child, including a Child who is placed with You for adoption, is automatically covered for thirty-one (31) days from the date of the adopted Child's Placement for adoption or initiation of a suit of adoption and upon notification to Antidote. To continue coverage past that time You must enroll the Child as an Insured family member by applying for his or her enrollment as a Dependent within sixty (60) days of the date of adoption and pay any additional Premium. Coverage for an adopted Dependent Child enrolled within sixty (60) days of adoption will be retroactive to the date of the Child's Placement for adoption or initiation of a suit of adoption; and
 - Your own, or Your Spouse's newborn Children are automatically covered for the first thirty-one (31) days of life and upon notification to Antidote. To continue coverage past that time You must enroll the Child as an insured family member by applying for his or her enrollment as a Dependent within sixty (60) days of the date of birth and pay any additional Premium. Antidote will allow You an additional ten (10) days from the date the forms and instructions are provided in which to enroll the newly born Child. Coverage for a newborn Dependent Child

enrolled within sixty (60) days of birth will be retroactive to the date of the Child's birth.

Coverage lasts until the end of the calendar year in which the Child turns 26 years of age.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Dependent Child who is disabled will not end just because the Child has reached a certain age. We will extend the coverage for that Child beyond this age if both of the following are true:

- The Dependent Child is not able to support him/herself because of mental, developmental, or physical disability; and
- The Dependent Child depends mainly on the Policyholder for support. Coverage will continue as long as the Dependent Child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of this Policy. You must furnish Us with proof of the medical certification of disability within thirty-one (31) days of the date coverage would have ended because the Child reached age 26. Before We agree to this extension of coverage for the Child, We may require that a Physician We choose examine the Child. We will pay for that exam.

We may continue to ask You for proof that the Child continues to be disabled and Dependent. Such proof might include medical exams at Our expense. We will not ask for this information more than once a year. If You do not provide proof of the Child's disability and dependency within thirty-one (31) days of Our request as described above, coverage for that Child will end.

Specific Causes for Ineligibility

Unless described differently in the "Continuation" section, a Covered Person will become ineligible for coverage under the Plan for the following reasons:

- If Premiums are not paid according to the due dates and grace periods as described in the HOW YOUR PLAN WORKS section;
- If a Spouse is no longer married to the Covered Person;
- For You and Your Dependents – when You or Your Dependents no longer meet the requirements listed in the WHO GETS BENEFITS section;
- The date the Plan terminates; or
- When a Covered Person no longer lives in the Enrollment area.

It is Your responsibility to notify Us immediately if any changes occur which may affect You or any of Your Dependents' eligibility for benefits under this Plan.

Active-Duty Military Service

We do not cover conditions which occur while a Covered Person is participating in military service. If You become an active-duty member of any branch of military service, You must notify Us. After receiving this notification, We will issue a pro-rata refund of unearned Premium.

Domestic Partner Coverage

This Plan covers a domestic partner of the Policyholder the same as a Spouse. If You selected family coverage, Children covered under this Plan also include the Children of Your domestic

partner.

To qualify as a domestic partner, You must:

- Have a serious, committed relationship with the Covered Person;
- Be financially interdependent;
- Not be related to the Covered Person in any way that would prohibit legal marriage by state law;
- Not be legally married to anyone else;
- Not be a domestic partner of anyone else; and
- Not be in a relationship that violates state or local laws.

SECTION IX – TERMINATION

The initial term of this Evidence of Coverage commences on the Evidence of Coverage Effective Date and continues through the Benefit Period. This Evidence of Coverage shall automatically be renewed thereafter from year-to-year, unless sooner terminated by the Policyholder or Antidote as set forth below.

As permitted by law, We may end this Evidence of Coverage and/or all similar policies for the reasons explained in this Evidence of Coverage.

Your right to benefits automatically ends on the date that coverage ends, even if You are hospitalized or are otherwise receiving medical treatment on that date.

