ANTIDOTE

Preventive Medications at **$0**

These medications help you stay healthy or avoid a health problem. The Affordable Care Act (ACA) requires plans to cover them at $0. You pay $0 with a prescription from any provider, even for over-the-counter items. You must fill at an in-network pharmacy.

HIV Prevention (PrEP)

People at higher risk of HIV who do not have it.

- ✓ Emtricitabine/tenofovir (generic Truvada)
- ✓ Descovy
- ✓ Apretude

Some PrEP injections and related tests are covered through your medical benefit. Call Member Services if you need help finding where to get them.

Colon Cancer Screening Prep

Adults 45 to 75 having a preventive colonoscopy

- ✓ Bisacodyl EC tablet
- ✓ Magnesium citrate solution
- ✓ PEG-3350 with electrolytes (Gavilyte-C, Gavilyte-G, Gavilyte-N, Trilyte)

Limit of two $0 fills per year.

Cholesterol (Statins)

Adults ages 40–75 who have certain risk factors for heart disease but have not been diagnosed with heart disease

- ✓ Atorvastatin 10 and 20 mg
- ✓ Fluvastatin ER 20, 40 and 80 mg
- ✓ Lovastatin 10, 20 and 40 mg
- ✓ Pravastatin 10, 20, 40 and 80 mg
- ✓ Rosuvastatin 5 and 10 mg
- ✓ Simvastatin 5, 10, 20 and 40 mg

Pregnancy And Family

- ✓ Aspirin 81 mg. For pregnant women at high risk of preeclampsia (high blood pressure during pregnancy)
- ✓ Folic acid 400 and 800 mcg, and prenatal vitamins with 400 to 800 mcg of folic acid. For people who are or may become pregnant.
- ✓ Fluoride chewable tablets and drops. Single-ingredient products only, for children whose water source is low in fluoride.

Vaccines

Ages and limits vary

- ✓ Recommended routine vaccines, including flu, COVID-19, hepatitis A and B, HPV, MMR, meningococcal, pneumococcal, RSV, Tdap and Td, chickenpox and shingles
- ✓ Recommended vaccines may be available for $0 based on your age and health needs. Some are covered through your medical benefit instead of your pharmacy benefit

Breast Cancer Prevention

35 and older at higher risk who have not had breast cancer
