Publication Type (Select the appropriate publication type for your work.)*

☒ Open Access ☐ Subscription

Open Access refers to the practice of making your research freely available to the public without any subscription barriers. Choosing Open Access facilitates broader dissemination and enhances the accessibility of your work

APC Type*

SI APC (USD)

☒ Special Issue ☐ Gold

☐ Green

Opting for Special Issues allows you to highlight your research in a focused thematic context. Specialized editorial attention, increased visibility, and dedicated promotional efforts are provided. Please note that an Article Processing Charge (APC) is associated with this option to cover the additional resources and efforts involved in managing and promoting special issues.