When Your coverage ends, We will still pay claims for Covered Services for health care that You received before the date Your coverage ended. However, once Your coverage ends, We will not pay claims for any health care services received after that date (even if the medical condition that is being treated occurred before the date Your coverage ended).

Unless otherwise stated, an enrolled Dependent's coverage ends on the date the Policyholder's coverage ends. We will refund any Premium paid and not earned due to Policy termination.

You may keep coverage in force by timely payment of the required Premiums, subject to the grace period, under this Policy or under any subsequent coverage You have with Us.

This Policy will renew on January 1 of each calendar year. However, We may refuse renewal if any of the following occur:

- We refuse to renew all policies issued on this form, with the same type and level of benefits, to residents of the state where You then live, as explained under The Entire Policy Ends below;
- There is fraud or intentional misrepresentation made by You or with Your knowledge in filing a claim for benefits, as explained under the section below named Fraud or Intentional Misrepresentation of a Material Fact; or
- Your eligibility would otherwise be prohibited under applicable law.

What Events End Your Coverage?

Coverage ends on the earliest of the dates specified below:

- **Non-payment of premium**

- Your coverage ends on the last day of the Grace Period if all outstanding premiums were not paid in full.
 - You have the right to appeal Our decision if You believe Your coverage was wrongfully terminated.
 - Outside Open Enrollment, You don't qualify for a Special Enrollment Period if You lose coverage due only to non-payment of premium; however, You may qualify for other reasons.
 - If Your coverage ends due to non-payment and You are not enrolled in Marketplace coverage in mid-December of that year, You are not eligible to be automatically re-enrolled for the following year.
 - When You apply and are found eligible to enroll in a Marketplace plan, You may be able to enroll in the same plan You lost if it is still available. If We have clearly described, in writing, the consequences of non-payment on future enrollment before Your loss of coverage, We may require You to pay any past-due premium amounts You owe Us for coverage in the past twelve (12) months.
 - Whether You choose a new plan or the plan You were terminated from, You must pay Your first month's premium to Us to complete Your enrollment.
- **The Entire Policy Ends**
 - Your coverage ends on the date this Policy ends. That date will be one of the following:
 - The date determined by the Health Insurance Marketplace that this Policy will terminate because the Policyholder no longer lives in the Service Area;
 - The date We specify, after We give You ninety (90) days prior written notice, that We will terminate this Policy because We will discontinue offering and refuse to renew all policies issued on this form, with the same type and level of benefits, for all residents of the state where You reside; or
 - The date We specify, after We give You and the applicable state authority at least one hundred eighty (180) days prior written notice, that We will terminate this Policy because We will discontinue offering and refuse to renew all individual policies/certificates in the individual market in the state where You reside.
- **You Are No Longer Eligible**
 - Your coverage ends on the date You are no longer eligible to be a Policyholder or an enrolled Dependent, as determined by the Health Insurance Marketplace. Please refer to Section II – DEFINITIONS for definitions of the terms "Covered Person" and "Dependent."
- **We Receive Notice to End Coverage**
 - Your coverage ends on the date determined by the Health Insurance Marketplace rules if We receive notice from the Health Insurance Marketplace instructing Us to end Your coverage. Your coverage ends on the date determined by the Health Insurance Marketplace rules if We receive notice from You instructing Us to end Your coverage.

Other Events Ending Your Coverage

When any of the following happen, We will provide written notice to the Policyholder that

coverage has ended on the date We identify in the notice.

- **Fraud or Intentional Misrepresentation of a Material Fact**

We will provide at least thirty (30) days advance required notice to the Policyholder that coverage will end on the date We identify in the notice because You committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision. If We find that You have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact, We have the right to demand that You pay back all benefits We paid to You, or paid in Your name, during the time You were incorrectly covered under the Policy.

- **You Accept Reimbursement for Premium**

You accept any direct or indirect contribution or reimbursement by or on behalf of any third party including, but not limited to, any Health Care Provider or any Health Care Provider sponsored organization for any portion of the Premium for coverage under this Policy. This prohibition does not apply to the following third parties:

- Ryan White HIV/AIDS Program under title XXVI of the Public Health Service Act.
- Indian tribes, tribal organizations or urban Indian organizations.
- Local, State and Federal Government programs, including grantees directed by government programs to make payments on their behalf consistent with the program's statutory authority.

Reinstatement

If the Plan is terminated because You didn't pay Your Premium in the time allowed, We may agree to reinstate coverage under this Plan upon Your request and Our discretion. If We do reinstate the Plan, We will only provide benefits for the period prior to termination or after reinstatement. Benefits will be suspended prior to the date of reinstatement. You and Antidote will have the same rights as existed right before the due date of the missed Premium. Additionally, this is subject to any amendments or endorsements attached to the reinstated Plan. All Premiums that We accept in connection with Your reinstatement will be applied to the period for which You haven't already paid Premium. If You or Your Dependent(s) are deployed or called to active duty in the U.S. Military, and want to be reinstated upon Your return, We will provide You with the same benefits in effect before the Plan lapsed. We won't increase Your Premium unless rate increases are applicable to all Plan holders.

Refunds after Termination

When a Covered Person's coverage is terminated any periodic payments received on account of the terminated Covered Person applicable to periods after the Effective Date of termination, less any amounts due to Antidote or Network Providers for coverage and/or Covered Services provided prior to the date of termination, shall be refunded or credited to the Covered Person. Neither Antidote nor Network Providers shall have any further liability under this Plan.

Health Status

Covered Persons enrolled under this Evidence of Coverage will not have coverage terminated

because of health status, or the need for Medically Necessary Covered Services.

Continuation

Covered Dependents have the right to continuation of Your insurance if their eligibility under this Plan would terminate due to:

- Your death,
- Divorce, and
- Age.

Coverage will continue provided that the Covered Person exercising the continuation right notifies Antidote and pays the appropriate monthly Premium within sixty (60) days following the date this Plan would otherwise terminate. If this is the case, coverage will continue without evidence of insurability. Please see the Special Enrollment Period section under the WHO GETS BENEFITS section for further detail.

Grace Period

If You do NOT receive federal health insurance subsidies (Advance Premium Tax Credits and/or Cost Sharing reduction subsidies) You shall have a thirty-one (31) day grace period in which to pay Premium after it becomes due. If payment of the appropriate Premium is not made within the thirty-one (31) day grace period, the Plan will be terminated by Us on the last day of the grace period. This grace period does not apply to Your first month's Premium payment.

If You receive federal health insurance subsidies (Advance Premium Tax Credits and/or Cost Sharing reduction subsidies), You shall have a three (3) month grace period in which to pay Premium after it becomes due. If payment of the appropriate Premium is not made within the three (3) month grace period, the Evidence of Coverage will be terminated by Us retroactive to the last day of the first month of the three (3) month grace period. This grace period does not apply to Your first month's Premium payment.

SECTION X – COST SHARING AND PAYMENT OBLIGATIONS

Eligible Expenses

Antidote provides coverage for several categories of eligible expenses, including but not limited to:

- Inpatient Hospital Expenses;
- Medical-Surgical Expenses;
- Extended Care Expenses;
- Preventive Care Expenses; and
- Prescription Drug Expenses.

Your benefits are calculated on a Plan Year Benefit Period basis unless otherwise stated. At the end of a Plan Year, a new Benefit Period starts for each Covered Person.

Allowed Amount

The Allowed Amount is the maximum amount of benefits We will pay for Covered Services

expenses You incur under an Antidote Plan. Antidote has established an Allowed Amount for Medically Necessary services, supplies, and procedures provided by Providers that have contracted with Antidote. You will also be responsible for charges for services, supplies, and procedures limited or not covered under an Antidote Plan, Deductibles, any applicable Coinsurance amounts and Copayment amounts.

Review the definition of Allowed Amount in the DEFINITIONS section of this Plan to understand the guidelines used by Antidote.

Deductibles

Except where stated otherwise, You must pay the Deductible for Covered Services during each calendar year before we'll provide payment.

If You have something other than individual coverage, the individual Deductible applies to each person covered under this Plan. Once a person within a family meets the individual Deductible, no further Deductible is required for the person that has met the individual Deductible for that Plan Year. However, after Deductible payments for persons covered under this Plan collectively total the family Deductible amount in Your Schedule of Benefits in a Plan Year, no further Deductible will be required for any person covered under this Plan for that Plan Year.

The Deductible runs from January 1 to December 31 of each calendar year.

Copayment Amounts

Some of the care and treatment You receive under an Antidote Plan will require that a Copayment amount be paid at the time You receive the services. Refer to Your Schedule of Benefits for Your specific Plan information. Your Schedule of Benefits will indicate the basis of which a Copayment amount is calculated. It may be per visit, per day, per service, or any combination thereof.

Coinsurance Amounts

Some of the care and treatment You receive under an Antidote Plan will require that a Coinsurance amount be paid at the time You receive the services. Refer to Your Schedule of Benefits for Your specific Coinsurance information.

Except where stated otherwise, after You have satisfied the Deductible described above, You are required to pay a percentage of the Allowed Amount for Covered Services. We will pay the remaining percentage of the Allowed Amount of Your benefit as shown in Your Schedule of Benefits.

Maximum Out of Pocket

Most of Your Covered Services expense payment obligations, including Deductibles, Copayment amounts, and Coinsurance amounts, are applied to the Maximum Out of Pocket.

Your Maximum Out of Pocket amount will not include:

- Cost-sharing for Out-of-Network services, except for Emergency Services and for ancillary services or Diagnostic Services that are provided at an In-Network Hospital, In-Network Hospital Outpatient department, or In-Network Ambulatory Surgical Center;
- Services, supplies, or charges limited or excluded by Us;
- Expenses not covered because a Benefit Period Maximum has been reached; and

Family Maximum Out-of-Pocket

The Covered Service expenses that cover Covered Persons in a Family Unit, except as described below, are counted towards the Family Maximum Out-of-Pocket. The amount of the Maximum Out-of-Pocket is listed in the Schedule of Benefits and is two times the Individual Maximum Out-of-Pocket Amount. When the Family Maximum Out-of-Pocket is reached for a Family in a Year, Covered Service expenses for that Family, except as described below, are payable at 100% for the remainder of the Plan Year by Antidote. The following are not counted toward the Individual or Family Maximum Out-of-Pocket and will not be paid at 100% once the Maximum Out-of-Pocket is met. They will be subject to the Copayment, Coinsurance and/or Deductible as shown in the Schedule of Benefits:

- Any percentage of Covered Service expenses that a Covered Person must pay due to failure to follow any requirements of Prior Authorization.

Limitations and exclusions. Refer to Your Schedule of Benefits for Coinsurance percentage and other limitations. The amount payable will be subject to:

- Any specific benefit limits stated in the contract;
- A determination of Covered Service expenses;
- Any reduction for expenses incurred at an Out-of-Network Provider. Please refer to the information on the Schedule of Benefits; and
- With the exception of copays, coinsurance and deductible amounts, You are not responsible for any additional expenses, fees, taxes or surcharges. If You have any questions about whether the amounts billed by a Provider are accurate, contact Antidote's Member Services Department at 888-623-3195 and a representative will assist You.

Payment of Premiums

Payment of monthly Premiums for coverage under this Plan shall be made by You. Premiums shall be remitted on a monthly basis to Antidote within the specified time frames set forth in this Plan. Only a Covered Person for whom the Premium is actually received by Us, who has met all other applicable provisions of this Plan, and who has been accepted by Us, shall be entitled to coverage under this Plan and only for the month for which such Premium is received except with respect to newborn Child coverage, which is automatically provided under this Plan for the first thirty-one (31) days.

We will also accept Premium payments from the following third parties:

- Ryan White HIV/AIDS Program under title XXVI of the Public Health Service Act;
- Indian tribes, tribal organizations, or urban Indian organizations; and
- Local, state, and federal government programs, including grantees directed by government programs to make payments on their behalf consistent with the program's statutory authority. Each Premium is to be paid by you, or a third party identified above, without contribution or reimbursement by or on behalf of any other third party including, but not limited to, any Health Care Provider or any Health Care Provider sponsored organization.

Adjustment of Premiums

The monthly Premiums shall be effective until notification of adjustment to Premiums is provided by Us to You. Antidote will notify You at the last address known to Us, of any adjustment to

Premiums, not less than sixty (60) days prior to the Effective Date of such rate change, or as permitted by law. Premium changes are subject to review and approval by the Arizona Department of Insurance and Financial Institutions.

Misrepresentation Regarding Tobacco Use

If a Covered Person makes an intentional misrepresentation of a material fact regarding the use of tobacco on the Policyholder Application and is later found to be using tobacco, the misrepresentation may result in You being charged the rate applicable if the tobacco use had been disclosed at the beginning of the Evidence of Coverage Enrollment Date. We reserve the right to retroactively bill You for the difference in Premium. We will not terminate Your Plan for misrepresentation of tobacco use.

SECTION XI – PRIOR AUTHORIZATION

Prior Authorization

Some services and items require Prior Authorization. Prior Authorization is the process used by Us to determine whether health care services listed on Our Prior Authorization Grid meet evidence-based criteria for Medical Necessity and coverage requirements and are Covered Services under Your Plan prior to the health care service being rendered. It is the responsibility of your Network Provider to obtain Prior Authorization. Please check with Your Network Provider to ensure that Your Network Provider has obtained Prior Authorization before You receive any health care services listed on the Prior Authorization Grid. The Prior Authorization Grid is available by calling Member Services at 888-623-3195 Monday through Friday 8:00 a.m. to 8:00 p.m. or by viewing it in the Member section on Our website at <https://www.antidotehealth.com/plandocs>. Except for Emergency Services, services provided by a non-Network Provider are considered non-Covered Services.

1. There are some Network eligible services expenses for which You must obtain Prior Authorization. For services or supplies that require Prior Authorization, as shown on the Prior ANT-EOC-2025-OH 79 v.2 Authorization Grid, You must obtain authorization from Us before You or Your Dependent Covered Person receives a service or supply from an Out-of-Network Provider;
2. Are admitted into a Network Facility by an Out-of-Network Provider; or
3. Receive a service or supply from a Network Provider to which You or Your Dependent Covered Person were referred by an Out-of-Network Provider.

Decision and Notification Timeframes

Request Type	Determination Timeframe	Notification Timeframe	If more information is needed
Urgent Pre-Service	48 hours from receipt of the request	Approvals and denials shall be issued within 48 hours of electronic receipt of an urgent request	Antidote will request the information within 24 hours of receipt of the request and provide 48 hours for it to be submitted. Antidote will notify the Covered Person within 48 hours of receipt of the requested information or within the 48-hour period allowed for submission.
Non-Urgent Pre-Service	10 calendar days from receipt of the request	Approvals and denials will be issued within 10 calendar days of receipt of a non-urgent request	Antidote will request the information within 10 calendar days of receipt of the request and provide 45 days for it to be submitted. Antidote will notify the Covered Person within 10 calendar days of receipt of the request or by the end of the 45-day period allowed for submission.

Request Type	Determination Timeframe	Notification Timeframe	If more information is needed
Urgent Concurrent Review	1 business day from receipt of all necessary information or 72 hours from receipt of the request (whichever is shorter)	<p>For approvals: by fax (with additional phone notification optional) within 1 business day of making the determination or in writing or electronically within 72 hours of receipt of the request (whichever is shorter)</p> <p>For denials: to the Provider by phone or fax within 1 business day of making the determination; in writing or electronically to the Covered Person and Provider within 1 business day of the phone notification or 72 hours (or 48 hours if submitted electronically) from receipt of the request (whichever is shorter)</p>	N/A

Request Type	Determination Timeframe	Notification Timeframe	If more information is needed
Non-Urgent Concurrent Review	1 business day from receipt of all necessary information or if submitted electronically 10 calendar days from receipt of the request (whichever is shorter)	<p>For approvals: by fax (with additional phone notification optional) within 1 business day of making the determination (if submitted electronically, within 10 calendar days of receipt of request if shorter)</p> <p>For denials: to the Provider by phone or fax within 1 business day of making the determination; in writing or electronically within 1 business day of the phone notification (if submitted electronically, within 10 calendar days of receipt of the request if shorter)</p>	Antidote will request the information within 1 business day of receipt of the request and allow 45 days for it to be submitted. Antidote will provide notification of the determination within 10 calendar days of receipt of the requested information or of the end of the 45- day period.
Retrospective Review	30 calendar days from the receipt of the request or 30 business days from receipt of all necessary information (whichever is shorter)	<p>For approvals: in writing within 30 calendar days from receipt of the request or 30 business days from receipt of all necessary information (whichever is shorter)</p> <p>For denials: in writing within 5 business days of the determination or 30 calendar days from receipt of the request (whichever is shorter)</p>	Antidote will request the information within 30 calendar days of receipt of the request and allow 45 calendar days for it to be submitted. The notification of determination will be provided within 30 business days of receipt of the information or by the end of the 45-day period allowed for submission.

phone/efax/Provider portal as follows:

- At least five (5) days prior to an elective or scheduled admission as an Inpatient in a Hospital, extended care or rehabilitation Facility, or Hospice Facility or as soon as reasonably possible.
- At least thirty (30) days prior to the initial evaluation for organ transplant services or as soon as reasonably possible.
- At least thirty (30) days prior to receiving clinical trial services or as soon as reasonably possible.
- Within twenty-four (24) hours of any Inpatient admission, including emergent Inpatient admissions.
- At least five (5) days prior to the start of home health care except for Covered Persons needing home health care after Hospital discharge.

Reconsideration of Adverse Benefit Determination

For Adverse Benefit Determinations related to concurrent service requests or pre-service requests, Your Provider or Facility rendering the Covered Service may request, in writing on Your behalf, a reconsideration of the Adverse Benefit Determination. The Provider or Facility may not request reconsideration without Your prior written consent. See Section XIII – APPEALS AND COMPLAINT PROCEDURES.

SECTION XII – CLAIMS AND REIMBURSEMENT

Claims

Your In-Network Provider is responsible for requesting payment from Us.

When an In-Network Provider is not timely accessible or available, You may obtain a network exception by calling Member Services.

Sometimes You may need to submit claims Yourself for Covered Services especially in those instances in which You require Emergency Services, and You are outside the Service Area. If You have paid for services We agreed to cover, You can request reimbursement for the amount You paid. We can adjust Your Deductible, Copayment or Cost-Sharing to reimburse You.

To request reimbursement for a Covered Service, You need a copy of the itemized bill or itemized statement from Your Provider. You also need to submit an explanation of why You paid for the Covered Services along with the Direct Member Reimbursement Form posted at <https://www.antidotehealth.com/forms>. Send all the documentation to Us at the following address:

PO Box 39638

Solon, OH 44139

Reimbursement will be made only for Covered Services received in accordance with the provisions of this Plan. In the event You are required to make payment other than a required Copayment, Deductible or Coinsurance amount at the time Covered Services are rendered, We will ask that Your Provider reimburse You, or We will reimburse You.

Explanation of Benefits

After You receive Covered Services, You will generally receive a written explanation of benefits summarizing the benefits You receive. This explanation of benefits is not a bill for health care services.

SECTION XIII – APPEALS AND COMPLAINT PROCEDURES

Call Member Services

Please contact Our Member Services team at the toll-free number on Your ID card if You have questions about Your benefits or any concerns. We will attempt to resolve Your question or concern during initial contact.

You have received the AZ Health Care Insurer Appeals Process Information Packet as a separate document that accompanied your EOC. Please refer to that Packet for your specific appeals and complaint rights.

SECTION XIV – GENERAL PROVISIONS

Assignment: You cannot assign any benefits under this Plan to any person, corporation, or other organization without obtaining written permission from the Plan. Assignment means the transfer to another person or to an organization of Your right to the services provided under this Plan or Your right to collect money from Us for those services.

Changes in this Plan: This EOC may be amended. In the event that We make a material modification to this EOC other than during the renewal or reissuance of coverage, We will provide notice of the material modification to You no later than sixty (60) calendar days prior to the date on which the material modification will become effective.

Choice of Law: This Plan shall be governed by the laws of the state of Arizona.

Clerical Errors: If a clerical error or other mistake occurs, that error will not deprive You of benefits under this Plan, nor will it create a right to benefits.

Conformity with State Laws: Any part of this contract in conflict with the laws of Arizona on this contract's Effective Date or on any Premium due date is changed to conform to the minimum requirements of Arizona state law.

Coverage Effective Date: Coverage takes effect on the Effective Date shown on the cover page. Coverage will remain in force until the first Premium due date, and for such further periods for which Premium payment is received by Us when due. Coverage will begin at 12:01 a.m. and end at 12:00 midnight in the time zone where You live.

Entire Contract: This contract, with the application, amendments, and Schedule of Benefits is the entire contract between You and Us. No agent may:

- Change this contract;

- Waive any of the provisions of this contract;
- Extend the time for payment of Premiums; or
- Waive any of Our rights or requirements.

Fraud Notice: Any person who, with intent to defraud or knowing that he is facilitating a fraud against an insurer, submits an application, or files a claim containing false or deceptive statement is guilty of insurance fraud.

Identification (ID) Cards: Identification (“ID”) cards are issued by Us for identification purposes only. Possession of any ID card confers no right to services or benefits under this Policy. To be entitled to such services or benefits, Your Premiums must be paid in full at the time the services are sought to be received.

Rescission: No misrepresentation of fact made regarding a Covered Person during the application process that relates to insurability will be used to void/rescind the coverage or deny a claim unless:

- The misrepresented fact is contained in a written application, including amendments, signed by a Covered Person;
- A copy of the application, and any amendments, has been furnished to the Covered Person(s), or to their beneficiary; and
- The misrepresentation of fact was intentionally made and material to Our determination to issue coverage to any Covered Person. A Covered Person's coverage will be voided/rescinded and claims denied if that person performs an act or practice that constitutes fraud. “Rescind” has a retroactive effect and means the coverage was never in effect.

The Covered Person will be provided at least thirty (30) calendar days’ notice before rescinding coverage.

Severability: In the event that any provision of this EOC is declared legally invalid by a court of law, such provision will be severable and all other provisions of the EOC will remain in full force and effect.

Statement of Non-Discrimination

Antidote complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Antidote does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Antidote:

- Provides free aids and services to people with disabilities to communicate effectively with Us, such as:
 - Qualified sign language interpreters; and
 - Written information in other formats (large print, audio, accessible electronic formats, other formats).
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters; and
 - Information written in other languages.

If You need these services, contact Antidote at the toll-free number on Your ID card.

If You believe that Antidote has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, You can file a grievance with:

Antidote

Attn: Member Services, Antidote Health Plan

PO Box 39638

Solon, OH 44139

or by calling the toll-free number on Your ID card, or faxing 347-296-3528.

You can file a grievance by mail, fax, or email. If You need help filing a grievance, Antidote is available to help You.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, 1-800-368-1019, 800-537-7697 (TDD).

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.
